RAILROAD NEWS

10 PER CENT. CUT IN PENNSY'S SALARIES?

Rumored That Everybody May Be Hit From Race Down to the Office Boy

Philadelphia, Oct. 27.—Upon the decision of the Interstate Commerce Commission in the rehearing of the 5 per cent. Eastern rate case may hinge the future income of some 115,000 officers and employees of the Pennsylvania Railroad lines east of Pittsburgh.

The question of a 10 per cent. reduction in salaries right down the line from President Samuel Rea to the office boy, has been whispered in railroad circles. It has been revived as a result of a plea put to President Rea when he was cross-examined last Friday, in connection with the advanced rate case.

A representative of the Pittsburgh Coal Company and other Pennsylvania coal shippers asked, "Has there been any decrease in the compensation of employees or officers of the Pennsylvania Railroad since the beginning of this year?"

"None yet," answered President Rea, and those two words are considered by some as having a significant meaning if the revenues of the carriers are not soon increased.

Further questions and President Rea's answers follow:
Mr. Lyon: "Or any steps taken in that direction?"

President Rea: "Well, I don't know that I ought to answer that, Mr. Lyon."

Mr. Lyon: "You mean you do not wish to express an opinion whether it would be the proper thing to do."

President Rea: "I do not think I ought to be asked to express an opinion on a matter of that kind in anticipation of consideration by the board of directors."

Some weeks ago the Southern Railway announced a reduction in the salaries of the higher-paid officials.

Prompt decision by the Interstate Commerce Commission on the latest application of the Eastern railroads for authority to raise their freight rates is expected after the November conference of the commission. Closing arguments will be heard Thursday.

When an announcement has been made, or is customary, it is generally understood that the rate case will be given right of way at the commission's November conference, and probably will be decided within a week or ten days. There is comparatively little evidence to be considered in detail.

Grievance committees will be appointed to-morrow evening at a meeting of the Mutual Benefit Association of the Pennsylvania Railroad in Odd Fellows' Hall, 304 North Second street.

Annullville Has Great Republican Rally
Special to The Telegraph
Annullville, Pa., Oct. 27.—In the largest political meeting ever held in this town, one thousand people last night listened to some of the most prominent Republican leaders of Lebanon and Dauphin county speak on the issues of the present campaign.

W. W. Noll, chairman of the Lebanon Republican county committee, presided and introduced as the first speaker Mr. S. Snyder of Harrisburg. Mr. Snyder was followed by Deputy Attorney General Hargest. A. E. Krelender, congressman from the Eighteenth district, spoke on the disadvantages of the present tariff and showed in a graphic way the harmful effects of Democratic rule. He cited instances caused by the present business depression, closing his speech with a plea for a return to better times, by the people's support of the Republican ticket.

Mr. Gehrst, of Lebanon, was the next speaker, followed by the local county candidates for Assembly, Dr. I. K. Ulrich, of Annullville, and A. S. Welmer, of Lebanon. Senator D. P. Gerberich analyzed the State and local platforms in a very comprehensive manner, showing the contrast between the Republican and Democratic views. After each speaker was seated, two hundred students from Lebanon Valley College gave their yell. Professor H. H. Shenk, head of the department of political science at Lebanon Valley, predicts an overwhelming majority for the Republican ticket in this county.
