Gorgas, 16 North Third street, and get a 50-cent package of my Asthmador and should it fail to give instant relief, these druggists will cheerfully refund your money without any question whatever." The Doctor says further: "No matter how violent the attack, how obstinate the case or what else has failed, my Asthmador or Asthmador Cigarettes will give instant relief, usually in 10 seconds, but always within 15 minutes. Hundreds of unsolicited testimonials abundantly prove what my remedy has done, and I know it will do the same for others. I am so positively certain that it will produce instant relief and will be found the best remedy ever used that I have no fears of authorizing these druggists to give this guarantee or of their being called upon for the refunding of money." No risk whatever is run in buying this remedy under this positive guarantee.

Persons living elsewhere will be supplied under the same guarantee by their local druggist or direct by Dr. R. Schiffmann, St. Paul, Minn.—Advertisement.

**A Home-Made Hair Grower That Does Marvels**

During the last few years announcements have appeared occasionally telling how to make a really good hair tonic that would actually make the hair grow, and it gives us great pleasure to learn that so many who have tried it have obtained such remarkable results. One lady writes that immediately after reading the formula, she went to her druggist and had him put up an ounce of 2 ounces of Lavona de Compose, 2 dram Menthol Crystals, and 6 ounces of Bay Rum. She took this home and, although her hair had been falling out terribly and she was threatened with baldness, she was astonished and delighted to note that the falling out of the hair stopped immediately, and the hair itself began to grow in an amazing manner. In fact, she states that it has already grown nearly 8 inches in a little over two months. Moreover, her hair is now brighter, glossier and more luxuriant than ever and is still growing. She rubbed the tonic into the roots twice a day for the first three weeks, but now applies it only once a day. It is especially interesting to note from this and other reports that this home-made hair grower not only makes the hair grow most marvelously, but it also destroys the dandruff germ and keeps the hair roots and scalp in a perfectly healthy and normal condition.—Advertisement.
