## STOUGH GLAD BIBLE IS READ IN SCHOOL

Evangelist Praises Pennsylvania System; Talks Heart to Heart to Teachers

Dr. Henry W. Stough, who is conducting the big evangelistic campaign in this city, led the devotional exercises at the closing session of the Dauphin County Teachers' Institute, which met this morning in the House of Representatives. After a short Scripture reading Dr. Stough gave a brief address to the teachers who were present. He said that he approved of the methods used in the schools all over the State and was glad that these schools conducted devotional exercises and read the Bible daily.

He gave the teachers an encouraging heart-to-heart talk and told them that they were engaged in the best work there is to be done, that of instructing the youth and having charge of them. This morning the final session was held after a live day meeting. The two speakers were Professor C. H. Albert and Dr. F. A. Barbour. Professor Albert spoke on the "School Discipline from a Modern Viewpoint." Professor Albert asked the audience "pin-drop" schools. One of the first things he did was ask the teachers how many of them had double desks in their rooms. Quite a number of hands went up and the next thing he said was "Tell the directors to take 'em out and burn them." He said the hardest school to discipline is one of this kind.

**Seating is Important**  
"How do you arrange your pupils in seating them?" was the next question. He told them that the arrangement of the pupils was one of the most important things to do to obtain permanent results. "Government, punishment and self-control in inflicting it, and sympathy are the three things necessary in the discipline of a school. One of the schools I visited recently was governed on the bell-tap order. When one of the classes came up to recite, it took eleven taps of the bell to get them to class. That is the kind of school that should be taken, pupils, teacher and all, and be buried eighteen feet in the ground."

Punishment was next discussed. Professor Albert said that he did not approve of the use of the rod very often, but that sometimes it is necessary and it would be a crime not to use it at all. He told the teachers that a certain amount of sympathy is needed to govern a school well and make an impression on the pupil. A resolution asking for the support of the bill on retirement of teachers, which was introduced in the Legislature, was passed.

J. F. Adams, Millersburg, and Thomas Daniel, Williamstown, were elected auditors.

**WHAT'S IN A NAME?**  
In business it may mean a fortune. Reputation makes reputation. Therefore it is essential that the name of your establishment stands out prominently above the merchandise you have for sale. An attractive name plate not only serves to embellish your advertisement but it makes the name stand out in decided contrast from the sameness of type in the group of advertisements around yours. **BANKRUPT CITIES INCREASING**  
By Associated Press  
Venice, via Paris, Nov. 12, 11:55 P. M.—"The number of bankrupt cities here is said to be increasing. Business in corn at present is in an unsettled condition. Retail prices on several articles of food are advancing, notably eggs, flour, lard, bacon and meats, on which butchers are attempting to raise prices, although the wholesale markets have not changed. ## FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP--25 CENT DANDERINE

Girls! Girls! Save your hair! Make it grow luxuriant and beautiful  
If you care for heavy hair, that glistens with beauty and its radiance with life; has an incomparable softness and is fluffy and lustrous, try Danderine.  
Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you can not have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flanch, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.  
We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Advertisement.
