## Laugh Winter to Scorn

See the sedan and the coupe tops designed for the new Hupmobile. Then you'll understand why Hups are selling so readily this fall.

These tops are detachable, used in winter, stored-away in summer.

It is just like owning two cars—one open and one closed—at little more than the cost of one.

Good-looking, because they are designed to harmonize with the beautiful Hup lines.

Complete and cozy protection from wind, water and snow, and an interior finish worthy of a fine limousine.

People who never before have bought cars in the fall, are buying new Hupmobiles, largely because they can have them fitted with these bodies, at a very reasonable figure, and be assured of winter motoring comfort.

Come take a look at the new Hupmobile.

## WILLIAM M. WILSON BOOMED FOR SPEAKER

Solid Republican Delegation From Philadelphia Puts Him in Strong Position

Although the next Legislature will not convene until January 5 a well-developed boom for the election of Representative William M. Wilson, of Philadelphia, for speaker has been started. It got under way after the May primary as Wilson lives in one of the strongholds of the Vares and his election was a foregone conclusion.

The fact that there is a practically solid Republican delegation in the House from Philadelphia puts Wilson in a strong position and he will be able to start off with more strength than Fred C. Ehrhardt, of Scranton, and A. C. Stein, of Harrisburg, both of whom have been showing some speaker ambitions. Incidentally, it might be mentioned that Samuel B. Scott and T. Henry Walnut, the two Philadelphia insurgents, were badly defeated yesterday, but such men as Thomas F. McNichol, Charles J. Roney, S. J. Gans and other Philadelphia stalwarts were re-elected so that Wilson will have considerable support among influential members at the start.

## STEELTON REGISTER DINNER PAID PROTEST

Tremendous Republican Majority in Borough Rebuke to Party That Closed Mills

Steelton voters yesterday registered their protest against the Democratic administration, which has closed its big steel mills and thrown thousands out of employment, by going to the polls and giving the entire Republican ticket one of the largest majorities ever given a political party in the big mill town.

Besides the huge majorities given the Republican candidates, the other features of the election were the utter collapse of the Washington party; the big vote polled by Judge George Kunkel; the surprising showing by the Republican legislative candidates; and the number of voters who cast their ballots in the fight for United States senator, which was the most bitterly contested, 2,031 votes were polled. This, with possibly only one exception, is the largest vote ever polled in the history of the borough.

President Judge George Kunkel, candidate for the Supreme bench, received 1,745 votes against the paltry seventy-six cast for his opponent, Judge Frazer. Slightly more than 200 voters failed to mark the non-partisan column of their ballots.

**Brumbaugh's Majority 693**  
The prediction of The Telegraph that Dr. Brumbaugh would receive a majority of 700 votes over Vance C. McCormick was born out by the returns. His majority was 693, and seven less than was predicted. The totals in the governorship fight were: Brumbaugh, 1,316; McCormick, 623. In the second precinct of the first ward, where Thomas H. Nelley is a power, it was predicted by the Telegraph yesterday that McCormick would receive about 25 votes. The official returns gave him 26.

In the Senatorial fight, which was the most bitterly contested in Steelton, Senator Penrose was given a majority of 678 votes over Palmer, Democrat, his nearest opponent. The totals in this fight were: Palmer, 467; Pinchot, 419, and Penrose, 1,145. This shows conclusively that Steelton voters want the Senator in Washington and are tired of the free-traders' pleadings.

In every precinct in the borough, every candidate on the Republican ticket was given an overwhelming majority over his Democratic opponent. Even in the Fourth ward where the Democrats were admittedly the strongest on account of the post office deal, Dr. Brumbaugh received 169 votes against McCormick's 128.

The collapse of the Washington party was complete. Early in the day when the Washington party "leaders," if any leaders remained, sent out the word to forget McCormick and get back in the fold. But to the rank and file of the Washington voters it was not necessary to send out any word. They returned. When the returns were complete it was found that Pinchot, the Washingtonian's only hope, had but 419 votes, less than one-third the number given Senator Penrose. McCormick's Washington vote was only 154, conclusive evidence that the attempted sell-out under the name of "fusion" was not compatible with the wishes of the Washington voters.

Complete returns of the election not only locally, but all over the State were received by the Steelton Club at its headquarters, Front and Locust streets, and thrown onto a screen across the street or announced by Frank Steeh, a borough councilman and president of the Central Pennsylvania baseball league. Much commendatory sentiment was expressed that the Steelton people were able to secure the late returns.

## British Submarine Sunk in North Sea

London, Nov. 4.—The British submarine D-5 was sunk in the North Sea early yesterday morning by a mine which was thrown out by a German cruiser retreating before British cruisers.

Two officers and two men of the submarine were saved.

This information is contained in an Admiralty report issued here last night.

The report says a German squadron fired on the British gunboat Halcyon, which was patrolling, wounding one man.

"Various naval movements were made," the report continued, "as a result of which the Germans retreated rapidly, and, although shadowed by the light cruisers, they could not be brought into sea action.

"The foremost German cruiser in her retirement threw out a number of mines and the submarine was sunk by one of these."

The submarine, which was built in 1911, was 150 feet long. She had a speed of fifteen knots above the water and ten knots submerged.

"We have received with keen pleasure all dispatches concerning the triumphant march of the Russian armies during the past few days, including those relating the new advance which has just brought them into proximity to the German frontier.

"I desire to convey to Your Imperial Highness my best congratulations. On our part we have checked the furious German attacks and by incessant energetic action we are endeavoring to destroy the enemy's forces opposed to us."

"Our situation is good, and I hope that our combined efforts soon will lead to final success."

The foregoing dispatch was given out semi-officially in Paris this afternoon.

## CHAIRMAN HORNER THANKS ALL WHO HAD PART IN CAMPAIGN

(Continued From First Page)

clation of the men on our ticket and of the issues at stake. The result is so overwhelming as to leave absolutely no doubt as to where the Republican party stands in Harrisburg and the county at large. I want to thank, in this way, and later by personal letter, every county and city committee man of the county. They all stood nobly by the party and it is largely to their credit that such a big vote was polled yesterday. They are staunch and true Republicans.

Especially do I want to extend my thanks to James E. Lantz, vice chairman on whom the burden of the campaign plans in the upper end of the county rested and who did splendid work. Mark Stumma, vice-chairman in the lower end, was also active as the overwhelming majorities in the lower end indicate.

"Not only did we have the hearty co-operation of our committee men and active Republicans everywhere, but we had in the Harrisburg Telegraph the strongest kind of newspaper support. Indeed, the Telegraph's campaign of education was one of the biggest factors in the tremendous Republican vote throughout all Central Pennsylvania, and its good work was well seconded by the staunch Republicanism of the county districts. My sincere thanks, in the name of the Republicans of Dauphin county, goes out to them all."

## Only One Person on Train Survives Wreck

By Associated Press  
Messina, Sicily, Nov. 4, via Rome, 12:30 P. M.—A railroad train running between here and Palermo was wrecked on the morning. The reports received up to the present time declare that all the passengers on board with one exception and all the members of the train crew lost their lives.

A bridge on the line had been washed out by floods. Unaware of this condition the train crashed down into the river bed and the cars were overturned in the water.

## Germans Lose Heavily in Turning Army Back

By Associated Press  
Paris Nov. 4, 6:55 A. M.—What the Belgian official communication designated as the "precipitate retreat" of the Germans before the advance of the allies on the Yser river in Belgium was pleasing news to Parisians today, even though previous developments had given the hope that this soon would be the case.

The significance of the move is the chief topic of discussion and offers different somewhat as to the import of the withdrawal of the Germans who, in falling back, it was stated, suffered considerable losses.

## Democrats Are Busy Paying Election Bets

Joseph Duke, 1711 Green street, a Democrat will be one of the first to make public payment of an election bet. The bet was made by Weaver, 1243 Cameron street. Both are employees of the Harrisburg Pretzel Company, Third and Seneca streets. As a result of a wager, Duke will wheel Weaver from the bakery to Market Square and return to-night. The route will be down Third street to Market and then to the Square.

Again should you notice a dapper young man promenading on Market street this evening attired in a style that would be considered "just the thing" at Atlantic City on the Fourth of July, don't grin and think it is another "Country Cousin" come to town.

The bet is between Robert Sanders, Pine street, and Roy Thomas, South Second street, both Steelton. According to the terms of the bet, Sanders, the loser, must wear low canvas walking shoes, white silk socks, white duck trousers, a light blue coat and a Panama hat, and carrying a cane, walk from Front and Market street, to the subway and return, three times. Sanders asserts he will carry out the terms of the bet if he gets pneumonia.

Complete returns show the election of the following Democrats to the Senate: Oscar W. Underwood, Alabama; Marcus A. Smith, Arizona; James P. Clark, Arkansas; Duncan U. Fletcher, Florida; Hoke Smith (long term) and Thomas W. Hardwick (term ends 1919) Georgia; J. C. W. Beckham (long term) and Johnson L. Camden (term ends March 3, 1915), Kentucky; R. F. Broussard, Louisiana; William J. Stone, Missouri; Lee S. Overman, North Carolina; Thomas P. Gore, Oklahoma; Ellison B. Smith, South Carolina, and John Walter Smith, Maryland.

Incomplete returns indicate the election of the following Democrats to the Senate: Benjamin F. Shively, Indiana; Geo.
