COULD NOT SLEEP, COULD NOT EAT
 Woman So Weak and Nervous Could Not Stand Her Children Near Her—Vinol Changed Everything for Her
 Plant City, Fla.—"I wish I could tell everybody about Vinol. For nine years I was in bad health. I got so I could not sleep, and I could not stand it to have my children come near me. I could not even sew or do any heavy housework. I was simply tired all the time. I tried so many medicines I could not recall them all, but nothing did me any good. One day a friend asked me to try Vinol and said it was the best tonic she ever saw. I did so, and soon got the first good night's sleep I had had for a long time. Now I sleep well, my appetite is good, my nervousness is all gone and I am so strong and well I do all my housework and work in my flower garden without feeling tired or nervous. Vinol has made me a well and happy woman."—Mrs. C. H. Miller, Plant City, Fla.
 Vinol contains the curative, healing principle of fresh cod-livers (without oil) and tonic iron.
 We ask every weak, run-down, nervous person in this vicinity to try Vinol, our delicious cod liver and iron tonic without oil, on our guarantee to return their money if it fails to benefit. George A. Gargas, Druggist; Kenndy's Medicine Store, 221 Market street; C. P. Kramer, Third and Broad streets; Kitzmiller's Pharmacy, 1325 Derry street, Harrisburg, Pa.
 NOTE.—You can get Vinol at the leading drug store in every town where this paper circulates.—Advertisement.

OCCUPY SPARED HOUSES
 London, Nov. 19, 3:22 A. M.—"A week ago," says the Daily Mail's Dunkirk correspondent, "the Germans noticed that the fire from the English warships spared the houses on the sea front at Middlekerke, whereupon they took up quarters in them. This fact became known to the British who suddenly bombarded the houses from their ships at once. The German casualties were enormous, the dead alone being estimated at 1,700."

CITY SHOWS HOW IT WILL IMPROVE PARK
 By Maps and Blue Prints Defense Suit Explains Plans
 By maps and blue-prints the city today showed the Court and jury in November Common Pleas Court just what has been done and what is contemplated for the future improvement and beautification of the southern water front from Paxton street to Iron alley, in defending against the claims for alleged damages by abutting property owners for the opening of Front street. The case is on trial before Judge Johnson, specially sitting, and involves the question of separate claims of \$1,000 each for alleged damages incident to the opening of the street to low-water mark in 1910. The plaintiffs are Mrs. Barbara Koenig, Mrs. Mary Miller and Benedict Schiltzer. The plaintiff, yesterday endeavored to show that the improvement of the park land and the consequent improvement of the abutting properties was indefinite. The city-to-day showed by the plans of the city Park Department that the park is to be improved before winter. Scores of young trees will be placed on the embankment from Paxton to Iron alley this year, and early in the Spring the planting of grass seed, etc., on the newly improved River Front slopes will be completed. In No. 1 courtroom, before Additional Law Judge McCarrell, the trial of the West-Hanna land title case, involving the Susquehanna Coal Company's claim for additional ground, occupied the Court. Isaac D. West, agent for the coal company, has claimed of A. F. Hanna certain ground which the latter franchisee is able to carry out his obligations made by him.

BELGIAN RELIEF UP TO \$1,800 NOW
 Donations of Songs For Sale Have Won Commendation For Their Author Today
 Belgian relief funds contributed through the Telegraph have passed the \$1,800 mark. The Thanksgiving ship will sail next week and much must be given to fill her hold with food for the starving people in the war-torn land. Contributions reached the Telegraph to-day from various parts of the city and messages of interest in the fund were received, several ministers saying that they would ask their congregations to give so that the ship could sail from Philadelphia on time next week. William E. Hawley, who contributed copies of songs written by him for sale for the benefit of the fund, has been thanked by a number of people for his interest and gift. He gave 100 copies of each of "When England Has Set Ireland Free," "My Bonnie Irish Rose" and "The United Blue and Gray." The latter was written last year when the great reunion was held at Gettysburg. The money received from the sale of these songs at 10 cents each will be donated to the fund. Contributions to an early hour this afternoon were:

\$1,000,000,000 Worth of Vodka Used Annually in Russia; Drink Prohibited
 Special to The Telegraph
 Petrograd, Nov. 19.—There is prohibition in Russia to-day, prohibition which means that not a drop of vodka, whisky, brandy, gin or any other strong liquor is obtainable from one end to the other of a territory populated by 150,000,000 people and covering one-sixth of the habitable globe. The story of how strong drink has been utterly banished from the Russian Empire is related by Michael Demitrovitch Tchellsheff, the man directly responsible for putting an end to Russia's great vice, the vodka habit. It should be said in the beginning that the word prohibition in Russia must be taken literally. Its use does not imply a partially successful attempt to curtail the consumption of liquor resulting in drinking in secret places, the abuse of medical licenses and general evasion and subterfuge. It does mean that a vast population who consumed \$1,000,000,000 worth of vodka a year, whose ordinary condition has been described by Russians themselves as ranging from a slight degree of stimulation upward, has been lifted almost in one day from a drunken inertia to sobriety. The nation has been compelled, virtually, overnight, to abandon its enormous daily consumption of vodka, a liquor that contains a particularly large percentage of alcohol, and become abstemious to the extent of letting no liquor pass its lips.

GERMAN ATTACK RESULTS IN VICTORY
 [Continued From First Page]
 Galicia, in an attempt to crush the Austrians. Refugees from Belgium say that West Flanders, which is virtually cut off from the rest of the world, continues to be the scene of incessant military operations. They speak of an inferno of shot and shell and devastation, with continuous cannonading and endless processions of the wounded. The French and British are reported to have captured a small Belgian town. Paris reports that the hopes of the allies are again rising; that they believe the Germans are fast weakening, but there was no tangible evidence to indicate that the grip of the Germans on Belgium and France was being shaken loose, or that any decisive change in the immediate future could safely be predicted. Cannonading Reported
 The sound of cannonading was reported off the coast of Sweden in the Baltic Sea. It was thought possible that the main Russian fleet which recently set out from Helisingfors, Finland, might have engaged the Germans. The general staff of the Russian army, which invaded Turkey, announces that the advance of the Turks had been checked and that their troops, which have been successfully pursuing the Russians' advance guard, are now in retreat.

GIVES BRACELET AS FINE
 John Lovett, aged 53, who says he has stomach trouble, was arrested yesterday at Sunbury on a charge of illegal training. Lovett was taken from an express train. He gave a diamond-studded bracelet, valued at \$50, as security for his fine. Lovett claimed the bracelet was a gift for his daughter, who was to be married at Lock Haven to-day. Lovett's name is not in the Harrisburg Directory.

DANDRUFF SOON RUINS THE HAIR
 Makes It Lifeless, Dull, Dry Brittle and Thin
 Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.
