Carnegie Is Held by U. S. as Conspirator

Philadelphia, Oct. 26.—Further argument designed to show why the United States Steel Corporation should be disintegrated on the ground that it is an unlawful trust, as charged by the government, was made in the United States District Court here today. Henry G. Colton, special assistant to the Attorney General in the government's dissolution suit against the big steel concern and its subsidiaries, was the first speaker.

The Rev. E. R. Harris, of Coxsack, will officiate. Burial will be made in the cemetery at Shoop's Church, near Proctor.

Two Men Entombed in Mine Near Pittsburgh

Pittsburgh, Oct. 26.—Fire in Petterson mine of the United Coal and Coke Company at Elizabeth, Pa., near here, today entombed two men, a large number escaping when the alarm was given. A rescue crew from the Pittsburgh station of the Bureau of Mines, aided by rescue crews from other mines in the district, are endeavoring to reach the men.

Mother, Daughter, and Husband of Murdered Woman on Way to Trial of Mrs. Carman

Few murder trials in the past half dozen years have attracted so much attention as that of Mrs. Florence C. Carman, of Freeport, L. I., charged with the murder of Mrs. Louise Bailey, June 30. Mrs. Bailey was shot to death in the office of Dr. Carman, the hand containing the pistol being pushed through a window from the lawn outside. This photograph shows William Bailey, the husband of the victim, her daughter, Madeline Bailey, and her mother, Mrs. Duryea, on their way to the courthouse at Mineola, L. I., where the trial is held.

LABOR'S OWN PAPER BAKES MCGORMICK

Broadside Delivered Against the Wealthy Harrisburg Politician by Labor Editor

CALLS HIM HARSH NAMES

Apparently There Is Not Much Love For McCormick Among the Laboring Men

Under the head of "Insidious Assassin of Honest Pennsylvania Workmen Denounced and Exposed by Organized Labor," the Trades Union News, the organ of the labor organizations of Philadelphia and vicinity, publishes the following statement of attitude of labor organizations toward the candidacy of Vance C. McCormick: "Organized labor throughout Pennsylvania, is emphatically resenting, as an insult to the cause of trades unionism, the mercenary candidacy of Vance C. McCormick, the union hater of the Keystone State, for the most powerful position within the gift of the voters of the greatest industrial Commonwealth of America."
"Insolently conducted and impudently flaunted, in contemptuous defiance to workingmen who believe in Union principles the gubernatorial campaign of a predatory millionaire, who when once invested with municipal authority, vetoed an increase in the small and insufficient wages of workmen of the capital of this State and who ordered the union labels off a newspaper as soon as he bought it, is regarded by labor as a slap in the face calling for rebuke at the polls."
"Election of such a man would be considered by honest and aspiring workingmen as the perpetration of an outrage."
"McCormick has thrust his knife into Organized Labor and no labor assassin can be Pennsylvania's Governor!"
"That is what the union men are saying and they have started out to prove that they are saying the truth."
"Workmen who unite for protection have been relentlessly fought by McCormick ever since he has been able to wield the influence of money in public and private enterprise and in politics."
"His hatred of the organization of labor has been venomous and implacable."
"His attacks have been like the wicked dartings of a rattlesnake infuriated, to be encountered with an antidote for the preservation of public health."
"His ill-considered hostility to honest labor, trades unionism maintains, is permeated with blatant apprehension."
"His record is produced to show his mendacity, his unfitness and his impracticability and it is the declared purpose of organized labor to place the facts before every voter."

VALUE OF CITY PARKS

Secretary of American Civic Association Regrets Abolishing of the Former Park Commission Here
Richard B. Watrous, formerly of Harrisburg, secretary of the American Civic Association, at Washington, says of a bustling western city: "That Spokane with its population of 120,000 people and with a total area of 39 square miles should in a short period of seven years have secured and developed 1,934 acres for park purposes is a splendid example to other American cities. It is easy to understand that Spokane is a pleasant place to live in and that a place transcontinental tourists are glad to stop off at and enjoy. Great wisdom has been exercised by the park commissioners, backed as they have been by popular vote and approval, in the creation of a park board and in securing by legislative enactment a definite tax levy for the support of its parks, and when in 1910 the city of Spokane adopted a new city charter providing for the commission form of govern-

SURE WAY TO GET RID OF DANDRUFF

End Itching Scalp and Stop Falling Hair—At Once
There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have. You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

ment rare good judgment was exercised in retaining the park board as an independent body, not subject to the control of the general city administration.
"That action was in marked contrast to action that has been taken in other cities in connection with the transfer to the commission form of government. In Pennsylvania, for instance, under a blanket law applying to cities of a certain class, by the adoption of the commission form of government park boards were abolished.
"An instance of where a distinct loss to park administration was suffered by this action is afforded by the city of Harrisburg, which had and now does not have an unusually competent board of park commissioners who, during a period of ten years, had built up for Harrisburg one of the notable park systems of this country both in extent of area and in completeness of its development. Spokane has also shown its good sense in retaining as its advisors in the development of its parks such competent men as the Olmsted Brothers, of Brookline, who are landscape architects of national reputation."

A WOMAN DOCTOR
Says, "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but if weak and ailing girls passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal, healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.—Advertisement.

SPLENDID VAUDEVILLE BILLS AT COLONIAL; MATINEES A DIME

Wilmer & Vincent hit the nail on the head last week when they changed the Colonial Theater into a Keith vaudeville house, running four Keith acts and moving pictures at low prices.
The bill to be offered for the first three days of this week includes four excellent acts. Bernard and Scott have been featured in all of the big vaudeville houses of the country. Florence Scarth is one of the prettiest girls on the stage. This team does an excellent flirtation act.
"The Fun Shop" is the title of a miniature musical comedy in which some sprightly boys and girls do songs, dances and comedy. Dorothy Brenner and company present "The Candy Shop" and Joe Kennedy is a real comedian on roller skates.
The above acts are on the bill at the Colonial for the first three days of this week. Beginning to-day the matinees at the Colonial will be 10 cents, children 5 cents. After this week there will be no more morning and supper hour picture shows at the Colonial. The regular vaudeville bill will begin at 2:30 and the first evening performance will begin at 7 o'clock. The doors will open a half hour earlier.—Advertisement.
