Room for 14,000 Barrels

The Thelma, which is 260 feet long with a bem of 38 feet, has a capacity of 2,200 tons, equivalent to 14,000 barrels of foodstuffs.

Close to \$14,000 was contributed by Philadelphia in one day. Some of it came in large sums, gladly given by the city's rich, but most of it swept in upon the receiving stations in the form of \$10, \$5 and \$1 bills, with many uarters. dimes and nickels, cheerfully drawn from the hoards of the poor and devoted to the help of those are now poorer and more miser re now poorer and more miserable han any Philadelphian or Harris

burger could possibly be.

From the generous contributions made yesterday it it almost certain that the Thelma will be able to sail on time, filled to the gunwales with nourishing food, able to stave off starvation to countless thousands.

BERLIN IS LITTLE CHANGED

By Associated Press

Berlin, Oct. 26 (Correspondence of the Associated Press)—They still eat wheat bread in Berlin. Amusements proceed with little sign of abatement. Few posters to call men to arms are in evidence and there are many ablebodied men in the street in civilian clothes. That Germany is at war could not be gleaned from street impressions, though a person might speculate on the causes that have led to two conditions. Business is reported normal.

Puffed-Up Corns? Use "Putnam's" Watch 'Em Go!

My stars, but a corn does fade away quick once you get old reliable Putnam's Extractor on the job.

Does it pain? No, never,—it soothes away that drawing, pinching sensation, makes your feet feel good at

once.

Grandest thing ever for foot lumps, callouses, corns that are hard, soft, or otherwise.

For complete, painless, sure removal of corns and foot troubles use only Putnam's Corn Extractor, 25c at dealers everywhere, and at C. M. Forney.—Advertisement.

TURN HAIR DARK

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair,—Advertisement. pany, of York, Pa., yesterday visited
