Hundreds of New Coats Have Arrived Within The Last Couple Days

Our buyer has just returned from the New York market where he has gathered together hundreds of the latest coats—the real chic styles—many of them copies of coats that have sold for twice that much and more.
Push and velvet are prominent in the showing, and equally popular are wool velours, plain, fancy and checked. Of the smart mixtures, there are too many to describe—we invite you to see them.
The plush coats have touches of fur—and look like fur all over. The fur fabrics are rich in appearance and very serviceable. They are pure mohair and rain or snow do not affect them. Some have weasel collars, or fich. Others have Marten or imitation Ermine.
The rough cloths for motoring or business wear are smart as can be and reasonably priced. Zibelines in all the colors are very good, too. And big plaids as well as checks in black, white and colors will find favor.
And the prices—you will find good coats here as low as **\$5.98**—and in excellent models, or you will find coats at **\$50.00**. The full range between **\$7.50, \$8.98, \$10.00, \$12.50, \$15.00, \$16.50, \$20.00, \$25.00 and \$35.00**.
