

**Armour's SILVERCHURN OLEOMARGARINE**

Pure Delicious Economical

Made under U. S. Government supervision. It is not "imitation butter"—but a distinct product, having its own merit. It consists of choice fats, cream and salt—all essential food elements of every day use, properly blended by churning before being packed in hygienic paraffined cartons.

ARMOUR COMPANY

NEW SIGLER FACTORY ON ALLISON HILL

SIGLER CO. PREPARES TO MOVE INTO MILL

[Continued From First Page]

already the business of the firm has increased to the point where the company has been forced to order supplies that will produce 5,000 actions during the next twelve months.

Charles E. Bard, vice-president and mechanical superintendent of the company, who invented the action, started work on the instrument little more than a year ago. Just how remarkable has been the development of his idea is seen in the figures given above.

Orders Pouring In

Orders have been received by the company from firms all over the United States. Only last week J. C. MacCollum, of Williamsport, closed a contract with the Sigler people which will mean big orders during the next twelve months in that section of Pennsylvania.

The firm has already shipped pianos as far west as California, and the trade in the South and Middle West has been developing orders faster than the present factory at Nos. 428-428 Market street has been able to handle them.

The new Sigler factory is rapidly nearing completion and from present indications the formal opening of the building should be an event of early January.

**Factory Right Up-to-date**

Up-to-date in every feature, the factory will include the best and most modern heating, lighting and ventilating systems. The plant will have its own heating system and will also install its own dynamos for driving its electric motors and furnishing its light.

Five new machines have been or-

dered by the firm, and these will be installed within the next three weeks.

The building itself is a handsome brick structure, with steel girders and maple flooring. It has a twelve-foot basement, in which manufacturing can be done. It extends well above the ground level so as to furnish plenty of light. Three stories rise above the basement, and each is equipped in an especial way for the various phases of the work which will be carried on therein. The elevator is on the outside of the building, coming in contact with a concrete platform along a branch of the Philadelphia & Reading Railway Co. Harrisburg being one of the most important distributing centers in the East, it affords ideal conditions, both for the manufacturing and shipping of the firm's product.

The factory has been so constructed that a hundred-foot wing can be added at any time, and the walls are heavy enough for the adding of another story if needed.

The offices will be fitted beautifully in natural wood.

Choose Department Heads

All arrangements have been made by the company heads for the management of the various departments. Mr. Sigler will have control of the sales end of the business. Mr. Bard will be the factory superintendent and will also look after the manufacturing and purchasing ends.

Mrs. C. E. Bard, who has been taught all there is to know about player actions by Mr. Bard himself, will inspect every piece that goes into every action sold. H. E. Auchinbaugh will be in charge of the assembling room. W. N. McKinney, formerly of Springfield, Mo., will look after the repairing and tuning department. The installation department will be under the supervision of Albert Alleg, formerly of Newark, N. J., where he was employed by the Lauter Co. Albert Stokey, formerly of New York City, will be in charge of the mill room.

Just as soon as the factory is in running shape the firm will begin an extensive campaign of advertising throughout the United States. The original capitalization of \$6,000 has been increased to \$100,000 under charter of the State of Pennsylvania. The officers are: C. M. Sigler, president; Charles E. Bard, vice-president; and John W. Thompson, treasurer.

Dealers Praise Action.

Prominent piano dealers throughout the country who have inspected and heard the action say that with the marketing of the Sigler piano-player a long-felt need in piano circles has been successfully met. For since the advent of this action a player-piano—the most modern of musical instruments—may be made of any upright piano, either in the home or on the market. This makes possible the ownership of a player-piano of your choice.

The Sigler piano-player is a strictly first class, up-to-the-minute \$8-note piano-player. It contains all the latest devices, including an automatic pedal, automatic tracking device, and automatic regulator which puts the wind pressure of the player under the complete control of the operator.

Mrs. Pankhurst Urges Men to Go to War

LONDON, Dec. 8. — Mrs. Emmeline Pankhurst has made a strong appeal in the name of the women to the young men of Great Britain to join the army. "We women are the weaker sex," she said. "Men have said: 'We fight for you. We protect you.' Well, this is the testing time. We say this is the time for men to redeem their pledges to women. We have been allowed to prepare ourselves for self defense because we are women. Why then should any man hesitate in volunteering to go into the fight."

TWO FIRE COMPANIES CHOSE NEW OFFICERS

George McIlhenny Heads Mount Pleasant; Harry Dyblie President of Shamrock

Officers were elected last night by the Mt. Pleasant and the Shamrock fire companies.

Those chosen by the Mt. Pleasant Fire Company were: George W. McIlhenny, president; John W. Bowman, vice-president; Charles E. Boyer, recording secretary; R. G. Gilbert, financial secretary; John W. Bowman, custodian; Charles Smith, trustee; Henry Smith, Charles Kelly and Benjamin Shireman, horse committee; Dr. J. W. Shope and Frank Deeter, house committee; C. E. Boyer, John W. Bowman and Elmer Whitmore, delegates to firemen's union.

Shamrock elected the following: Harry G. Dyblie, president; Thomas Wenrick, vice-president; Charles Decker, recording secretary; Charles E. Low, financial secretary and treasurer; John Moore, Ira Gumpfer and Walter

N. Funk, trustees; Ira Gumpfer, John Moore and Lewis Straining, horse committee; Lawrence Robinson, foreman; Walter N. Funk, first assistant foreman; Thomas Wenrick, second assistant foreman; Elmer Hiney, Edward Ellis and John Moore, delegates to firemen's union; Edward Ellis, Elmer Hiney and William H. Low, fireman's relief; Francis F. Gardner, delegate to S. F. convention; William H. Low, alternate to S. F. convention; J. J. Weaver, Charles C. Shutt and Lawrence Robinson, delegates to Cumberland Valley convention; L. Straining, alternate to Cumberland Valley convention; the Rev. John M. Warden, chaplain; Edward Metzger, driver.

William S. Tunis last night was nominated president for the eighth consecutive time at a meeting of the Mt. Vernon Hook and Ladder Company. The other nominees are: H. D. Hilton, vice-president; Charles H. Hilton, recording secretary; Robert H. Hughes, financial secretary; William G. Etter, treasurer; Stephen Bitner, foreman; H. J. Seabold, assistant foreman; DeWitt Franklin, horse director; William S. Tunis, Robert H. Hughes and Stephen Bitner, trustees; DeWitt Franklin, Martin J. Gastrock, Joseph Connelly, H. D. Hilton and H. Q. Black, delegates to firemen's union, (three to be voted for); DeWitt Franklin, delegate to firemen's relief; William H. Schamp, delegate to State firemen's convention, and Stephen Bitner, alternate.

Folded, with handsome cover to fit the pocket.

WOMEN SUFFER FROM WAR

Thousands of Women of Europe Are Left Destitute, Unprotected and in Misery.

The hearts of the women of America go out to their sisters in Europe who are left in misery and want. American women often suffer from derangements that are purely feminine.

At the first symptoms of any derangement of the feminine organism at any period of life, the most really helpful remedy is Dr. Pierce's Favorite Prescription.

It is a woman's medicine and as such its mighty and marvelous restorative power is acknowledged the country over.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing down sensation, mental depression, dizziness, fainting spells, lassitude and exhaustion women should never fail to take this tried and true women's medicine.

It's not a secret remedy for all the ingredients are printed on the wrapper. Sold in either tablet or liquid form.

A GREAT BOOK EVERY WOMAN SHOULD HAVE

"If you will pay the mailing charges which are but a trifle," says Dr. Pierce, "I will send you my cloth bound book of over 1,000 pages with color plates and numerous illustrations and will not charge you a penny for the book itself."

Over a million copies of "The People's Common Sense Medical Adviser" are now in the hands of the people. It is a book that everyone should have and read in case of accident or sickness. It is so plainly written that anyone can understand it.

Send 29 cents in stamps for mailing charges to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and enclose this notice and you will receive by return mail, all charges prepaid, this valuable book.—Advertisement.

A Fine Treatment For Catarrh

**EASY TO MAKE AND COSTS LITTLE**

If you suffer from Catarrh, head noises, sore throat, asthma, or Catarrhal deafness, here is a fine recipe that often gives relief after other treatments have failed.

Its effect in the worst cases is usually most striking and positive. The new method of treating Catarrh we believe is to employ a remedy that will quickly drive the catarrhal poisons from the system and at the same time by tonic action increase the vitality, which is always lowered by this insidious disease. To do this, we believe the following formula to be really the best prescription as it acts quickly, costs little and can be easily prepared at home.

From your Druggist obtain one ounce of Farnint (Double Strength), about 75¢ worth, take this home and add to it one-quarter of a pint of hot water and four ounces of granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the most miserable headache, dullness, sneezing, sore throat, running of the nose, catarrhal discharges, head noises and other loathsome symptoms that always accompany this disgusting disease.

Loss of smell, defective hearing and mucus dropping in the back of the throat are other symptoms that show the presence of catarrh and which may be overcome by the use of this simple treatment.

Every person who has Catarrh in any form should give this prescription a trial.—Advertisement.

**Allentown.**—The family of Lewis Laubach, of Egypt, announced that he disappeared two weeks ago, and they would be glad for information as to his whereabouts.

**BARNEY OLDFIELD IN MAXWELL**

"Barney Oldfield, master driver of the world, driving a Maxwell, entry number 14, won second place by checking official scorers, who have admitted an error in the flagging of Oldfield in a Dusenbergs. The discrepancy in time was found between the seventeenth and eighteenth laps when O'Donnell was at the pits. This was the good news flashed over the wire the second day after the race, when the report has already gone out that Oldfield had won third place.

Oldfield was easily the sensation of the day. He broke all speed and non-stop records for this distance on the road and track, averaging 85 3-10 miles per hour, and defeating Cooper and Klein in Stutz cars; three Dusenbergs,

which made such splendid showing at Minneapolis; two Sunbeams, one driven by Harry Grant; two other Mercers, and two French Peugeot, driven by Bob Burman and Rickenbacker, the same cars which were the sensations at the last Indianapolis Speedway 500-mile race.

Oldfield drove his Maxwell at top speed from the start, not visiting the pits nor making a stop for anything during the entire race. This record is marvelous, considering the fact that Oldfield had only two one-hour practices with the Maxwell, his services having been arranged for at the last moment, during the practice of Tuesday.

The official time for the race now stands: Pullen, in a Mercer, first, with a time of 3 hours, 26 minutes and 30 seconds; Oldfield, driving a Maxwell, 3 hours, 29 minutes and 48 seconds; O'Donnell, in a Dusenbergs, 3 hours, 31 minutes and 29 seconds; De Palma, in the same Mercedes that created such a sensation in the Grand Prix Race in France this year 3 hours, 31 minutes and 51 seconds.

The largest crowd in the history of racing witnessed the Corona Race, which was in doubt until the last lap, when Pullen, Oldfield and O'Donnell, finishing close upon one another, made a most exciting ending to the great contest.
