The Live Store's JANUARY REDUCTIONS A Real Triumph

Of course, we expected the announcement of our January reductions to bring business, but scarcely the great volume of the past few days. Perhaps it can be accounted for by the fact that more men than usual have postponed buying this year until now. Whatever the reason, we're glad to record our appreciation and to renew our contention that this is beyond question the biggest value-giving event in town.

Reductions -- which involve only new, known-quality merchandise---which includes every Suit and Overcoat in our stock for Men and Boys. These reductions are in accordance with the fixed policy of our firm to start each season with an entire new stock of goods.

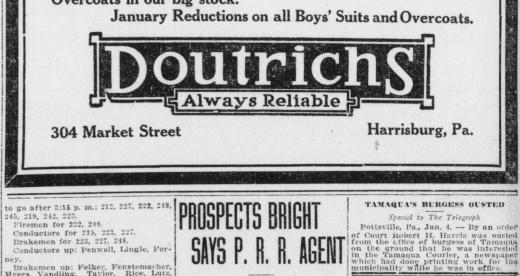

These legitimate reductions come after the biggest season and biggest year 1914 we have ever had.

REAL REDUCTIONS from our former low prices for high-grade clothing.

NO FICTITIOUS PRICES ever quoted here---reduction time or any time---nor do we ever handle **OUESTIONABLE MERCHANDISE** at regular or reduced prices. That is the reason these reductions do not seem as great as some you read about.

This remarkable sulphur made into a thick cream effects such prompt re-lief, even in aggravated Eczema, that it is a never-ending source of amaze-ment to physicians. For many years bold-sulphur has occupied a secure position in the treat-ment of cutaneous eruptions by rea-son of its cooling, parasite-destroying properties and nothing has ever been found to take its place in relieving irritable and inflammatory affections of the skin.
