"GETS-IT," 2 Drops, Corn Vanishes!

The Only Sure Ender of All Corns. Desperate, are you, ever trying to get rid of corns? Get the old formulas under new names, bandages, windings, tapes and cotton rings that make a fat little package out of your toe. Quit pushing your feet by using toe-eating salves and ointments. To use, knives, files, scissors and razors, slicing and hacking at a corn, only make it grow faster and bigger. It also brings danger of bleeding and blood poison. The new way, the new principle never known before in corn-history, is "GETS-IT." It's a liquid—2 drops on a corn does the work. Pain goes, the corn begins to shrivel and it comes! You apply it in two seconds. Nothing to stick, nothing to hurt, and it never falls. Try "GETS-IT" to-night on corns, callouses, warts or bunions. "GETS-IT" is sold by druggists everywhere, 25¢ a bottle, or sent direct by E. Lawrence & Co., Chicago.
