A participant declared that while no definite plans had been agreed upon, those present were unanimous that every possible effort should be exerted in Congress to bring the army and navy up to the highest standard of efficiency then possible produced with the resources available.

PANIC FOLLOWS FIRE IN SUBWAY TRAIN some persons were thrown down and trampled on. Victims Laid on Sidewalk As fast as the unconscious victims were removed from the tube they were laid on the sidewalk, carried into stores and offices and given first aid by squads of firemen and surgeons. So great was the demand upon the fire-fighting forces of the city to aid in the work of reviving the unconscious that bury calls were sent by telephone to Brooklyn for aid from the firemen there. As the fire began to cool long streams of firemen, each carrying in his arms an injured or unconscious victim, entered the two stations. The victims were placed in the open air and the firemen went back for more. Collisions Given as Cause Unofficial reports gave the cause of the fire as a collision between express trains. At the time of the fire the subway contained a train and a previous fire extinguished only a few minutes before at the Spring street station. It was shortly before 9.30 o'clock that the wisps of smoke began to drift from a crater. Hose was directed from a crator. Hose was directed through the opening and even hand extinguishers were used. Ambulances on Scene For an hour the ambulances were lined with the ambulances that came from all over the city. A cordon thrown around Broadway by the police held in check tens of thousands of spectators. Two hundred persons in all were taken to the Polyclinic, the surgeon said, but as far as he knew, with one exception, none had been fatally injured. Dr. Martin G. Brumbaugh Dined by "School Family" Philadelphia, Jan. 6.—Governor-elect Martin G. Those present included Dr. Jacobs, the new superintendent; the associate superintendent, Dr. George Wheeler; Dr. John P. Garber and Dr. Oliver Commans, with their secretaries; the district superintendents and other employees of the Board of Education, with offices on the twelfth floor of the Stock Exchange Building. STUART'S DYSPESIA TABLETS. Fancy a master that works a horse so long, without rest, that the poor old beast is last night in a coma. Fancy yourself doing the same thing with your stomach—the noblest of all our physical organs. Just imagine yourself devoting time and energy to the digestion of a meal which you cannot digest because of wrongful ingredients given to you by the food. It is not a man very foolish to imagine a raw sick stomach capable of good work when the juices it receives are so filled with alkali or acid that they actually eat the stomach membrane. Do you not know from a common sense point of view that to continue such a course means not only the impairment of your stomach but of all digestive organs as well? Stuart's Dyspepsia Tablets go into your stomach just like food. They are so powerful in health giving qualities that almost instantly the work of digestion is improved. They ease up the stomach's work. They go into the blood and balance it perfectly. Thus, when the stomach calls for new juices at your next meal you are able to furnish them. They give you common sense will tell you that so great an aid to digestion as Stuart's Dyspepsia Tablets could not be in every drug store, unless demanded after trial by all classes of stomach sufferers. No more are they a doubtful quality. They have passed a rigid examination by all manner of stomach and digestive tests, and they have been awarded the diploma of American patronage. Theirs has been the practical test. Stuart's Dyspepsia Tablets are for sale at all drug stores at 50c a box. Send coupon below to-day and we will at once send you by mail a sample free.
