## MEGAPHONE CRIES CALLS FOR WORKERS

[Continued From First Page]

last night and decided to increase the number of shop meetings each day, commencing Monday. These daily meetings will be in charge of H. K. W. Patterson following his arrival next week.

**Tabernacle Workers Needed**  
Work on the tabernacle is progressing slowly. Volunteers are needed badly. The roofing force was augmented to-day by the addition of volunteers from Tech and Central high schools. With 65,000 square feet of roofing to be put on, much work must be done during the week. All volunteers are furnished with luncheon at the noon hour. Samuel H. Garland, a local roofer, is in charge of this work. The familiar cry of "baseball to-day" through the megaphone was changed to-day to "volunteers wanted." The baseball announcer with his team traveled all over Harrisburg calling for volunteers. He stopped at all street intersections to make his announcements.

### Competent Leader For Young Women's Branch

MISS JOSEPHINE COLT

In Charge of Young Women's Branch in Stough Campaign

Each department in the Stough campaign will be in charge of a competent head. The department of young women and Sunday school work is considered one of the important branches in the Stough meetings. Miss Josephine Colt is at the head of this department. She has been here for several weeks.

Miss Colt was born in Towanda, Pa. Her father is the Rev. Samuel F. Colt, a Presbyterian pastor, who founded the Presbyterian Collegiate Institute. Miss Colt decided to take up evangelistic work following a meeting at Eaglesmere.

Miss Colt's training as a Bible worker was received at the Practical Bible Training School at Bible Park, N. Y. She served as church visitor in Albany, N. Y., and vicinity. Later she became the head of the Students' Bureau at the Bible Training School, where she remained for eight years.

She joined the Stough party at Berwick and has proved herself a valuable member of the evangelistic contingent. Her work among the children is said, has been productive of much good.

### Personal Work Factor in Stough Campaign

LOUIS J. KOLB

Chairman of the Committee on Personal Work

Once the Stough campaign is on "personal" work will be a big factor. One large committee has been assigned to work of this kind, the chairman of which is Frank H. Gregory, general secretary of the Pennsylvania Railroad Young Men's Christian Association.

When the converts begin "hitting the trail," it is the job of the personal work crew to keep in close touch with each person. Prospective converts will also be looked after. In the opinion of many, no better selection could have been made than in selecting Frank H. Gregory as chairman. Secretary Gregory has by his own personal work built up one of the strongest railroad organizations in the State, the local Pennsylvania Railroad Young Men's Christian Association.

### Religious Census Plans Ready For Operation

Plans for taking the religious census of Harrisburg Sunday afternoon, starting at 3:30 o'clock were completed last night at a meeting of the Stough census committee. The entire city will be blocked and each member of the committee will have a district to canvass. Further instructions will be given the census takers at a meeting to be held in Grace M. E. Church to-night.

## FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapiesin" ends all stomach distress in five minutes

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour-gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and flatulence; eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and does things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

## U. S. MAKES PROTEST AGAINST CAPTURE

[Continued From First Page]

Page was similar to that lodged yesterday against seizure of the John D. Rockefeller, bound from Philadelphia to Copenhagen. He stated that the Brindilla also was plying between neutral ports—New York and Alexandria, Egypt—and he was satisfied that even though there had been a change of registry from German to American, the ownership was continuously American.

The cargoes of both the Rockefeller and the Brindilla contained illuminating oil which has not been specifically

declared contraband in any list sent to the State Department by Great Britain although officials here believe Great Britain regards that oil as covered in the general prohibition against "fuel."

It is the British contention that the illuminating oil can be used for propelling Zeppelins, submarines and torpedo boats. Quantities shipped to Copenhagen raised suspicions that the oil might find its way to the German naval and aerial base at the Kiel canal.

### Ambassador Confers

The viewpoint of the United States is that this would be a matter for England and Denmark to adjust, especially since an embargo on the exportation of petroleum has been declared by Denmark, according to the understanding of State Department officials.

### Women Vain 4,000 Years Ago, U. of P. Learns

Philadelphia, Oct. 22.—That woman painted and powdered 4,000 years ago is shown by a complete vanity box, dated 2000 B. C., just received at the University of Pennsylvania Museum. It is a gift of the British School of Archaeology in Egypt.

The box, which is of delicately carved ivory, contains receptacles for paint and powders. There is also a glass container, probably used for perfume. The box is opened by pressing a concealed spring. Under the lid is a piece of highly polished stone, which served as a mirror.

### SET OCT. 30 FOR ATTACK

Paris, Oct. 22.—A dispatch to the Matin says that the Japanese have set October 30, the Emperor's birthday, as the date of the grand assault against the German fortress at Tsing Tau. The same dispatch said that 6,000 Japanese soldiers already have been killed in the fighting in Kiaochau.

## Harvard Refuses to Accept Resignation

Special to The Telegraph  
Cambridge, Mass., Oct. 22.—Professor Hugo Muensterberg has withdrawn his resignation from the chair of psychology at Harvard University, "at the request of the authorities," according to an announcement made last night.

The resignation was submitted recently after Professor Muensterberg learned that the university had received a communication from Clarence Wiener, of London, threatening to withhold a legacy of \$10,000 to Harvard unless the professor was dismissed.

The announcement of the withdrawal of the resignation appeared in the Harvard Alumni Bulletin, a publication of which President Lovell's secretary is editor. Officials of the university declined to make any comment, and it was understood that the Bulletin's announcement would be the only thing approaching an official statement.

"The Bulletin says editorially that the university cannot afford to admit 'any suggestion that it would be willing to accept money to abridge free speech, to remove a professor, or to accept his resignation.'"

Professor Muensterberg said to-day that the university had "refused to accept" his resignation.

## Thousand Sunbury Folk Planning Trip Here to Hear Dr. Stough Speak

Special to The Telegraph  
Sunbury, Pa., Oct. 22.—Prominent clergy and church men in Sunbury are planning to run a special excursion train to Harrisburg on a night during the campaign which will be held here by the Rev. Dr. Henry W. Stough. It is expected that more than 1,000 persons will take the trip. The evangelist has expressed a very sincere desire to see a special train take Sunbury converts to the Capital City.

## New, Positive Treatment to Remove Hair or Fuzz

(Beauty Notes)  
Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone.

## Red Riding Hood School Shoes For Boys and Girls

There are two points of exceptional merit about Red Riding Hood Shoes—the quality and the natural form fit.

They are shoes that will stand the brunt of school day wear—durably made and have genuine oak flexible welt soles. Shoes that are built to give the feet every chance for normal development—just as illustrated in cut.

Every pair is guaranteed—a new pair for any that fails.
