Coats That Possess Good Style and Attractiveness

of Price Make Up This Showing for Women and Misses

Hundreds of coats have been added to racks and display cabinets since last week and in the scores of new styles you will find materials that we will not be able to duplicate at a later period of the season.

There are garments for street occasions and motor service at prices that will appeal to the woman who seeks distinction in dress.

Prices for coats in sizes for Misses and Women's start at \$12.50

Additions to the Avenues of Toyland Bring Reductions in Floor Coverings

More room is needed this week for the incoming train loads of toys that must be unpacked and made ready for a big showing before the little boys and girls of this section of the State, so part of the carpet department has been given up to this new toytown brigade.

Many exceptional savings in floor coverings are made possible for this week.

Conversions, 2,412

demanded if they would want this to be the little fellow's shroud. He then tore it into shreds and stamped on it, and the boy in an American flag. The booster chorus under Professor Spooner sang patriotic songs at the opening of the meeting and drew round after round of applause by the waving of 1,500 American flags in the chorus of each selection. The boys and girls then left the tabernacle to attend a meeting held for them by Miss Eggleston in the Christ Lutheran Church.

Are You "Picky" About What You Eat?

Do you have to think twice before you take a bite of food? Wouldn't it be worth a great deal to you to know that your stomach could be put in proper shape and that you could have a proper relish for your food?

FORNEY'S DYSPEPSIA PANACEA 50c

Forney's Drug Store 426 Market Street

tion period was taken up in gathering dollar bills from the audience, which were carried one at a time by the usher to Dr. Stough, who stuffed them into a bucket on the platform. Almost two hundred dollars were collected in this way, and with the past collections amounted to over \$800 for the meeting. In beginning his lecture Dr. Stough said he has no fight against liquor men as individuals, but that he will continue to the best of his strength to wage battle against booze all over the state in all the places where he is scheduled to appear during the next year and as much longer as may be arranged. His text was "Woe, woe, woe, to him that buildeth a town with blood, and establisheth a city by iniquity." He called liquor the greatest outlaw in the country from the standpoint of the business interests, the criminal courts, general morality and politics. He spoke of the large percentage of large business firms that bar the users of alcohol from their ranks and the great number of magazines and reputable newspapers that refuse advertisements of liquor in any form.

What Booze Costs Nation He blamed liquor as the greatest factor in the high cost of living, quoting the statistics of the expenditure last year in this country of \$2,790,037,256 for alcohol, exceeding by far the amount involved in other economic questions. He showed that the Panama canal could have been fully paid for by the cost of booze during fifty days and that a \$15,000,000 battleship could be built every four days by the money wasted for liquor. New York city spends \$1,000,000 a day on booze, he said. He showed that on an average \$20 of public money is spent in repairing the damage done by alcohol to every dollar received in tax or other revenue from liquor selling. In Dauphin county alone he quoted statistics showing \$192,000 spent in 1912 for the maintenance of the poor, the prison, the insane and the criminal courts. To offset this only \$67,705 was received from saloon licenses in the county and this cost \$1,750 of it being from the county one.

Crime Resulting From Booze "Seventy-five per cent. of the murders and four-fifths of all the criminal cases are due to booze, and 90 per cent. of the poor in this city are traceable to this cause. You can't find a poor family that can't trace its condition to the front or the back door of a saloon. "I believe every man should have every dollar he earns in industry, but we work up the wrong tree when we charge all poverty to industrial conditions; it is the booze that is to blame. And yet you tell me it is good business. Where are your brains? Most of you must sit on them, for the name of humanity, turn off the spigots of the beer barrels."

Conditions in This County "In Dauphin county you maintain 136 retail liquor licenses, 26 wholesale, 5 bottlers and 6 breweries; one saloon to each thousand inhabitants. The liquor interest is back of everything that is crooked and criminal, and it is the greatest danger to manhood that you have. "I would like the legislators to explain why a saloon must pay both federal and local licenses and taxes, and why club and lodge bars must not. Dr. Schaeffer, of the State Department of Education, says that more drunkards, especially the respectable ones, are made by clubs and private drinking places than by the saloon. There are about twenty of these places in Harrisburg that ought to be closed, or else every decent, self-respecting

man should get out of them. "The Masons, Odd Fellows and others of the best societies refuse to admit any liquor men to their membership, so the Eagles, Beavers, Owls and some more had to be organized. There ought to be added to these a lodge of Billy-Goats, Jackasses and Skunks to complete the list."

Let the Kaiser Beware "Kaiser Wilhelm of Germany recently said alcohol is the greatest curse of his country, and I say 'Let the Kaiser beware of Russia since that country has abolished vodka from use everywhere within its borders.' When Dr. Stough asked for trail hitters who would promise to cut out booze absolutely about fifty men came forward.

Sermon for Moralists At last night's service Dr. Stough spoke on the effect of sin on the conscience, directing his remarks especially to the so-called independent thinkers, the moralists and the self-sufficient people who sit back and say they have no feeling, no desire to be right in the sight of God. He said sin is like a false compass, that misleads the soul, gradually defiles the mind and destroys the moral sensibilities until in the last stage the will is taken captive by the devil. He recalled the tragedy of Faust, to whom the devil said, as he was signing the contract for his soul, "Remember, of your own free will you are doing this."

At the beginning of the service two hundred children from all parts of the city responded to Professor Spooner's call for volunteers to come to the platform and sing "The Brewers' Big Horses." "Yesterday morning Dr. Stough preached on the "Fight in the Air," or the contest between the powers of darkness and the kingdom of Christ. It was a theological discourse on the position of the devil and his mastery in the world's territory until the final coming of the kingdom of Christ. On Saturday night Dr. Stough spoke on "What Shall I Profit a Man if He Gain the Whole World and Lose His Soul?" laying especial emphasis on the world evil of money-getting and lust for power. He drew part of the lesson from Lot, who went out to get money and power. At the close of the meeting about thirty converts hit the trail and twenty-five church members reconverted themselves.

Dr. Swallow Tells of Work Here at Altoona Altoona, Pa., Nov. 23.—Before a large congregation in the First Methodist Episcopal Church yesterday aft-

noon the Rev. Dr. Silas C. Swallow, of Harrisburg, well-known minister of the Central Pennsylvania Methodist Episcopal Conference and reform leader in Pennsylvania, delivered an address under the auspices of the men's work committee of the Stough evangelistic campaign. It was the first great mass meeting inaugural to the campaign to be conducted in Altoona next January by Dr. Henry W. Stough and party, who are now in Harrisburg, and in his address Dr. Swallow told of the work that is now being done in the capital city and of what should be done by way of preparation for their coming here.

A HARRISBURGER'S VIEW Harrisburg, Pa., Nov. 23, 1914. To the Editor of the Telegraph: Yesterday I attended the P. M. meeting at the Stough Tabernacle, and was very favorably impressed with the services. I believe that every man present in the vast congregation feels that the days of the liquor traffic are drawing to a close.

The talk given by Dr. Stough was a scholarly discourse, but it impressed me that the Doctor did not show the appreciation of what the newspapers and their own city are doing for this great cause. He mentioned a Philadelphia newspaper in very flattering terms, but he failed to mention that two of our city newspapers do not accept liquor advertising and they both advocate total option. No doubt, this was an oversight on the part of Dr. Stough and we hope in the future due credit will be given our own newspapers that are doing what they can for the good of mankind. Yours truly, A HARRISBURGER.

STOUGH CAMPAIGN NOTES At the Ridge Avenue Methodist Episcopal Church yesterday afternoon Miss Palmer preacher, after a sermon on the subject "A Decision of a Court." Six women were converted and much enthusiasm prevailed. Mrs. C. E. Hillis sang a solo. A ladies' chorus sang several selections. Among the ladies in the chorus were Mrs. Turner, Miss Mary R. Turner, Mrs. Carl Heffner, Miss Mayme Sellers, Mrs. J. E. Watson, Mrs. E. S. Schilling, Mrs. U. F. Swengel, Mrs. Walter E. Dietrich, Mrs. J. A. Lyter and Mrs. J. E. Gipple.

Miss Eggleston held a rousing children's meeting after the "Booster Chorus" arrived from the tabernacle, at the Christ Lutheran Church yesterday. The ministers of many denominations are interested to hear Dr. Stough preach on the "Fight in the Air," and the following ministers on Saturday evening were the Rev. D. W. Allison, Church of the Brethren, Shippensburg; the Rev. Charles A. Parson, Church of God, Marysville; the Rev. C. O. Myers, United Brethren, York.

"Biller" Shannon, preliminary organizer of the Stough campaign party, will leave at the beginning of this week for Altoona. The W. C. T. U. night at the tabernacle will be held Tuesday, December 1. On Wednesday of this week the workers of the bridge and construction department of the Pennsylvania Steel Company, Steelton, will attend the tabernacle services in a body. A delegation from Camp Hill will attend the tabernacle services Wednesday night. The offering yesterday was as fol-

lows: Morning, \$148.72; afternoon, women \$28.35, children \$65.42, men \$28.62; evening not reported. Total, \$1,012.89. Sunday school night will be held on Friday at the tabernacle. All Sunday schools of the co-operating churches will meet at their respective churches and march to the tabernacle, where reserved seats will be held for the large delegation. All teachers and pastors are urged to report not later than Wednesday to Chief Usher Housel how many scholars by classes are expected to attend. Walter Kelly, of Altoona, chairman of the personal work committee of the Altoona campaign, attended the services Saturday night. Miss Josephine Colt, of the training personal workers classes, will leave to-day for her home at Binghamton, N. Y. She will arrive at Altoona Saturday. All persons interested in personal work of the campaign are urged to meet at the Ridge Avenue Methodist Episcopal Church, the Rev. J. H. Daugherty, pastor, this evening from 7.30 to 8.30 o'clock. The Rev. A. J. Greene, pastor Second Baptist Church; the Rev. A. M. Samsell, pastor Park Street United Evangelical Church; and the Rev. J. A. Lyter, pastor Berry Street United Brethren Church, assisted in the devotional exercises yesterday morning at the tabernacle. Hundreds of neighborhood prayer services will be held to-morrow morning from 9 to 9.30 throughout the city. At the big "Booster" song services yesterday afternoon which preceded the lecture on "Booze and Booze Hoisters," at the tabernacle, the boosters presented Professor Spooner and Mr. Erwin each with a basket of fruit and a bouquet of carnations. Two boys, William Webster and George Tomlinson, sang booster choruses. J. Landis Weidenhamer and Alton Selber sang the Philadelphia and Reading and the Pennsylvania Railroad songs.

A SURE WAY TO END DANDRUFF Stop Falling Hair and Itching Scalp—At Once There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, when you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is not the hidden, as well as the Triple when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and itching of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel hundreds of times better. If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it—Advertisement.

gine bells, which were on the platform. The twelve boys selected for the illustration used in the "selling of boys to become drunkards" were Kenneth Lindsey, Paul Unger, Carlyle Erdley, Ross Reed, Meredith Dollman, Kaupp Burchfield, William Webster, Russell Shultz, Harold Geiger, Walter McCahan, Nelson Bay and Landis Weidenhamer. LIVE-WIRE WORKERS Frank H. Gregory, general secretary of Pennsylvania Railroad Young Men's Christian Association, is doing excellent work in the assigning and directing of the personal workers corps. He is assisting at the services when the invitation is given to trail-hitters. H. P. Latsbaugh, of the Sixth Street United Brethren Church, a member of the publicity committee and a live-wire in the campaign orchestra. A BOOK THAT REVEALS THE CAUSES OF THE WAR "The Story of Europe" Explains the Century of Quarrels Leading to the Present Conflict The unique value of "The Story of Europe," which we are distributing to our readers, consists in the fact that it lays bare the deep-rooted causes of the most stupendous conflict in the history of man. It shows clearly how Europe has become a camp of hostile powers, explains the real facts about the Triple Alliance and Triple Entente, and tells how and why they were formed. It describes the hidden, as well as the apparent, forces that have been at work for generations looking toward this great war. It portrays the issue of Pan-Slavism versus Pan-Germanism that has had much to do with precipitating war at the present time, and tells graphically of the giant struggle between Great Britain and Germany for

commercial supremacy and its influence in a conflict. It explains the colonial policy and development of the great Powers, all of which have rich colonial possessions except Germany. It draws a true picture of the greed and jealousy that have kept nations constantly ready to jump at one another's throats. Never has the indictment of Europe been so fully and fairly drawn as in this great book, which enables you to understand why the nations of Europe are now at war. Delay in obtaining your copy of this great book may cost you the opportunity. Cut out the coupon printed on another page and get the book to-day.

SPECIALIST DECLARES DIABETES CURED Specialists advised the family of David Brunner, of the Brunner Mercantile Company, New Orleans, that he was in a hopeless condition. Patient had had Diabetes for fifteen years and Neuritis had developed. He could hardly sleep and at times was delirious. The disease was inherited, patient's father and mother both dying of Diabetes. His wife would not give up and sent for Fulton's Diabetic Compound. Improvement came in a month, and five months later patient "was declared cured by one of the greatest nerve specialists here." "You can refer people to me." Please note that specialists determined the hopeless nature of the case and later confirmed the patient's recovery. In view of testimony like this from physicians, how can brother physicians hold Diabetic patients to Codeine and certain failure with its unhappy consequences when there is a vegetable infusion that has the effect to reduce sugar in Diabetes and thus permits recovery like the above in many cases. J. H. Boher, 209 Market Street, is local Agent. Ask for pamphlet or write John J. Fulton Co., San Francisco.—Advertisement.
