STATE NOT REQUIRED TO PAY "WAR TAX"

Deputy Attorney General Hargest Renders Opinion to Superintendent Rambo

The State of Pennsylvania is not required to pay a war tax on shipments of state property by the state whether by freight or express or to pay any tax for telephone or telegraphic messages on state business and paid for by the commonwealth according to an opinion given to-day by Samuel B. Rambo, superintendent of Public Grounds and Buildings, by William M. Hargest, Deputy Attorney General. The opinion is the first to be rendered on the new tax at the Capitol and Mr. Hargest supports his conclusions by numerous citations that the Federal Government can not tax a State Government in such matters and states that the Commissioner of Internal Revenue acquiesces in the conclusion.

COST OF GOVERNMENT GIVEN TO CONGRESS

With the expectation that the postal service will continue to be self-sustaining the postal item of \$297,355,164 will be deducted as it is returned to the treasury from postal earnings leaving the actual total of expenditures at \$793,419,970. Army and Navy Increases As there is such a comparatively small change in the estimates there is also comparatively little change in the items of fixed charges and new estimates for expenditures have been reduced to the minimum. While the items of reductions, the army and navy establishments alone show increases of any note. The army estimate is increased to \$105,866,850 as against a current appropriation of \$101,977,802; the naval estimate is \$142,619,033 against a current appropriation of \$141,393,217.

RAILROAD NEWS

WILL BE CREDITED WITH NO CHARGE TO BE MADE AS REPORTED; TO ECONOMIC DISTRIBUTION

Reports that the Pennsylvania Railroad, with other railroads, would charge the nominal sum of one cent for time tables were vigorously denied to-day at the local ticket offices. It had been reported that the railroad was planning to have schedules distributed with the aid of a slot machine device, and that one cent would be charged for every schedule. There will be some economizing in train schedules, however, and it is proposed to not only cut down the number of places where general schedules can be had, but to place them in charge of men who will see that schedules are not thrown away. It is probable that a small rental will be paid for a schedule board in hotels and cigar stores, with the understanding that a close watch be given these boards by clerks and proprietors.

RAILROAD NOTES

Slow freight movement on the main lines of the Pennsylvania Railroad was resumed last night at 8 o'clock, after a forty-eight-hour shutdown. Notice has been received at the local office of the Adams Express Company, to resume the sale of traveler's checks, which were discontinued some time ago.

BIG PAROLE BOARD

December Session Will Be Marked by the Largest List Known Since Tribunal Was Created

COMPLAINTS COMING IN

Objections Made to the Accommodations of the Reading Railway in Lititz Town

Indications are that the calendar for the session of the State Board of Pardons on December 15 will be the largest ever prepared for that tribunal. Forty-two applications for pardon, without counting in the applications for release on parole with endorsement of penitentiary inspectors and the usual other business, are listed. Of this number thirty are new cases and the remainder continued from the November session.

COUNCIL TO ACT ON LIGHTING SYSTEM

Proposed Changes Discussed; Action Will Be Taken on Traffic and Snow Ordinances

At the December meeting of Steelton's council this evening final action will probably be taken on the proposed changes to the borough street lighting system.

A number of changes in the present locations of lights will be threshed out and it will likely be decided to replace many lamps with 100-candlepower incandescents and in this way secure a better distribution of light. The expense will, incidentally, be reduced considerably, it is believed. These proposed changes have been before council for several months.

It is also likely that Councilman Wagnenhausen's pet snow removal ordinance will be brought out of committee to-night. By this ordinance it is planned to have the Harrisburg Railways Company pay part of the cost of snow removal. The ordinance was introduced a piece last winter's snow was still on the ground.

Another ordinance before council is Burgess Wigfield's traffic ordinance. The Burgess believes council should co-operate with him in removing the traffic troubles which have been responsible for the death of five people within the last year, according to the belief of many residents.

Russell-Peters

A pretty home wedding was solemnized at the home of Mr. and Mrs. S. C. Peters, with Union street, Saturday, when their daughter, Miss Elizabeth, married to Charles L. P. Russell, of Philadelphia. The ceremony was performed by the Rev. Fuller Bergstrom, pastor of St. Peter's Lutheran Church. The bride wore an attractive traveling suit of blue and white, last to match her hair. She carried a bouquet of orchids and violets. Only the relatives and a few friends were present. Following the ceremony a wedding dinner was served, after which Mr. and Mrs. Russell left for a honeymoon trip through the south and to the West Indies. They will be "at home" after February 12, at their new home, 20 Union street.
