BURDEN OF TAX WILL REMAIN UNTIL DEMOCRATS RETIRE

Congressman Kreider Recalls One Prediction and Makes Another

REPUBLICAN CLUB RALLY So Many Members Present That All Could Not Find Seats

Recalling that before a meeting of the Republican State committee in Harrisburg last spring he had predicted before the end of the year the Democratic party would be either issuing bonds or levying special taxes to cover the deficit in the national treasury he then saw impending, Congressman Aaron S. Kreider, in a strong speech before the Harrisburg Republican club last evening, again predicted that as long as the Democratic party remains in power and the Underwood tariff law is allowed to stand as it is now, so long will it be necessary to levy a special tax on the individual to make up the losses that it is entailing on the government and the nation. Congressman Kreider came here from Washington as the guest of honor at the club rally, the largest held in many years, and after his address motored over to Hummelstown, where about half the population had turned out to attend a big Republican mass meeting. Congress Should Adjourn "The greatest service the present Congress could render the country would be to repeal about \$7,000,000 of extravagant and unnecessary appropriations which the Democrats have passed and then adjourn," continued Mr. Kreider. "If Congress would do this there would be no need at present for the so-called 'war tax' measure. But the income of the government is sure to be lower next year than it was this and the balance of

RADICAL CHANGES IN CLARK ACT WILL BE URGED ON ASSEMBLY

Amendment Will Permit Harrisburg to Provide Municipal Boathouse

CIVIL SERVICE FOR POLICE Change Tenure of Office; License Professional Men; Re-draught Referendum

Harrisburg need not bother about the necessary legal authority to build, maintain and operate municipal boat and bath houses if the Legislature permits one of a number of important amendments to the Clark act suggested yesterday by the special committee of the Pennsylvania Third Class city league. The incorporation of the municipal boathouse provision will mean much to Harrisburg. With the possibility of a completed water front by next Spring the question of proper boathouse facilities is already attracting attention throughout the city. The settling of the legal question would be an important step in inaugurating a campaign for the purpose, it is figured as under the proposed Stern amendment Harrisburg could provide for the erection, maintenance and operation of a municipal boathouse in its next budget. In addition to the boat and bath-house provisions here are a few of the other very radical changes adopted for presentation to the assembly at its session in January:

The Revisions Civil service for police and fire departments. Changing of tenure of councilmen from two to four years with the proviso that at the next election, the two candidates receiving the highest vote, serve for four years, that every two years thereafter two members shall be

Allies Holding Their Lines Intact Despite Onslaughts of Germans

Northern France and Coast of Belgium Are Still Fields of Most Important Fighting; Developments Are Reported as Being Against Invading Forces; Important Engagements Are Being Fought at Many Points Without Decisive Results

Northern France and the coast of Belgium still are the fields where the most important fighting in the western arena of the war continues with the utmost stubbornness, but as yet without decisive results. The French war office announces that the allied lines are holding in spite of the furious onslaughts of the enemy, while news dispatches from London asserts that developments generally are against the invaders. Berlin, however, has not been heard from on this subject since yesterday. Lacking a German report as to the progress of the prolonged engagements in this territory, the situation is being reported only from the side of the allies. The German announcement of yesterday said that in the fighting west of Lille German troops, taking the offensive, had repulsed the enemy at several points. British warships have played an important part in these operations and there are indications that their activities are not yet at an end. The fighting is going on night and day and the allies are said to be approaching close to the German positions before Lille. No confirmation of the reported evacuation of Ostend has been received. German garrison at Antwerp is said to have been reduced and a German column of reinforcements with two of the famous 16-inch guns is reported as having passed through Antwerp on its way to Bruges. Outside of Belgium the fields of battle are numerous, Picardy, Champagne, the Argonne, the Woevre, Lorraine, the Vosges and Alsace being referred to as localities where fighting is taking place. In several of these districts the French claim officially to have repulsed German attacks which they described as not so severe as in the Belgian field. The French say also that they have made progress in the Argonne and the Woevre territory. GERMAN HEADQUARTERS DESTROYED A house sheltering the headquarters of the German staff at Slype, on the Belgian coast, has been destroyed by shell fire from British warships, according to a news dispatch received in London from Dunkirk. The latest German casualty list gives the names of about 11,500 men killed, wounded and missing. In the eastern arena of the war both sides claim progress but not in the same localities. Paris says officially that the Russians in the vicinity of Warsaw have driven the enemy back eight miles and the Petrograd war office declares that Russian troops have saved Warsaw from a German bombardment. There has been hand to hand fighting in the vicinity of Blonie and Prouskhoff, in Russian Poland. The fighting south of Przemysl, according to this same authority, has been going on for six days with heavy losses on the part of the Austrians. A news dispatch from Warsaw says numerous parties of German prisoners, one of which included a German general, are constantly being brought into that city. An official statement given out in Vienna says that Austrian forces have gained ground a several points in Galicia and that the Russian counter attacks have not been successful. Austrian troops have captured the heights north of Nizankowice and they have taken possession also of the last pass held by Russians in the Carpathians. There are now no Russians in Hungary, according to the Vienna statement. The German government has summoned the Reichstag to convene early in December to discuss the war situation, and according to advices from Berlin the Prussian Diet is in session to-day and will authorize a loan of \$375,000,000. The Krupp works are said to be reconstructing for the use of the German army some 500 pieces of artillery captured by the Germans from their enemies. The native chief of Kamerun, the German colony in Equatorial Africa has been executed because he attempted to lead the natives in a rebellious movement against the German authorities. This news comes to London from The Hague. A news dispatch from Oporto, Portugal, says telegraphic communication with Lisbon has been interrupted. A revolutionary outbreak occurred in Portugal yesterday but was promptly put down, according to official announcement of the Portuguese authorities. A dispatch from Tokio says Japanese squadron is seeking German warships in the neighborhood of Hawaii, and that the German governor of Jaluit island, has reached Tokio on his way back to Germany.

TO PROSECUTE MEN WHO THROW DEBRIS OVER RIVER BANK

Work on Slope Treatment; Construct Depressed Walk; Plant Trees Next Month

City Commissioner Taylor, head of the Department of Parks and Playgrounds, stated to-day that immediate prosecution would be commenced in all cases of the violation of the regulation restricting the throwing of debris over the river slope. Within a few days a force of his department cleaned up the bank with a view to filling out the low places and this morning a large quantity of tree-tops and branches were thrown over the slope in the vicinity of Harris street. He will place an officer or two to watch this particular violation and arrests will follow. Work will be started in a day or two on the treatment of the slope wherever possible. In view of the fact that the concrete work has been finished on that section between "Hardscrabble" and Maclay street, the construction of a depressed walk will go forward. It is somewhat doubtful now whether any of the dirt from the long haul. There is great disappointment as a result owing to the fact that filling material is so hard to procure. City Commissioner Taylor withdrew his offer to the Stucker Brothers Construction Company yesterday.

Planting of Trees As Arbor Day falls somewhat earlier this year, it is the intention of the Park Department to postpone the planting of a large number of trees throughout the park system until next month. Commissioners Taylor stated this morning that a considerable number of elm trees and other suitable varieties were ready to be transferred to the park along the river and elsewhere throughout the system. He will also have old stumps in the neighborhood of Pine street removed so that that section of the park can be put in order.

What Kind of Advertising Is Best? The kind that will sell YOUR goods and add to your reputation. The kind that makes sales and makes character. The kind that individualizes your "product" and "your business" that brings its personality before the public. The kind that is "truthful," "square," and "interesting." What is the best medium? The daily newspaper, because it holds its franchise from the people, is read by the people, and has the confidence of its readers. Manufacturers who want to know the best way to reach the public are invited to address the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

The Washingtonian Razzle-Dazzle

[From the Philadelphia Bulletin.] A LARGE portion of the Washington party in Pennsylvania has flatly refused to have anything to do with the sort of half-breed fusion for delivering the party to Vance McCormick as the Democratic candidate for Governor, and it looks as if the Flinn end of the concern were having a pretty rough time of it in the breakers.

At the same time the Gifford Pinchot branch of the campaign, outside of the liquor issue, does not appear to be making any more headway than it did a month ago. The prevailing trouble about it is that the average Pennsylvania has little of a disposition to take Gifford himself very seriously. What with the quarrels over Flinn, the gagging over the fusion with McCormick, and the failure of Pinchot as a leader on his own hook, the Washington party seems to be rapidly losing the extraordinary position it had among the electors of Pennsylvania in 1912.

Much is expected of Colonel Roosevelt, now that he will soon make his reappearance in the State as the linch-pin of the Washingtonians that still hold together. But if the rest of his speeches shall not stir the public mind more vigorously than the one he made in Philadelphia a few weeks ago, even the name of Teddy the Terrible will fail to restore their lost pep.

DISCHARGED EMPLOYE ATTEMPTS TO SHOOT NEW YORK OFFICIAL

Spectators Overpower Man After Several Minutes and Relieve Him of Revolver

New York, Oct. 22.—An attempt to assassinate Richard C. Harrison, first deputy commissioner of the Department of Docks and Ferries, as he was about to enter his office this morning was frustrated by the quick action of spectators who overpowered Mr. Harrison's assailant and after a fight lasting several minutes took away a pistol. The assailant was supposed to be John O'Connor, a discharged employe. He was locked up.

York Postal Employee Tells Truth; Loses Job

York, Pa., Oct. 22.—A remark that "although the tariff on leather had been reduced, shoes were not any cheaper," it is said has cost J. Elmer Evans, a rural free delivery carrier, his job. Evans is a Republican. The information upon which he was dismissed was furnished by A. E. Patterson, a Democratic aspirant for the postmastership at Stewartstown. Evans was removed without being given any opportunity to be heard, and in spite of the fact that every patron of his route had signed a petition asking that he be retained.

MRS. CARMAN MAY TAKE WITNESS STAND LATE THIS AFTERNOON

Woman Accused of Murdering Mrs. Bailey Sits With Mother at Counsel Table

Minneapolis, Oct. 22.—Mrs. Florence Conklin Carman, on trial as the slayer of Mrs. Louise Bailey entered the tiny court room in the Nassau county courthouse here on this the fourth day of her trial, expecting to take the stand late this afternoon as her own chief witness. Presentation of the State's case was concluded to-day. Frank Farrell, who testified yesterday afternoon he had seen a woman running from the window through which the shot was fired around the Carman house to the rear, was recalled to the stand for a continuation of his cross-examination when court convened this morning. As on preceding days the court room was crowded with women, Elizabeth Carman, the 12-year-old daughter of the defendant was permitted to sit with her mother at the counsel table. John J. Graham, Mrs. Carman's lawyer questioned Farrell closely about his movements on the day of the murder. The story related by the witness was practically the same as that given on direct examination. After an hour and a quarter's cross-examination, Farrell was excused and the State announced that it rested its case. George M. Levy, of Mrs. Carman's counsel, then began his opening address. "We will prove," said Mr. Levy, "that this crime was not committed by Mrs. Carman but by a man whose motive we do not know."

REPUBLICAN TICKET AND JUDGE KUNKEL ENDORSED BY BAPTISTS

Brumbaugh and Penrose, along with the entire Republican ticket were unanimously endorsed this afternoon by the Colored Baptists of Pennsylvania in session in the St. Paul's Baptist Church, this city. Judge George Kunkel, candidate for the Supreme Court, was also unanimously endorsed by the convention. The convention includes delegates from a hundred churches throughout Pennsylvania, representing probably the strongest negro religious organization in this State. The unanimous endorsement of the Republican candidates followed an address by S. J. Jones, of Philadelphia, president of the Afro-American League of Pennsylvania. Mr. Jones declared that the Republican ticket will get at least 80,000 negro votes in November. He then proposed the endorsement of all the Republican candidates. Following some discussion on the part of the convention delegates, the question was put and unanimously carried viva voce. Not a man voted nay.
