COLORED ATHLETES TO TAKE UP SPORTS

Organize Sixth Ward Athletic Association; Two Basketball Teams Elect Officers

With a view to organizing the colored athletes of Harrisburg for the promotion of all sports, the Sixth Ward Athletic Club was organized last night. An enthusiastic meeting was held at 2422 North Fourth street, which will be the club's headquarters. It was decided to have one general manager, and John Jackson, a well-known athlete, was elected for this position. Each branch of sport will have its own set of officers, but all branches will be looked after by General Manager Jackson. It is the purpose to give special attention to baseball, basketball, football, track work and lawn tennis. Owing to the lateness of the season football will not be started this year. Two basketball teams were organized and they will begin practice at once. The Jolly Five will include Wallace Smith, president; Richard Shaw, secretary; Lester Prentice, treasurer; Elmer Prentice and William Clemens. On the Thrifty Five team will be Orville Williams, president; William Williams, treasurer; Lorenzo Taylor, secretary; Edward Stewart and Grover Johnson. General Manager Jackson will organize a baseball team to include local players who have been playing in Florida towns during the winter months. This team will be sent to Jacksonville early in January. As soon as the membership will permit, headquarters will be secured and a gymnasium opened.

GERMANS FIRE ON RETIRING BROTHERS

London Press Bureau Issues Account Written by Colonel Swinton

By Associated Press London, Nov. 7, 11.15 A. M.—The press bureau to-day issued the following account of events at the battle front as witnessed and written by Colonel E. D. Swinton, of the intelligence department of the general staff. The recital is dated November 1 and says: "The German troops have won our respect for the way in which they have advanced. Whether it is due to patriotism or to the fear induced by iron discipline, the fact remains that they steadily press forward to what in many cases must obviously have been certain death. "That they are forced sometimes to go on is shown by the following answer to an interrogation put to a wounded German prisoner: "German Soldier's Story "I enlisted in October of 1913. On mobilization the weakly and those backward in training to the number of about 60 per cent. of the company were withdrawn from the active regiment to form the nucleus of a reserve regiment which was completed by men from Baden and Wurttemberg belonging to the second section of the landwehr. We received new gray uniforms. After ten weeks of hard training we traveled for three days and two nights, from Thuringia up to Aix-la-Chapelle, where we remained in reserve. We were told that our nearest enemies were the English. "On the 17th and 18th of October we performed such fatiguing forced marches that many men fell out on the road. On October 19 we each received 285 rounds of ammunition and had our first taste of war. Although we were the only sharpshooters in front of us, I saw French cavalrymen and no other foe. From this day onward the fighting was unintermitted. On October 29 my section received orders to go forward to attack and our officers warned us that if we gave way fire would be opened upon us from behind. This threat was carried out when the losses we suffered compelled us to retire. Indeed, it was by a German bullet that I was wounded. "Two Days Without Food "Having fallen to the ground, I remained between the lines without food or care for two days, at the end of which time I dragged myself to a ruined house. During all this time German shells, which were short, were falling about my shelter, located a few hundred yards from the French lines. The French having advanced on Oc-

Two Interesting Scholastic Games Are Promised; One at Harrisburg, and the Other On Steelton Field

On to-morrow's schedule the one big football battle outside of Harrisburg and Steelton will take place at Ann Arbor, Mich. University of Pennsylvania will meet their hated western rivals, Michigan, with a regular line-up and every man full of fighting spirit. At Island Park Tech High will meet Lebanon High. As a final practice the Muhlenberg College scrubs lined up against the Harrisburg Academy to meet an easy proposition and for this reason Coach D. Forrest Dunkle yesterday afternoon ordered a series of scrimmages between the varsity and scrubs teams. Players on the Central High and Steelton High teams are on edge for the contest at Steelton. Central is anxious to even up with Steelton for the defeat of two weeks ago. Steelton is working hard daily in order to make two victories this season. Every man will be back in the Central line-up and Steelton is not likely to have an easy proposition. After an hour's scrimmage yesterday Coach Tate drilled the Harrisburg Academy eleven in punting and on forward passes. Winning the game from Yeats School to-morrow afternoon will give the Harrisburg Academy eleven much honor.

TELEPHONE VALUES UNDER DISCUSSION

Pittsburgh Experts Present Question to Public Service—East Berlin's Troubles

Expert testimony as to what should constitute a basis for telephone rates was continued before the Public Service Commission to-day by H. F. French, representing the Chamber of Commerce of Pittsburgh, and Assistant City Solicitor Charles K. Robinson, representing the city of Pittsburgh. They placed on the stand yesterday Professor E. W. Bemis, who is a member of the advisory board of the Interstate Commerce Commission in the matter of fixing the valuation of interstate railroads, and Dr. Whitten, who was formerly statistician for the Public Service Commission of New York. These experts do not believe that the replacement value of a plant should be accepted as a basis for rates but seem more inclined to the thought that the cost of the property ought to receive more consideration. They do not think, however, that the replacement feature ought to be entirely disregarded, because the courts have been inclined to that view and it would be useless to disregard the attitude of these tribunals. The application of the Wilkes-Barre Connecting Railroad for a crossing at the intersection of the Pennsylvania and Erie roads, which is being considered by the Interstate Commerce Commission, was also discussed. The question as to whether the Commission can compel the owner of a railroad company to operate it was considered in the matter of the complaint of E. J. Brandt against the East Berlin Railway Company, Adams county. In answering the complaint the company alleged that it has been unable to meet its expenses for a number of years and has no money with which to operate the line, and furthermore claims that the Commission has no jurisdiction over the matter. The question was taken to show the disadvantage to which the people along the line are subject. The company admits that the State can take over in the formal opening of Front street from Herr to Calder. Thirty-seven properties will be effected on the west side of the street. Plans were also submitted relative to the opening of Front between South and Liberty and from Harris to Maclay streets.
