WHERE TO FIND NATIONALLY ADVERTISED GOODS The World's Best Merchandise In and Near HARRISBURG, PA.

Merchandise that will bear national advertising has to have exceptional merit. else the manufacturer could not afford to spend large sums of money for the advertising, and to attach his name and reputation to an article that was not extraordinarily meritorious, for it is the repeat sales that he depends on. It is therefore quite evident that when an article is nationally advertised and nationally sold, year in and year out, year after year, it is exceptionally good goods to stand the test and prove worthy of continued sales and growth. It is conceded by experts that when an article is advertised generally—nationally—it is the best possible product. The wise always, in consequence, prefer nationally known goods and ask for what they want by name. Read the magazines and keep posted on nationally advertised goods.
