GIRL DIES IN HOSPITAL

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors are most successfully treated with Hood's Sarsaparilla. "Editor, Woman's Home Companion New York City.

Dear Editor : I figure that the \$1.50 which I spent for the Woman's Home Companion a year ago has saved me nearly \$30. I am not going to trouble you by sending a complete record, but I have kept it from day to day. I figure that Miss Farmer's cooking suggestions have saved me at least ten dollars on my marketing, and that we have had better meals at less cost. Miss Gould wrote me a long personal letter which told me just how to make one of my last year's dresses over into this year's style. This saved me at least ten dollars.

And your crocheting and knitting pages helped me to make Christmas presents which were more attractive than anything I could have bought in the store and saved me practically all my Christmas money. I consider that every issue of the Woman's Home Companion will save three or four times what it costs.'
