MISS I. M. T.—Steaming the face is lever successful against blackheads. Meting will do no good. It is also mpossible to pinch out all the tiny lackheads, but you may remove them ill in a few moments, much to your urprise, by simply sprinkling a little leroxin on a hot wet sponge and rub-ning the blackheads with it. You will ind that the blackheads have entirely anished, even to the most minute mes. This is a formula worth remem-bering and using. It never fails.

DEBORAH G. S. — Dissolving away, superfluous or wild hairs is the only way to remove them. You simply in-jure the skin by using the burning de-pilatories usually sold. By using simple sulfo solution the hair is completely and thoroughly dissolved away, no mark or red spot is left, and no one can tell you have used anything for re-moving superfluous hair. No matter how stiff, or soft, how heavy or light the hair, or whether the skin is ex-tremely sensitive or not, it removes the hair perfectly and in a few moments. Your druggist will supply you with the simple sulfo solution. WILLING.—If anything can develop
