PITT EXPECTS TO BEST DICKINSON

Getting Cripples Into Shape For Game With Washington and Jefferson

Pittsburgh, Oct. 29.—With a hard game with Georgetown University of the slate and a comparatively easy contest scheduled with Dickinson College this Saturday, the University of Pittsburgh football coaches are giving Captain Smith's boys a much-needed rest. All this week the squad has had nothing more strenuous than signal drill and the result is that they are rounding into fine shape. All the cripples will be on deck for the Washington and Jefferson game with the possible exception of "Chalky" Williamson, the star quarterback, whose sensational playing in the Cornell and Navy games put him in line for All-American team honors. Williamson received a bad bump on the Navy game and has not played since.

Stars and Coach Who Are Making State Team Victorious

It was largely through the terrific line-plunging of Harold ("Fat") Clark, the former Central High School star of this city, that State College last Saturday tied Harvard, score 13-13. When Fat Clark was fullback on the Blue and Gray eleven in this city in 1911 and 1912 he was a "bearcat" and according to all reports the big husky has lost none of his line-smashing, ball-carrying or interference-breaking ability. Under the coaching of Bill Hollenback, Clark has become the peer of the very best back field men in the country. Starting with "Fat" in the Harvard game was Captain Tobin, who is now in the hospital with burns of the eyes as a result of the explosion at State Monday night when a big bonfire was set ablaze.

MARRIED MAN SHE MEANT TO KILL

In Paris the year of 1909. All the newspapers cry out the news of the shocking murder of the well-known Edmond Rodger. He was murdered, Rupert Lewis said, by his friend, Billy Letter and Louis Frazenda in Joker man there had been left to mourn him as none of the others. Andrea Dubois, who had been affianced to Rodger, so the account said. For days previous her pretty little forehead had been wrinkled with concern over troussseau problems. But now, all was lost to her; all was tragedy, so it was said. But that was as the public thought. Underneath this eventful murder which, after all, was not conventional in the annals of crime, lay a story far more dramatic, far more tragic—a story that the public would never know. And so it is. The public reads of a crime, but are interested should communicate with A. C. Schreiner, manager, Tower City, Pa.

Local Physicians at Philadelphia Clinics

Philadelphia, Oct. 29.—Thirty-two physicians, members of the Dauphin County Medical Society, were the guests yesterday afternoon in this city of the Philadelphia County Medical Society. Several clinics were held in the Medico-Chirurgical Hospital in the afternoon. In the evening they attended the meeting of the Philadelphia County Medical Society in the College of Physicians, Twenty-second and Ludlow streets, and afterwards were guests at a banquet and smoker at the University Club.

The visitors were headed by John B. McAllister, of Harrisburg, president-elect of the State Medical Society, and Dr. J. Wesley Ellenberger, of Harrisburg, secretary of the medical section of the State body. They were met on their arrival by a committee from the Philadelphia society and escorted to the Medico-Chirurgical College, where they were tendered a luncheon by the physicians connected with the hospital. Following the luncheon, clinics were held by Dr. W. Hersey Thomas and Dr. Judson Daland. A special clinic was held by Dr. L. Webster Fox, at which he removed a dermoid cyst, or hairy growth, from the eye of a youth. This growth of hair, projecting from the corner, while very unusual, is very serious, a cause of glaucoma or hardening of the eyeball and several cases of trachoma were also discussed.

Take Part in Discussion. At the meeting of the physicians in the College of Physicians last night a paper on "Abdominal Pains" was read by Dr. John B. Deever, of the Pennsylvania Hospital. The discussion that followed was taken part in by Dr. John B. McAllister and Dr. J. Wesley Ellenberger, of Harrisburg, and Drs. Damon Pfeiffer, Solus S. Cohen, A. C. Morgan, Joseph Falter, Wilmer Krusen and Henry D. Jump, of this city. The banquet and smoker at the University Club concluded the program. The physicians are leaving for their homes on a late train.

There is a Great Difference in Tobaccos

Tuxedo is the Mildest, Sweetest, Most Pleasant Smoke in the World, Because— First—No one but the makers of Tuxedo is willing to spend the money necessary to buy the mildest, choicest, most thoroughly aged, selected Burley tobacco. Second—No one but the makers of Tuxedo knows how to treat this Burley tobacco so that every bit of pleasantness and goodness remains in the tobacco and every bit of unpleasantness and harshness is taken out.

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have been born, and are clamoring for your patronage. No imitation is ever as good as the original. No amount of advertising, no amount of bluster and bluff, can ever make an imitation tobacco as good as Tuxedo.

If you are not a pipe smoker, you are denying yourself the greatest smoking pleasure known to man. One week of Tuxedo will give you more enjoyment than you have ever had—and at the end of the week your nerves will be better and your general health will have improved. Try Tuxedo this week!
