'Tis Hallowe'en night, of the egg shells beware!
 Be sure not to mind Jack-o'-Lantern's bright stare,
 Look out for the Will-o'-the-Wisp o'er the lea;
 A gay, but a roguish young fellow is he,
 Sing ho, for the bats, gnomes and fairies!

Suits for Women and Misses in Modes That Are Unmatchable at the Price

Scores of new arrivals have just come to us to take the place of the garments that have been sold within the past ten days, and in each of the new styles is to be found a touch of individuality that will make an instant appeal to discriminating women.

The new suits at \$15.00 to \$32.50 are worthy of special mention, for in each range they embody style lines that have been taken from suits of the more expensive class.

Wide wale serge suits in excellent quality, with a broad revers of self material and a high standing velvet collar trimming; the front is made in an effect that is slightly cutaway and the skirt is a yoke design with side pleats; in tete de negre, green, plum and black \$15.00

Serge and cheviot suits in several good styles, one of which has a trimming at the waist line and on the cuffs of three rows of silk braid; an attractive trimming is added by the use of acorn buttons. Another style is a redingote with broad revers and a high standing velvet collar with a trimming of buttons. Colors are navy, brown, Russian green and black \$16.50

Suits in gabardine and poplin in styles that have been recently created with coats of medium length with trimming of velvet; colors are brown, green, plum, navy and black \$18.50

The next range consists of fine quality broadcloth, gabardine and poplin suits that are made in all the most desirable shades; trimming on some of the styles is of velvet and cord with tassels, while on others there are broad bands of self material and large velvet covered buttons.

The skirts are made with yokes and inside pleats and with tunics. Prices are \$20.00 and \$22.50

The most comprehensive style exhibit we have ever shown at \$25.00 is made up of styles that have been created within the past two weeks. Among them are short coats with trimmings of crushed plush fur or braid and on coats of the longer lengths the trimming is principally of velvet and velvet covered buttons. The materials are broadcloth and gabardine and fine quality poplins.

There are two styles at \$27.50 that are altogether unmatchable both in style development and in quality of materials. One of the styles at this price is made of a triple box pleat and the other effect the Norfolk in design, both of them carrying streamers of wide braid and cloth. A fine quality suit of velvet has a trimming of plush on cuffs and collar. The front of the coat is straight and the back is made with a slot seam and has a trimming of broad Duchesse satin. This garment is shown in blue, navy, plum, green and black and is an exceptional value at \$32.50
