HARVARD PLAYERS PROVE THEY CAN WIN WITHOUT BRICKLEY

PENNOCK—LEFT GUARD.

HARDWICK—RIGHT END.

Several weeks ago critics had it that without Brickley, the great fullback, Harvard would not have much of a season in football. When it was announced that he would go under the surgeon's knife for appendicitis, hope for the Crimson was given up by many of the alleged experts. Now have come Mahan, Hardwick and Pennock to prove the team can win without Brickley, and they have done work as brilliant as was done when the greatest drop kicker was in form last season. Since Harvard has beaten Michigan and Princeton the experts who saw little hope for the team are now talking of it as the greatest in the country.

MAHAN—LEFT HALF BACK.

FINAL SCRIMMAGE FOR BUCKNELL TEAM

Coach Cockill Will Come to Harrisburg Tomorrow Night For Big Game on Saturday

Final practice at Bucknell for the game here with Gettysburg on Saturday was held this afternoon. Coach George Cockill has ordered light work for to-morrow as he will come to Harrisburg to-morrow night to have a baseball conference.

This season Bucknell has a team of fast youngsters. The only big star of last season is Gdaniec, the right half-back. It is not known whether Gdaniec will play Saturday, although it is quite possible that his arm will be strong enough for him to take his old position at right halfback. If he should be unable to play, Hopler, by his excellent work on Saturday, has likely won the position. Banks and Aleshoukas continued to do excellent work at ends, the scrub being unable to make any material gains around them. Bucknell will bring a delegation of about 500 students, including its band of forty pieces.

Gettysburg backfields received attention in practice yesterday. Hoar was the only regular in the lineup. Rowe and Erly played the halves and Mercer backed up the center of the line. The latter is rapidly becoming a valuable man on defense. In the half hour scrimmage the scrubs failed to gain much ground at the open game, but repeatedly plunged through guard and tackle for good gains. Later in the evening, Scheffer was moved to tackle and Stoney played the left end. This combination worked well, the scrubs losing more ground than they gained against that side of the line. One official who has been an interesting feature in every Bucknell-Gettysburg game played in Harrisburg, Senator Fred Godcharles, of Milton, will not be here Saturday. Three officials will come from University of Pennsylvania: Umpire J. C. Hollenback, Umpire W. S. Sigman, and Headlinesman T. J. Linn. The game will start at 3 o'clock.

HOLLENBACK HAS SHAKEUP

Special to The Telegraph
State College, Pa., Nov. 12.—As an aftermath to the Lehigh game, in which Penn State was completely out-generated and outplayed, Coach Bill Hollenback gave the eleven the biggest shaking up seen on Beaver Field in years. The entire backfield was switched so that not a single regular held his job. Higgins, the left end, was sent in at fullback, displacing Clark, who went to left halfback. Manown, the substitute quarterback, filled James' place at that position, and Edgerton took Welty's place at right halfback. Hollenback said he would stick to that combination for the Michigan Aggie game here next Friday. Higgins will call the signals. To Captain Tobin's absence is attributed, in a large measure, State's lack of generalship against Lehigh. Without his guiding hand, Hollenback's team floundered about the field. Only two first string men, Barron, the right end, and Edgerton, the right halfback, scrimmaged to-day. The entire squad will be rested until Wednesday, when they will complete their scrimmage in preparation for the battle with Michigan Aggies.

Ten students have already signed up to go to Williamsport Saturday. At Williamsport the varsity squad is practicing Tech formations. The sporting editor of the Williamsport Gazette-Bulletin says: "Coach Hartman taught the scrubs some Tech formations and they were used with some success against varsity, with Rothrock doing the 'Beck' stunt and running 35 yards for a touchdown. "Harrisburg is bringing a very heavy team to Williamsport Saturday, one that has been very successful this year."

TENNIS CLUB NEXT SPRING

Organization of Players and Locker Distribution Not Likely This Year
While a number of applications for membership in the proposed new city tennis club have been received at the

park department, and there have been some requests for lockers in the Reservoir clubhouse, it is understood that the organization of the club will not be attempted until early next Spring.

The Reservoir courts are practically deserted now, and in view of the fact that many of the enthusiasts are away at college, it has been deemed best to postpone the organization of the club and the distribution of the lockers until the playing season is resumed again.

VIVID WAR PICTURES OF PERMANENT INTEREST

Superb Illustrations in the Book Which We Are Distributing
One of the many valuable features of "The Story of Europe and the Nations at War," which we are distributing to our readers, is comprised in the magnificent collection of historical pictures of current and permanent interest which the book contains. In this collection are photographs of the rulers, great statesmen and great military and naval leaders of all Europe, including both those who have made their impress upon world events of the last century leading up to the present conflict, and those who are foremost in the public eye to-day. They show also the scenes of great battles of history described in the book, and trace the wonderful developments of modern instruments of warfare from the comparatively crude implements with which the great Napoleon fought his battles and achieved his victories. No similar collection of vivid photographs has ever before been brought together in a single volume. These full-page half-tone engravings are printed on specially finished paper which brings out all the beauty of their execution and details. The illustrations also include a large map in colors. Be sure to clip the coupon on another page and obtain your copy of this remarkable book containing the history of Europe and the causes and issues of the present war.
