BRUMBAUGH MET BY SCHUYLKILL CHEERS
Men of All Parties Unite to Give an Ovation to Republican Gubernatorial Man

Schuykill county, one of the strongholds of the Roosevelt men in 1912 and a county with a big Democratic vote in ordinary times, lined up for Dr. Martin G. Brumbaugh in a series of remarkable rallies yesterday and last night. The meeting at the county seat was one of the most remarkable in years and Dr. Brumbaugh was greeted by men of every party. Many Bull Moosesters told him they would not stand up for McCormick and Democrats professed their support because of the bossism in their party.

John W. Reese, a Roosevelt elector in 1912, was one of the men who denounced the McCormick dicker. Judge Koch presided at the meeting and Dr. Brumbaugh was given an ovation in which Henry Houck and other speakers shared. In his speech the doctor said: "I do not want the honor of this office. I do not want the patronage. I simply want to serve the State I love and help to work another page in her splendid history. Do not be blinded, however, to the fact that conspirators are seeking to get hold of this fat patronage in order to build up a great unscrupulous Democratic machine in Republican Pennsylvania." "If you want," continued Dr. Brumbaugh, "a political administration of affairs in Harrisburg in which somebody somewhere in subtle and devious ways can suggest to your Executive what he should do, or shall not do, you don't want to vote for me for Governor, because you won't get it from me. "If you want this State administered like a clean business is run, straight from the shoulder, on the basis of integrity and efficiency, demanding of every man in office that he make good or get out, then you and I can begin to confer about the matter. "If to that you are willing to add that the men who serve you in public office shall not only serve you with business ability and capacity, but shall have a definite quality of the highest ideals of the best people of this Commonwealth, men of character and of courage, if you want that added to the other quality of business capacity, then I want your support, for that is what you will get from me. "I wish also to assure you that I stand absolutely committed to every

form of legislation which will increase the safety of our people at work, men, women and children. "Surely the Commonwealth owes it to its most valuable asset, namely, its working people, to give them every protection which human ingenuity can devise so that as they toil they may be safe and secure. "I am also in favor of a Compensation act, which, when unforeseen accidents occur, will safeguard the welfare of the family of the injured workman. And I have also throughout the Commonwealth strongly urged what the last Legislature should have enacted, and what I pledge you the next Legislature will be urged to enact, namely, an Employers' Liability act. "In these great mining territories, for years as a member of the State board of Education, I have been concerned with the problem of protecting the surface of the earth from cave-ins, which jeopardize the homes of the people. Whoever can bring to the Legislature a fair and just law which will protect the homes of the people from cave-ins, I will welcome, and assist in securing the enactments of a law to protect the property of the people affected by the mining operations of the Commonwealth."

MAIL CARRIERS STRIKE
By Associated Press
London, Oct. 22, 3:50 A. M.—The correspondent of the Daily Mail who has returned from Brussels gives new details of the life there. He says: "A fortnight ago hundreds of Belgian postal clerks struck, declining work longer with the Germans. On the same day all the post boxes were placarded with a German poster telling the people to call for their letters. Hundreds of Germans have been imported to take the place of the strikers."

Five Men Arrested For Robbing Hotel
Indianapolis, Ind., Oct. 22.—Five men wanted for the robbery of a hotel in Terre Haute, Ind., of \$1,435 in cash and two watches, were arrested here early to-day after making the trip from Terre Haute in a high power automobile. The robbers who wore masks, according to a dispatch from Terre Haute, entered the hotel shortly after 3.30 o'clock this morning. The bound Edward Broadhurst and H. B. Lackey, proprietor, and four patrons of the hotel pool room, then after obtaining the money, \$400 of which was in silver, escaped in an automobile. The Terre Haute police traced the men to Brazil, Ind., and then notified the Indianapolis police. The emergency automobile of the local police department loaded with detectives was sent to the edge of the city to meet the robbers. They were captured without trouble and it was said all the money and the two watches were recovered. Officers were expected from Terre Haute to-day to return the prisoners to that city.

Further News From Lille Expected During Day
Paris, Oct. 22, 7:01 A. M.—Further news from Lille toward which the French and English have been advancing slowly was expected during the day. The sudden resumption of activity by the Germans at points where they were not expected has caused a discussion of the object of these efforts. For instance, east of the Argonne where the enemy has been silent a sufficiently long time a sudden rush was made on quarters which is perched on a mountain peak. Also questioned is the purpose of the new attempt in

Healthy, Wrinkle-Free Skin Easy to Have

A dull, drab, muddy complexion, or over-red, blotchy, pimply or freckled skin, can be a quite simple, harmless and inexpensive method, be changed to one of flower-like radiance and purity. One ounce of common mercerized wax sold by druggists generally, will remove the most unsightly complexion in from one to two weeks. By its remarkable absorptive power, the wax erases faded or discolored layer of the skin which hides the beautiful skin underneath. It gradually peels off in tiny, almost invisible particles. This is done so gently there is no inconvenience, and no trace is left on the skin except that of enhanced beauty. The wax is smeared on like cold cream before retiring, and removed in the morning with warm water. If the skin be wrinkled or saggy, a face bath made by dissolving 1 oz. powdered saxolite in 1 pt. witch hazel will be found most effective. Combining both a stringent and tonic properties, this tightens the skin and builds up its supporting muscles.—Advertisement.
