HIGH SCHOOL BOYS ATTEMPT BLACKMAIL

Arrested For Trying to Extort Money From Catholic Priest

Special to The Telegraph
Sunbury, Pa., Dec. 9.—Frederick Brosius and W. J. Winters, Sunbury high school students, were caught in the act of picking an envelope off the porch of the Rev. Father G. W. Brown, the rector of St. Michael's Catholic Church here, early yesterday, in which there was supposed to be \$2,500 in money for Brosius, which he is said to have demanded from the priest. Brosius confessed, absolving Winters of all blame.

For several days past the priest, ac-

ording to his statements, has been receiving letters demanding money or the writer would "tell what he knew" about the priest. Tired of it he turned the matter over to Merle Shanman, police chief, and also arranged with Brosius to get the money off his front porch. When the two young men stepped up on the porch Winters was arrested, but Brosius escaped. He later gave himself up and made a full confession.

NEURALGIC PAINS

Among the causes of neuralgia the most important is the general physical condition of the patient. Neuralgia is most common in persons reduced in strength by overwork or some form of overexertion, physical or mental, or by loss of sleep. Anaemia, or lack of good, red blood, is a common cause of neuralgia. The reason for this is plain. The nerves get their nourishment through the blood. When the blood is thin and weak the nerves are badly nourished, they become inflamed and neuralgic pains are produced. These pains have been described as "the cry of a starved nerve."

Her applications to soothe these inflamed nerves and Dr. Williams' Pink Pills to build up the blood and carry the needed elements to the nerves is the correct treatment and one that has brought good results in so many cases that it is no longer an experiment. Headache, backache, sleeplessness, nervous debility, nervous breakdown, St. Vitus' dance after the functional forms of partial paralysis show good results under the tonic treatment with Dr. Williams' Pink Pills. Send to-day for the booklet on Nervous Disorders to the Dr. Williams' Medicine Co., Schenectady, N. Y. It is free.
