- Dives, Pomeroy & Stewart—Street Floor, Rear.

25,235 ON MILITARY ROLL OF THE COUNTY

250 More Men Liable to Call Than in 1913; Only 219 in the Third Ward

Any urgent call Uncle Sam might issue for able-bodied citizens for military service could be answered by just 25,235 eligible men from Dauphin county.

Dauphin's military roll for 1914 was completed by the county commissioners' clerical staff to-day and the report will be filed with the Adjutant General's Department as soon as the roll has been passed upon to-morrow by the commissioners.

The total this year is a gain of 250 over the roll of 1913, when 24,985 eligibles were enrolled. These are men between the ages of twenty-one and forty-five capable of bearing arms and in case of necessity, would constitute the last line of reserves.

The report by wards and townships, etc., show some odd features this year. For instance in the Eighth, the quota is only eighteen less than last year. The Ninth ward would produce the greater number, 2,295. The Third is the low ward with only 219.

In the county, Rush township would answer with but nine men, two less than last year. Susquehanna has the largest quota—1,122.

Steeleton borough leads outside the city with 2,086 as against 2,145 of last year.

KUNKEL CONTEST "PRELIMS"

The preliminaries of the Kunkel oratorical contest for junior boys of the Central high school will be held to-night in the high school chapel. Eight boys will be chosen from the list to-night and the finals will be held in the school Wednesday afternoon, November 25, at 2 o'clock. The Philonian Debating Society will hold its next meeting to-morrow evening at the home of Ralph Mickey, 608 Oxford street. Professor William M. Fahnestock, of the high school faculty, will give an illustrated lecture to-night in the Willard school building at the regular meeting of the botanical section of the Natural History Society.

STORE CLOSING ORDER

Harrisburg merchants will again this year keep their stores open in the evening four days prior to Christmas. Previous to last year stores were open every night two weeks before Christmas. This year the retail merchants' section of the Harrisburg Chamber of Commerce made the new order possible.

MOST SERIOUS EFFECTS ON AMERICAN BUSINESS PASSED

Washington, D. C., Nov. 17.—Officials of the various government departments which touch the country's business activities feel confident that the most serious effects of the European war on American business have passed.

Factors which have aided in clearing up the situation are the opening of the Federal Reserve Bank system, upon which business experts look as the backbone of the country's resources, the opening of the Panama Canal, which has already increased freight traffic to the west coast of South America, and the entry of more than eighty foreign built ships into American registry under the emergency law passed at the last session of Congress.

BETROTHAL IS ANNOUNCED

Paris, Nov. 17.—The betrothal was announced to-day of Bessie Van Vorst, the American author, and Hughes Le-roux, one of the editors of Le Matin. The wedding will take place December 26.

FINE FOR RHEUMATISM!

Musterole Loosens up Those Stiff Joints—Drives Out Pain

You'll know why thousands use MUSTEROLE once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

MUSTEROLE is recommended by doctors and nurses. Millions of jars are used annually for Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.—Advertisement.

Merits of Chalmers Exhibit Told by Morton

"In line with the well-known Chalmers policy of building, first, high-grade cars; second, pricing them as low as efficient manufacturing, quantity production and a fair profit make possible, we have made the 1915 Light 'Six' what we believe is the greatest all-around automobile offered at the price since motor cars were first built,"

says Robert L. Morton, local Chalmers dealer. "There are now over 5,000 Light 'Six' owners, some of them in your vicinity, who no doubt will tell you that the Chalmers Motor Company's policy as well as their dealers' is a right one. We have been successful in placing a large number of these cars in this immediate section, and a great many of them with people who have had a wide experience with different motor cars, and decided in favor of the Chalmers Light 'Six' after very care-

fully studying this car as compared with others. "We have on display at the Industrial Welfare and Efficiency Conference exhibition this week a chassis which will show to good advantage the superior construction and arrangement of detail, as well as the extreme accessibility of the entire mechanical construction. It can be truthfully said that never before has so much care and thought and time been given to bringing out of a model, and in my opinion, never before in the history of the motor car business has a car gone out and made good from the very start,

as has this Chalmers Light 'Six.' "It will be remembered that the Chalmers Motor Company have had a hand in the six-cylinder proposition for a long time, and it is, after all, years of experience that is the best teacher with respect to giving the public the kind of motor car best adapted to the wide variety of conditions. Price and excellence of quality considered, we naturally feel that in the Chalmers Light 'Six' we offer the most satisfactory proposition. "An inspection and careful study of specifications will show the simplicity

of the non-stallable motor, the Chalmers-Entz electric lighting and starting system, and the Atwater-Kent ignition system in connection with Entz generator, and, what we consider the highest grade equipment throughout that is possible in any car. "The Chalmers Light 'Six' model is furnished in a wide variety of body styles, including five and six passenger open type body, a two-passenger coupelet, five-passenger inside drive sedan and a seven-passenger limousine which is said by motor authorities to be the most attractive enclosed car of the season."
