ASKED TO REOPEN

Philadelphia People Want the Rate

H. Moffit, \$400. Commissioner W. H. Lynch offered an ordinance authorizing the purchase by the city of a plot 93 by 131 feet at Cameron and Kittatinny streets, from the McAllister estate at an approxi-mate cost of \$9.765 for the proposed street asphalt repair plant. The 1915 budget ordinance was in-troduced in skeleton form. Edwin M. Abbott, attorney for the ombined committee of the United Business Men's Association of Phila-lelphia and Commuters' Association in he proceeding before the Public Serv-ce Sommission in reference to in-reased passenger fares, has filed with he commission this morning an appli-ation on behalf of complainants for a ehearing, presenting the following easons:

## 1915 Water and Health **Budgets** Offered Today

That the limitation of the sale of

Water and health departmental bud-gets for 1915 were incorporated in two different ordinances introduced this af-ternoon in City Council by Commis-sioner Harry F. Bowman, superinten-dent of public safety. Both departments require separate measures. The total requests for the water de-martment amount to \$122,239,83 for the twelve months. 'In 1914, for nine months, \$138,798 was asked for, al-though some \$22,239 of this comprised sums for extending street mains, pur-chasing and repairing water meters, etc., that had been appropriated after the budget had been passed. In 1913, for the twelve months, the budget to-taled \$135,191.55. Mr. Bowman asks, among other things, \$12,000 for main-tenance of the pumping station, \$10,-000 for the filter plant, and \$10,000 for street main extensions. He has pro-vided \$109,400 for the water debt. For the bureau of health and sanita-1. That the imitation of the sale of 0-trip individual commutation tickets did for a period of six months from ie date of issue, the rate charged for ese tickets not to exceed 1½ cents a lle, is an unfair limitation and prac-cally grants the desire of the rail-ads to eliminate this form of trans-ritation completely.

coads to eliminate this form of trans-bortation completely. 2. That the suggestion of a maxi-num rate of 1½ cents per mile is un-air to the commuter, in that the for-ner basis of comparative rates be-ween stations was never considered heretofore on a mileage basis, and that inder the supplemental schedules as iled upon a basis of 1½ cents a mile he various commutation rates for the 00-trip ticket have been advanced rom 10 to 100 per cent. in many in-tances.

and to the filter plant, and \$10,000 for street main extensions. He has provided \$109,400 for the water debt. To the bureau of health and sanitation Mr. Bowman wants \$10,430; for collection of garbage and ashes, \$23,-948 (including \$2,448 for Thirteenth Ward); for the food inspection department, including two inspectors, contingent, etc., \$3,640 is asked, and for the plumbing inspector. More assistant to the plumbing inspector. Mr. Bowman will dispense with this of field. The entire total of this budget amounts to \$49,838.

Washington, Dec. 15.—Colonel Rooseveit loomed up to-day as a pos-sible witness before the House Nava 6. Committee in its discussion of the pre-paredness of national defences. At to-day's session Representative Hob-son pressed the question to call defences. At the question was left to be decided in an executive session of the commit-tee. Representative Buchanan remarked that "due to the fact that Dr. Roose-velt seldom expresses himself through the newspapers and magazines, ift might be well to get hold of him on the sub-ject"
