LITTLE DAUGHTER VERY DELICATE

Mothers Tells How Vinol Made Her Delicate Child One of the Healthiest

Fayetteville, N. C. — "My little daughter was in delicate and very poor health and had so little strength it caused us a great deal of uneasiness. I noticed an advertisement of Vinol and decided to try it. The results were simply marvelous as her appetite improved at once, she gained so much in weight and looks that my friends all commented on the change. She is now one of the healthiest children in town and does not need medicine of any kind. All mothers who have delicate children should try Vinol." — Mrs. Gordon Jessup, Fayetteville, N. C.
Vinol is a wonderful appetizer and you can see delicate, ailing children improve day by day under its use, for it is the tissue building and medicinal elements of cod's livers, aided by the blood making, strength creating properties of tonic iron which makes Vinol so superior to other tonics to build up health and strength for delicate children, feeble old people and weak-run-down, nervous debilitated men and women.
We wish every mother who has a delicate child would try Vinol on our agreement to return their money if it fails to give satisfaction. — G. G. Gorgas, Druggist, Harrisburg, Pa.
NOTE.—You can get Vinol at the leading drug store in every town where this paper circulates.—Advertisement.

Miss Lemer Writes From Paris of Needs in Caring For the Wounded

Miss May Lemer, of this city, who has made her home in France for a number of years, is greatly interested in hospital work there and has written home to ask her old friends to assist her. Miss Lemer has been obliged to leave her country place at Varangeville, right on the firing line, and has come for safety to the city.

The hospital for which she asks aid is in charge of Mme. Falcou, at Paris, and is Hospital Auxillary No. 117. Not only the French but the German soldiers are taken care of and there is great need of supplies, for the suffering is fearful. Miss Lemer asks for bandages and hospital supplies to be sent at once.

It was found that the best way is to purchase these supplies at wholesale and the simplest way to answer Miss Lemer's request is to send money, no matter how small the sum, to either Mrs. Lerue Lemer, 213 South Front street, or Miss Esther Leib, 18 North Third street. CARDINAL FARLEY RETURNS TO NEW YORK

Cardinal Farley and two of his aids photographed following services at St. Patrick's Cathedral, New York, the morning of his arrival in this country after a five months' absence. The Cardinal, who took part in the election of Pope Benedict XV, to succeed the late Pope Pius, had much to say of the new head of the church on his arrival. Cardinal Farley described the new pontiff as a man smaller than he, full of vigor and with wide experience as a diplomatist. Asked whether the pope would try to end the European war, Cardinal Farley said: "He is continually praying for peace. I haven't heard whether he will try to intervene. Whether he will do more than pray for world-peace I cannot say."

Sunday School Man Firm For Brumbaugh

Philadelphia, Oct. 27.—As general secretary of the Philadelphia County Sunday School Association, Frank W. Lange has been in close and constant touch with Martin G. Brumbaugh, the Republican candidate for governor, in speaking of Dr. Brumbaugh's work for Sunday schools. Dr. Lange said to-day: "Dr. Brumbaugh has been associated with the work of the County Sunday School Association ever since I have been in Philadelphia, which is now almost twelve years. His interest in religious education through the Sunday school has been very deep and manifested in many different ways, not to speak of his work in connection with world and international Sunday school conventions and in many of the great State conventions; his membership and active participation in the work of committees of specialists who have a world wide reputation in this line. I can perhaps speak with more definiteness because of my personal knowledge of his work in Philadelphia.

"One of the prominent characteristics of Dr. Brumbaugh has been that he has seemed to be available, up to and in many cases beyond his strength, in helping individuals and Sunday schools without regard to their prominence. I have known him to answer study courses which he conducted without any remuneration to himself. "Dr. Brumbaugh was for several years at the head of the local work of the training of Sunday school teachers. He only gave up the chairmanship when his increasing duties made it necessary for him to do so. He has been identified with every advance step in Sunday school teacher training in the last dozen years in Philadelphia, and in a number of short term study courses which he conducted without any remuneration to himself. He has been the means of setting at work a number of people in Philadelphia who are yet engaged in pushing this most important part of Sunday school work."

HOW THEY LOVE EACH OTHER.

Mrs. B. SAYS she never cries over spilt milk. Being a "cat" she naturally wouldn't.
