HAVE DARK HAIR AND LOOK YOUNG Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur Compound. Whenever her hair fell out or turned that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time remedy ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair. A well-known downtown drug says everybody uses Wyeth's Sage and Sulphur, because it works so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears after another application or two, is restored to its natural color, looks glossy, soft and abundant. Advertisement.
