

GIRLS! HAVE BEAUTIFUL, LUSTROUS, FLUFFY HAIR--25 CENT DANDERINE

No more dandruff or falling hair—A real surprise awaits you

To be possessed of a head of heavy, beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff, is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable

gloss and luster, and, try as you will, you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits every one who tries this.—Advertisement.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm"

at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh of a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

"Brown on the Bell!"
"Smith on the Bell!"

All day long the calling and scrambling goes on to answer the telephone. So does the wasting of steps and time. Not really wasted, you say, for they are used to good purpose.

True—but there'd be fewer steps and less time lost with a conveniently placed extension telephone. The cost—just fifty cents a month.

"THE SHEPHERD OF THE HILLS" AT MAJESTIC MON DAY MATINEE AND NIGHT

"The Shepherd of the Hills," the dramatization of Harold Bell Wright's novel, which holds the record for the largest sales of any American work of fiction, which has been made by Mr. Wright, with the assistance of Ellsbury W. Reynolds will be seen at the Majestic Monday matinee and night. The scenes of the play are laid among the Ozark mountains of Missouri. It is a story of the hills and the simple life, yet it has plenty of excitement and an air of mystery that will hold the auditor from beginning to end.—Advertisement.

BOYS' SHANTY BURNED

Special to The Telegraph

Dauphin, Pa., Nov. 19.—Last evening about 7 o'clock a shanty, used as a sort of clubhouse for a crowd of small boys, burned to the ground. The shanty was situated on Canal street near Juniata. As soon as the fire was discovered the village hose cart, pulled by boys, was rushed to the spot. They could do nothing for sometime, however, because one of the water plugs refused to work. Finally it was fixed and the fire was put out.

A Cheaper Furnace Coal at \$5.85

If your furnace fire takes too long to burn up quickly in the morning it is usually a sign that the coal you are using is too big.

Did you every try Wilkes-Barre Egg and Wilkes-Barre Pea Coal mixed together?

The small size Pea fills up the spaces in between the Egg Coal and when the draft is turned on the fire the Pea Coal burns up rapidly. A small piece of coal catches fire much quicker than a big piece.

Instead of waiting an hour each morning for the fire to come up Pea and Egg Coal mixed will be giving heat in one-half the time.
