At the headquarters of the local Feds it was said to-day that if Jones

The scrubs score was 18 to 6, and made against most of the men who played in the Dartmouth game.

HOW MUCH WILL TECH ROLL UP ON CENTRAL?

Maroon and Gray Confident That There'll Be Nothing to It Thanksgiving Day

Coach Smith had the Central team hard at work again yesterday afternoon and was working out the weak points which showed up in the game with Steelton Saturday.

The back field had an off day because Rote was away for hard work and Sam Froelich is ill with a severe cold. Rote is improving slowly and will be out before many days have passed. Every back is being used to whip the team up in shape for the remaining games on the schedule, which are all hard propositions. Thus far the older school has played only one hard game. New plays are being worked out which will be tried on New Bloomfield Academy and if successful they will be used against Wilkes-Barre and Steelton.

The authorities at Central are confident that the remaining games on the schedule will be won and said this morning that Steelton and Tech would be among the victors of the Blue and Gray. A meeting of all the boys was held yesterday to get together for organized cheering at the Steelton and Tech games.

Steelton Confident of Victory

Coach Taggart, at Steelton, said that when the games were played with Central on November 7 and with Tech on November 14 there would be two surprised teams. The lower end boys are presently playing the game and from present indications the Steelton team are going to be right in the fust until the end of the season.

Coach Dunkle, at Tech, is keeping quiet. His team is out for practice every day and in fine condition. All he has to say is that there will be nothing to it except a victory for Tech at both the Steelton and Central games. Both he and Principal Fager said that it won't be a question of who will win, but of how big the score will be for Tech.

On Saturday the Tech first team will meet the strong Lebanon High team on the H. A. C. field. The Tech team is confident of victory and are going to show the Lebanon boys something new in football. The Tech seconds play the Highspire team before the game and between halves. Central High first team plays the New Bloomfield Academy at that place and the second team plays the Elizabethville High team at Elizabethville.

Steelton will go to Williamsport to play that team and are going to come back with a victory. The summary of the points scored by the local "Big Three" is as follows: Central 139, opponents 42; Tech 77, opponents 44; Steelton 63, opponents 45.

Indians.—The Indians mean that no errors of commission or omission, which are correctable, shall pass in the approaching game at Buffalo on Saturday against Syracuse. From bucking the sled the local team drill ran through the whole gamut of elementary practice, and the first team men were thoroughly tired when they came to follow the scrimmage. Caliac's place kicking showed considerable development, and Pratt and young Wolford are shaping nicely, in Warner's judgment as halfbacks. Looksaround turned out for practice with a stiff limb, but worked only informally without togs. Crane showed much better style in his delivery of signals and has developed considerable snap to the Indian plays.

Lebanon Valley.—Coach R. H. Guyer gave his charges all the rudiments of football yesterday afternoon on Ansville Field. Tackling received the most attention, although blocking, breaking interference and running down under punts also received due emphasis. Captain Stovely and Keating were given a half hour goal kicking, at which both are becoming proficient. The coach then lined the two teams against each other, giving the scrubs the ball on the varsity's 10-yard line. The second team men advanced within three yards of the varsity's goal, but after six attempts, the latter were given the pigskin.

Gettysburg.—Disgusted with the poor showing of the Gettysburg squad against Lebanon Valley on Saturday, the coaches drove the men through the fastest practice of the year. The preliminary work was very brief. For more than an hour until it became too dark to see the ball, the varsity backs were driven against the scrubs in an effort to secure speed and pick holes, the two glaring faults of Saturday.

Albright.—Fearing his team has grown stale as the result of its long layoff, not having had a game since October 17, Coach Kelechner, of Albright College, yesterday began working his red and white varsity squad hard in preparation for the coming here of Susquehanna on Saturday.

Dickinson.—Coach Harrington put the Dickinson College squad to work again yesterday. With the light line it has been decided that the open style of play is the best for the Red and White collegians, although it cannot be counted on for consistent gains. Wilson's ability at line-bucking is of a high character, but no one has been developed to relieve him. The work this week will be in preparation for Saturday's game against the University of Pittsburgh, at Pittsburgh.

Bucknell.—The Bucknell eleven yesterday started preparations for the Muhlenberg game next Saturday. The Orange and Blue came out of the Sus-

BOXING NOTES

A match between featherweight champion of the world Johnny Kilbane, and Joe Mandot, the clever New Orleans lightweight, is hanging fire. Promoters in Akron, Ohio, are dickering with the fighters for a twelve-round battle, to take place there November 10.

Jack McCarron, of Allentown, will meet Charlie Collins, of Columbia, in a ten-round bout at the South Bethlehem A. C. on election night.

Eddie Camp, the clever bantamweight under the management of George Engle, has been matched to meet Frankie Fleming, of Canada, in a ten-round battle in New York on November 5. Camp has been fighting well in the East and should make a hit in Gotham.

Away With Football Bucket at Harvard

Special to The Telegraph

Cambridge, Mass., Oct. 28.—Harvard has lost its elms and now another landmark is threatened. The manager of the football team has fallen into relief in new fangled ideas of sanitation and has decreed that the old tin bucket of Pooch Donovan, trainer of the eleven, shall be abolished.

The bucket was an institution all-embracing in its functions. Players in the midst of battle were sponged from the water of the bucket and with a fine democracy drank from it as well. The men rejoiced to see the bucket coming from the sidelines, even as Kipling's Tommies rejoiced at the advent of Gunga Din.

But now the bucket has been demolished. This season when time out is called Donovan will advance to the gridiron bearing a tray, and on the tray will be individual drinking glasses.

LONG DISTANCE MAN SWIMS 600 MILES

Charles Durborow Still Taking His Daily Plunges of Three Miles in Delaware River

Philadelphia, Oct. 28.—Charles B. Durborow, the noted distance swimmer, has not yet given up open-water swimming and is still taking swims of from one to three miles in the Delaware river. He has covered 604 miles during the last season in long swims and crossed the Delaware river 292 times in practice swims near home. This is a mileage record never before approached by any swimmer in the world.

This year the big bank clerk swam between Chester and Philadelphia four times in four weeks and later on made the round trip between these points. He swam from the Battery, New York city, to the Sandy Hook lighthouse on July 19 in 8 hours 46 minutes, a distance of 22 miles, receiving a gold medal for a prize and getting another gold medal for his showing in the Boston Light swim on September 6.

Although failing on several attempts at long swims, Durborow kept right at it until he accomplished every swim he undertook, making the swim across the Delaware bay, going from Atlantic City to Ocean City, the Battery to Sandy Hook, the Boston Light swim, Philadelphia to Chester and return, from Flat Rock dam to Conshohocken and return in the Schuylkill river; fourteen swims between Chester and Philadelphia, and on July 1 of next year expects to swim across the Chesapeake bay from Cape Charles to Cape Henry.

The Camp Hill team completely outplayed the local team in all parts of the game and advanced the ball on every play. The Willard team was weak and never once was the Camp Hill goal threatened. For Camp Hill Good, Bell, H. and S. Armstrong played the best games. Levin and Hasset were the only two Willard players who were in the game.
