

STOUGH RAPS CHURCH, PREACHERS, VICE, THE SALOON--WHAT NOT?

Harrisburg "Stinks to Heaven," He Says; Hits at "Sissy" Parsons

ATTACKS STREET WALKING

Decries Desecration of Sabbath; Cracks Ancient Jokes and Does Vaudeville Stunts

Raps at lukewarm Christians, "sissy" parsons and lifeless churches; denunciations of some of the vicious conditions of Harrisburg's night life; declarations of improprieties at the polls on Tuesday, and intimations of what will do in Harrisburg before the six weeks' campaign are over, were interspersed with ancient stories, pantomimes, famous puns and vaudeville acting by Dr. Stough in his sermon at the tabernacle last night.

An audience of 7,000 persons listened raptly for one hundred minutes with frequent interruptions for applause.

"To-night," he said, "the city of Harrisburg stinks to heaven--stinks worse than a run I used to know in Illinois that flowed past barnyards, sewers, breweries and reeking places. It smells with a number of stinks and the first stink of your city is that of Sabbath desecration. Less than 50 per cent. of your people attend church on Sunday and the rest spend the day as a holiday or on picnics, auto rides or pleasure excursions. The chaotic conditions in this country to-day are the direct result of the desecration of the Sabbath.

Saloon Most Damnable
"The second stink in your city is that of intemperance. The saloon is the most damnable ever let loose from hell."

He told of a drunken spree after election in which the man, his wife and family were all drunk and had almost killed the 2-year-old baby by giving it whiskey with a teaspoon.

"God help me to do my duty," he declared. "I'm fighting and need your help, so burn your little superficial criticisms and get in line."

He spoke of the ill-smelling stream of immorality in the city and mentioned the "mesty little streetwalkers." He said: "They infest the wineries and the ladies' entrances at some of your hotels, as anybody knows who is at all familiar with the life in your city."

Doesn't Want to Pollute Sinners
The sermon was based on the "new cruise" with which the stream of water near Jericho was purified by the Prophet Elijah.

"The prophet wanted a new cruise because he wanted a clean vessel to purify the stream, so I want new and clean church people to help me clean up this city. Do you suppose I want to bring a lot of converts to join in

GENERAL VON KLUCK REPORTED TO HAVE DIED IN HOSPITAL

News, Correspondent Says, Has Been Carefully Concealed in Germany and Belgium

Paris, Nov. 5, 3:55 A. M.—The correspondent of the Excelsior at Havre says he has from a source which he cannot designate news of the death of General von Kluck ten days ago in a hospital at Namur, where he was treated for influenza in the head.

The news of the alleged death, the correspondent says, has been carefully concealed.

Two Years Before Post Office Will Be Finished

It will probably be two years before the addition to the Post Office in Federal Square will be completed and the Federal building open for use. S. W. Fleming, assistant postmaster, said this afternoon that the way things are going now it looks as though the addition will not be finished for at least two years. The reason for this is that the contractor does not have the new plans that are necessary since the increase in the appropriation from \$125,000 to \$200,000 was made. This increase made it possible to erect two more stories to the annex and the plans for these have not been made and given to the contractor, who cannot go ahead without them.

Buying Opportunities

Readjustments in the various merchandise markets have brought many opportunities. While in some instances prices have risen, in others there have been great cutting of quotations true to the fact that the holders of goods desire to liquidate. This liquidation is not unhealthy. It merely means that commerce is readjusting itself to new conditions. But the fact that such price fluctuations exist make it more than usually important that people post themselves before buying, in other words. It will pay your pocketbook to study the advertising in the Telegraph.

TAMMANY HALL IS AGAIN IN SADDLE AT NATIONAL CAPITAL

Balance of Democratic Power in House Lies With "Boss" Murphy

BIG REPUBLICAN GAIN

Even Democrats Admit That Great Majority of Voters Favor Protection

Washington, D. C., Nov. 5.—Badly beaten in New York, Charles F. Murphy, boss of Tammany Hall, nevertheless, will be in complete control of Congress as a result of Tuesday's elections.

The Democratic majority in the House, late returns show, has been reduced to 17 votes. The votes by which the Democratic Administration still controls the operation of the House represent nearly the full strength of Tammany Hall in that body.

Not a single legislative measure will be possible of enactment in the Sixty-fourth session of Congress, therefore, without the consent of Charles F. Murphy, the boss whom William Jennings Bryan, now Secretary of State, read out of the Democratic party at the Baltimore convention.

Landslide Greater
The Republican landslide, resulting from the protest of the voters against the destruction of the protective tariff principle and the vicious attacks on business, has taken on bigger proportions as delayed returns come in.

It is now certain that in addition to the Republican sweep in Pennsylvania, New York, Connecticut, New Hampshire, New Jersey and other Eastern States, there has been a complete victory in Ohio and a declination of Democratic strength throughout the West.

The one big fact that stands out from the returns is that the Progressive party has performed an amazing disappearing act. Scarcely a vestige of Colonel Roosevelt's once formidable party remains. The Republican reunion may be said to be virtually complete. The evidence of renewed power which has been given by the Republican party, virtually without any directing hand, doubtless will bring the stragglers back to the ranks so that a united front may be presented in 1916.

National Issue in Ohio
Frank B. Willis has been elected Governor of Ohio. His election was unexpected. The Republicans believed they had a chance to capture the senatorship from that State and they did so; but the fact that Governor Cox, the Democratic candidate for re-election, was backed by all those who were opposed to prohibition was considered in his favor. Willis favored the adoption of a constitutional amendment for State-wide prohibition, and the strangest part of it is that while prohibition was crushingly de-

52 OF 67 COUNTIES GIVE FRAZER SMALL LEAD OVER KUNKEL

Allegheny County Judge Is Now Only 257 Votes Ahead of Local Candidate

Philadelphia, Nov. 5.—Additional returns received to-day show that the vote for Supreme Court on the non-partisan ballot was close. Practically complete but unofficial figures from 52 of the 67 counties show the following: Robert S. Frazer, 320,156; George Kunkel, 319,899.

These figures include all of Allegheny county, the home of Judge Frazer, with the exception of 24 districts. They also include the vote of Dauphin county, the home of Judge Kunkel. The missing Allegheny districts will raise Frazer's total about 3,000, but this gain will be offset by Delaware county which is believed to have given Kunkel a majority of about 3,000.

The missing counties include, Clarion, Crawford, Erie, Fayette, Lawrence, Mercer and Warren, which, taken as a whole, are expected to help the western candidate, and Bradford, Columbia, Juniata, Northumberland.

William Rockefeller Enters Plea in Court

New York, Nov. 5.—William Rockefeller, Stanard Oil multi-millionaire, appeared to-day in the criminal branch of the United States District Court and entered a plea of not guilty to the indictment charging him with conspiracy in connection with his acts as former director of the New York, New Haven and Hartford Railroad Company. He was placed under \$5,000 bond to insure his appearance for trial.

STOCK YARD RECEIPTS

Chicago, Ill., Nov. 5.—Receipts at the stock yard, in cattle, hogs and sheep, to-day were 53,000 head, or 13,000 less than those of the week ago. The decrease was mostly in hogs, prices of which advanced 25 to 50 cents, and in sheep, which rose 10 cents over yesterday's close. Cattle sold 10 to 20 cents higher than they did yesterday. Beginning Saturday, the first business day on which the yards will be closed, there will be no market quotations until the embargo, due to the outbreak of disease, is lifted.

ONE WAY OF SETTLING THAT "SERVANT PROBLEM"

If you want to know just how a real cook—that is a real scientifically garbed cook—should look, take a peek at the layout above. It shows a class in domestic science at the Central High School. Note the white caps and the scrupulously clean white apron. Well, the girls are taught by the instructor, Miss Frances Hamilton, to keep those aprons and that cap clean as a new pin and immaculately laundered. The one thing that Miss Hamilton just will not stand for is dirt. During the first week the girls were taught how to properly wash dishes, build a fire, and cook scalloped oysters.

The lower etching gives an idea of the appearance of the dainty cooks. The photo is that of Miss Katherine Legley. In the upper etching from left to right are seen: Pop row Haze Straw, Rosanna Scheffer, Hattie Layton, Effie Blough, Matilda Davis, Katherine Johnson; second row, Winifred O'Donnell, Eleanor Weaver, Bertha Brightbill, Beatrice Runkel, Miriam Metzler, Maud Graham; third row, Rose Garozick, Ruth Spotts, Margaret Smith, Katherine Legley, Mary Anniston, Anna Guy; bottom row, Miss Frances Hamilton, instructor; Justina Obrasky, Marguerite Reynolds, Lillian Shoop, Elizabeth Stober and Ruth Hollenbaugh.

Seventeen Republican, Twelve Democratic and Seven Progressives Elected in Pa.
Congressman Aaron S. Kreider seems to have been returned to Washington by an old-time majority. The congressman's course was approved by over 23,000 of his constituents and he will go back to Washington with the

BUSINESS ADVANCE EXPECTED THROUGH VERDICT AT POLLS
Bankers, Insurance Men and Manufacturers See Hopeful Outlook
Special to The Telegraph
Philadelphia, Nov. 5.—Anxieties removed by the result of the election, rush orders being placed for manufacturing for export and a vacuum in domestic stocks that must be filled during the winter months, bankers, insurance heads and executives of big manufacturing and commercial concerns say are harbingers of an era of industrial activity. A boom, among a number of persons prominent in the city's financial and commercial life whose opinions were sought, however, would predict a boom, but all inclined strongly to the belief that business will "brighten up" for a steady run, gradually striking a healthy, normal basis.

Some of the large orders recently have been placed in the United States by the European allies, it is said, in an open letter from the Penn Mutual Life Insurance Company. Continuing the letter says: "This is only the beginning, for if you will stop and think of the destruc-

Prize Fights Doomed by California Returns

San Francisco, Cal., Nov. 5.—Prize-fighting is doomed in California in the face of returns from Tuesday's election as compiled to-day. The proposed law doing away with the fist sport had been given a majority of votes in the precincts reporting and as votes were distributed throughout the State it seemed probable that later figures would maintain the same ratio against the measure. Earlier returns, especially those from cities, made it appear that the anti-fist measure had been lost by a narrow margin. The State has long been a pugilistic stamping ground and it is said at one time three world champions of varying classes lived in the same block in San Francisco.

The so-called Iowa injunction law for the abatement of immoral traffic, heretofore regarded as defeated, likewise showed heavy support from the inner districts of the State and the affirmative votes obtained a majority.
COLD WAVE COMING
According to reports received by E. R. Demain, local weather forecaster, a cold wave is approaching the eastern section of the United States, with possibly freezing temperatures.

Tsing Tau Bombarded by Jap Forces; British Ships Leave Chilean Waters

Cruiser Glasgow and Transport Otranto Are Not Bottled Up by German Warships; German Cruiser Yorcke Strikes Mine and Sinks; First Rush of Kaiser's Forces For French Coast Has Been Checked

No British warships are in Chilean ports. The fate of the three British cruisers that engaged five German warships off the coast of Chile and the transport that accompanied them remains a mystery.

On this mystery is based the British hope that one or more of their vessels survived the action. A dispatch from Santiago to-day disposes of an earlier report that the British cruiser Glasgow and transport Otranto had been bottled up in Chilean waters by the German cruisers Leipzig and Bremen. The whereabouts of the two latter cruisers are also in doubt. Of the nine vessels that figured in the naval battle only the German warships Scharnhorst, Gneisenau and Nürnberg have been definitely accounted for. After coming into Valparaiso they again sailed.

Nor was there any word to-day of the British battleship Canopus which the Admiralty says had been sent to strengthen Rear Admiral Crocock's squadron. There is nothing to indicate that she arrived in time to participate in the fight.

Great Britain has declared war on Turkey and the Ottoman government despite dissensions in the cabinet is definitely committed to hostilities against Great Britain, Russia, France and Serbia. While Turkey becomes in effect an ally of the Teutonic allies she is strictly speaking waging an independent war upon Russia because of an alleged attack upon her by the Russian navy; and upon the other countries involved because of their espousal of the Russian cause.

The new drive for the sea coast of the heavily reinforced German forces in Belgium has been met by a counter offensive of the also augmented armies of the allies in the vicinity of Ypres.

LINES HAVE NOT DRAWN BACK
"The Franco-British lines have at no point drawn back," says the afternoon French official statement, "and our troops undertaking the offensive have made notable progress in several directions." It is declared that the allies have made slight progress to the east of Neuport and that the German attacks from Dixmude to the Lys are being made with less energy. Renewed German activity is reported on the center without notable change and on the right of the allies the situation remains deadlocked.

A dispatch from Teheran reports that the Persians are much excited over the clash between Turkey and Russia. The pretender, Salar Ed Dowleh, has proclaimed himself as Germany's candidate for the throne.

Great Britain has formally annexed the island of Cyprus in the Mediterranean which has remained long under the suzerainty of the Turkish sultan though with a British administration.

The Russian war office announces that Russian troops have entered Turkish Armenia, defeated the Turks and occupied four towns. The Russians claim that the Germans are falling back not only in Russian Poland but also on the east Prussian frontier, and that Russian troops have penetrated at points on the east Prussian border.

AUSTRIANS HELD IN GALICIA
It is asserted that the Austrians are being held in Galicia. The Russians have suspended the siege of Przemysl because of a cholera epidemic in the town, it is said.

A wireless dispatch from Berlin brings an official German denial of reports that the Russians had recently taken many prisoners and machine guns. The statement does not describe the general situation in the eastern theater.

A despatch from Cape Town received in London says that the rebel movements led by General Beyers and Lieutenant Colonel Maritz in the Union of South Africa appear to have been completely crushed.

The attitude of Bulgaria appears still undermined. Russia, it is said to be making diplomatic efforts to reconcile Bulgaria and Serbia and prevent Bulgaria casting in her lot with Turkey. A despatch from Sofia says that the Greek government has assured Bulgaria that Greece will remain neutral. No definite word has come from Rumania.

The British and Japanese are still hammering away at Tsing Tau. Tokio announces that the attacking forces are gradually closing in but also states that the Germans on Tuesday night made a counter attack which delayed the operations of the allies.

GREAT BRITAIN ANNEXES CYPRUS

London, Nov. 5, 12:38 P. M.—Great Britain to-day formally annexed the island of Cyprus in the Mediterranean which nominally formed a part of the Turkish empire. The island, since the Anglo-Turkish convention of 1878, had been occupied and administered by Great Britain, though it had remained under the suzerainty of the Sultan.

PLAGUE IN \$2,500,000 HERD
Washington, D. C., Nov. 5.—Reports received here to-day say that the foot and mouth disease has broken out in the luxurious stables outside of the stock yards in Chicago where pedigreed cattle are kept. The herd of 1,100 is valued at \$2,500,000. The disease has also been discovered in Lancaster county, Pa.

KUNKEL IN LEAD LATE TO-DAY
Returns late this afternoon from 53 of the 67 counties in Pennsylvania, complete but unofficial, gave Kunkel for Supreme Court 324,541 and Frazer 323,869, Kunkel's majority being 672.
