

CHESTER MILLMEN ARE FOR PENROSE

Have Suffered Under the Palmer Metal Schedule and Will Vote For Prosperity

AL. HUSTON ON PLATFORM

Head of Steel Plant Takes Stand—Senator Sets Forth the Issues of Campaign

Senator Boies Penrose was greeted by thousands in the iron and steel towns of Chester county, where the blight of the Palmer metal schedule has fallen, and day men conversant with Chester politics predicted he would carry the county.

From the hour of his arrival at Parkersburg in the morning until nearly midnight, at Coatesville, Senator Penrose was engaged in speaking or shaking hands with the voters. He was accompanied by Mayor Frank B. McClain, of Lancaster, nominee for Lieutenant-Governor. At the plant of the Parkersburg Iron and Steel Company there was a reception attended by hundreds of citizens, who gave the visitors an enthusiastic greeting. At a luncheon given in his honor by Horace Beale, head of the plant, the senator met thirty businessmen. Later he went through the mill and personally greeted the employees. Like the other industries of this section, the plant is being operated on only part time scores of men expressing disgust over the Democratic Administration. A theater, where the mass meeting was held in the afternoon, was packed, many citizens standing.

In addition to Senator Penrose, the speakers were Mayor McClain and ex-District Attorney Robert Gawthrop.

Senator Penrose's popularity with the crowd was indicated by the outbursts that followed complimentary references to him. When Mr. Gawthrop declared that Penrose would lead the "kicks" with an old-time Republican majority there was a cheer for the senator. The most striking demonstration came, however, when Mayor McClain denounced the campaign of abuse against Senator Penrose.

Wants No Freshman

"Pennsylvania wants no freshman for sophomore in the legislative science to represent her in the United States Senate at this time," said Mayor McClain. "This State needs in that body a man of wide experience, not a dreamer, but a man who can do things, a man who has done things. It has a man of that kind there today, the Hon. Boies Penrose, who for eighteen years has effectively and consistently championed Pennsylvania's interests in the Senate. Elect him by an overwhelming majority, thereby repudiating the attacks upon the chief of those whose only object in slandering him has been to promote their own selfish purposes or gratify their own petty spite."

The crowd listened attentively as Senator Penrose told of the enactment of legislation providing adequate protection for the iron and steel plants of this State. As proposed in the House the Payne tariff bill provided no protection against the foreign competition in charcoal iron. When the bill reached the Senate, Senator Penrose fought for increased duties and a reduction of the products. The amendments he offered finally were adopted after strong opposition.

Senator Penrose cheered when he concluded his recital of his efforts in behalf of the local industries.

From Parkersburg Senator Penrose motored to Coatesville. He was accompanied by a delegation of party workers headed by County Chairman F. T. McDonald. After visiting the industrial plants he was taken to the residence of W. P. Worth, where there was a larger reception in his honor.

At the Coatesville Opera House last night a great throng cheered Senator Penrose. On the platform as vice-presidents were 100 prominent citizens of Chester county, including A. J. Huston, William H. Hamilton, Burgess John A. Swing and other businessmen and local Republicans. Senator Penrose, Mayor McClain, Congressman Thomas Butler and other speakers aroused the audiences by predicting sweeping Republican victories in November.

An Old, Family Cough Remedy, Home-Made

Easily Prepared—Costs Very Little, but is Prompt, Sure and Effective

By making this pint of old-time cough syrup at home you not only save about 25 cents compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even the most annoying cough—cures whooping cough, bronchitis, bronchial asthma, hoarseness and spasmodic cough.

Get from any drug store 2 1/2 ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex. Keeps perfectly and tastes good.

You can feel this take hold of a cough or cold in a way that means business. It quickly loosens the dry, hoarse or painful cough and heals the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough by stopping the formation of phlegm in the throat and bronchial tubes.

The effect of Pinex on the membranes is known by almost every one. Pinex is a most valuable concentrated compound of genuine Norway pine extract combined with guaiac and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and do not accept anything else.

A guarantee of absolute satisfaction, or of money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

LOCAL OPTION SET BACK BY DR. MOORE

C. Tyson Kratz Hands the Anti-Saloon League Boss a Terrific Jolt in a Letter

Special to The Telegraph

Norristown, Pa., Oct. 22.—"The mask is off and the whole plot stands revealed in all its bare-faced iniquity," declared C. Tyson Kratz, of Norristown, a member of the Brumbaugh Citizens' Committee, in a communication in the Norristown Times. Mr. Kratz continues:

"The alleged campaign against Penrose on the part of the Democratic and Washington parties is mere sham and false pretense and has collapsed completely in that both Pinchot and Palmer remain in the field.

"It is as clear as the noonday sun that the great object of the opposition is to seize the Governorship, that they are after Doctor Brumbaugh's scalp, having made the election of Penrose sure." After referring to Flinn and the Rev. Dr. Moore as "twin plotters," Mr. Kratz says:

"Flinn has no case against Doctor Brumbaugh because the doctor had no possible hand in any wrong done to Theodore Roosevelt in 1912, in whose interest Mr. Flinn pretends to be making this fight, and the Rev. Dr. Moore has no better case, because Doctor Brumbaugh has over and over declared for county local option. Unsuccessful plotters they are, but successful wreckers they will be. Flinn will not only wreck the Washington party in the State, but will wreck the cause of Theodore Roosevelt so far as his being a presidential possibility in 1916 is concerned, and the Rev. Dr. Moore can return to the wilds of Missouri, where he belongs, knowing that his illogical and inexplicable action has set back the cause of local option in this State for ten years."
