DEMOCRATIC MACHINE BEGS STATE LIQUOR LEADER FOR CASH TO HELP ELECT ITS TICKET

State Chairman Morris Wants to Put Neil Bonner on the "Roll of Honor"

LIQUOR BOSS LONG THE FRIEND OF DEMOCRATS

Contributed to 1908 Fund; Asked to Use Money and Influence For Democrats

Neil Bonner, the acknowledged leader of the liquor forces in Pennsylvania, has been appealed to by Ro land S. Morris, chairman of the Demo cratic State committee, to come to the help of the Palmer-McCormick ma chine in its last desperate effort to of Pennsylvania.

by Evangelist Stough in a recent at-Du Bois.

The letter which appears herewith is evidently a personal letter, inasner was on what Morris calls the and has evidently been regarded as relied upon to help out with his money candidates. This is shown by the fact that Chairman Morris concludes his appeal for help from the liquor leader

"May I ask you to again enter your name upon the Honor Roll by sending me your contribution to the Democratic State campaign fund?"

Notwithstanding this and other letters of similar import, the Democratic machine bosses are trying in every way to make the friends of local option believe that they have no alliance with the liquor interests.

Gives 80 Square Inches of His Skin to Save

Stewart G. Forney, 434 Harris street, gave eighty square inches of his skin yesterday to save the life of Paul S. Erb, the 13-year-old boy who was burned on the Fourth of July while visiting on a farm near Enterline. The operation was performed by Dr. David I. Miller.

Mr. Forney did not know the Erb family until a week ago, but he was willing to undergo the operation for the sake of his new friend. He did not take an anesthetic. Young Erb is reported resting well this morning and will be able to walk on crutches by Christmas.

Results Talk

Mr. Manufacturer, newspaper advertising does not merely promise possibilities, IT PRODUCES RESULTS. If it does not you have not used your opportunities right.

The reason is simple. Newspapers not only reach the people who buy your product, but they also influence the dealer who sells your product.

They link the dealer's push to the advertising pull. SALES MUST FOLLOW.

Manufacturers interested in linking the dealer's push to the advertising's pull are invited to address the Burcau of Advertis-ing, American Newspaper Pub-lishers Association, World Building, New York.

STATE CENTRAL COMMITTEE

FINANCE COMMITTEE ROBERT T. KEENAN

9 NORTH SECOND STREET HARRISBURG

October 14,1914.

Mr. Neil Bonner.

Phila., Pa.

My dear Mr. Bonner:-

There is nothing among the archives of the State Commitee which I prize more highly than a list which I like to call the Roll of Honor containing the names of all who contributed to Bryan's Campaign in 1908 and on which your name appears. Although that campaign ended in defeat, it has always marked in my mind the beginning of the progressive movement in the organization which resulted in the splendid stand Pennsylvania took at Baltimore in 1912. Many of those connected with the movement in 1908 have lived to see their political ideals realized under the leadership of President Wilson and Mr. Bryan. What seemed to be a hopeless task in Pennsylvania in 1908 is now the most hopeful opportunity that the Democracy has ever had.

We can elect our candidate for Governor and our candidate for United States Senator, but we need your help and financial assistance as far as you are able.

May I ask you to again enter your name upon the Honor Roll by sending me your contribution to the Democratic State Campaign Fund?

Yours very truly,

Molan Hollottis

McCormick Will Get the Greatest Surprise of His Life in Smallness of His Vote

Special to The Telegraph

Philadelphia, Oct. 31. — The campaign of 1914 is practically over and those in a position to know of the currents and cross-currents of the situation are strongly of the opinion that it is going to be a Republican landslide. While the Democratic machine and its allies of the Bull Moose party have brought up all their siege guns and every other weapon, including the hullabaloo demonstration of a former President, their campaign has failed and the mud batterles will be silenced next Tuesday.

Inside figures which are before me indicate a tremendous vote for Dr. Brumbaugh, the Republican candidate for Governor, and a substantial majority for Senator Penrose, who has been the center of attack for months. Thousands of Democrats will vote against McCormick by reason of his practical desertion of Palmer in his own selfish interests and his fusion with Pinchot, who has constantly attacked the Wilson policies for which McCormick pretends to stand.

It had been hoped by those in charge of the Democratic machine forces that McCormick's money would make up for his loss of personal popularity, but he has angered so many people that no amount of cash will overcome the widespread resentment.

Colonel Roosevelt's whirlwind tour has accomplished little except some stir of enthusiasm among the Bull Moose element, in favor of Pinchot, it is not believed that he has helped the Democratic candidate for Governor, and some believe his insults upon Palmer have actually lessened McCormick's strength among the Democrats.

Italy Believed to Be **Preparing to Take More** Definite Stand in War

Dispatches Say That Island of Saseno Has Been Occupied by Italian Forces; Battle of Give and Take Along North Sea Continues With Heavy Losses; War Has Not Yet Been Declared Between Turkey and Russia

Washington, Oct. 31.—The Turkish minister of finance informed the French ambassador at Constantinople yesterday that the raid of Turkish warships on Russian seaports took place with out the knowledge of the Ottoman government and pre-sumably under the influence of the German officers and crew. This information was conveyed in a dispatch to-day from Ambassador orgenthau to the American government.

Mr. Morgenthau added that the Russian ambassador received instructions at 3 a. m. yesterday to demand his passports and made an effort to see the grand vizier who peaded illness and did not receive him.

The Russian, French and British ambassadors, according the same dispatch, are preparing to leave Constantinople together to-night.

Ambassador Morgenthau's disatch made no mention of any declaration of war nor internal conditions in Turkey. He probably will take over the French and British embassies.

The story of the European war was again slow in the telling to-day but such fragments of news as the censors permitted to pass indicated that along the North Sea, the chief point of present concern for the nations involved, it was still a battle of give and take. Of immediate interest was a semi-official note from Rome indicating that Italy might take a more definite stand in the struggle. It is said that the island of Saseno, commanding the harbor of Avlona, Albania, ownership of which has long been disputed by Greece and Italy has been seized by Italian forces.

The French war office in to-day's official statement, acknowledges that the fiercest German onslaught, shifted a few miles to the east and south from the coast, has met with success at points. Two towns south of Ypres in Belgium, just north of the border are mentioned by the French as having been captured by the Germans. Further east, it is said, some ground has been won by the allies. Along the entire western front, from the sea to Arras the Germans Robbery Held For Court resumed a general offensive movement, following the slackening activity of the last few days, but according to the French war office nothing has been accomplished on either side more than alternate movements of advance and retreat. Further indefinite claims are made of gains at other points along the line which stretches south and east to the Swiss border. No word is spoken to confirm the unofficial statements of last night, that the Germans had evacuated Ostend.

In the East the battle of millions continues without definite re-An Austrian defeat on the East Prussian front is reported by the Russian embassy at Washington. The latest word from the Austrian government is that reverses have been suffered by the Russians at various points in Galicia.

READY TO LEAVE CONSTANTINOPLE

Turkey's hostile acts against Russia soon may place her at war with all of the allied powers. It was said at the State Department in Washington to-day that diplomatic representatives of these powers were preparing to leave Constantinople.

Owing to the conditions in Federal Square due to the remodeling of the Federal building, it will be impossible for the Telegraph to make its usual display of election returns next Tuesday night from the Telegraph building. Mexican Minister of Foreign Affairs Says Disrespectful Notes Is Cause

Mexico City, Oct. 31.—Paul May, Belgian minister to Mexico, was handed his passports yesterday by Minister of Foreign Affairs Fabella. Senor Fabella declared he was compelled to take this course because of certain aggressive and disrespectful notes directed to the Mexican government by the Belgian representative.

The minister of foreign affairs would say nothing regarding the nature of the correspondence but it is believed that the notes referred to the operation by the Mexican government of the property of the Mexico Tramways Company.

The tramways company is capitalized at \$60,000,000 in gold and a large percentage of the stock is held by Belgian capitalists. The Mexican government took over the property on October 12 after the employes of the road had struck, demanding an increase in wages. It was understood at the time that the roads would be operated by the government for fifteen days but the government says much a longer period will be necessary before at adjustment can be accurately made.

"WHAT IS A SALOON?"

Special to The Telegraph
St. Louis, Mo., Oct. 31.—"What constitutes a saloon," is the question puzzling Excise Commissioner Anderson since he began studying the decision of the Missouri Supreme Court in the St. Louis and Missouri Athletic Club cases, which held that all clubs must take out saloon licenses if they sold liquor. Members of clubs are doubtful about their right to have dances or card parties in the clubrooms, as such affairs are forbidden in saloons.
