ENOUGH REPUBLICANS TO ELECT PRESIDENT

Democratic Majority in Next House Due to Progressives; Bull Moosers Come Back

Special to The Telegraph

Washington, D. C., Jan. 8.—The result of the elections of November last proves three very important political facts:

First—The Republicans carried upon national issues States that would give a clear majority in the electoral college, and elect a Republican President.

Second—The Democratic majority in the next House is only the result of the Progressive vote in certain districts of the country, and the Democrats will be really a minority party in the House of Representatives.

Third—Two-thirds of the Progressive vote of 1912 has not only ceased to support third party candidates, but has returned to the support of Republican principles and candidates.

This is the story that is told by the official figures of the last election just compiled by the Republican national committee. They are the official figures of thirty-eight different States, representing all sections of the country.

23 States Republican

The Republicans carried twenty-three States, which in the electoral college cast 283 votes for President, a clear majority of 22 over the 266 necessary for a choice. There are three States which may be temporarily classed as doubtful, as on national issues they divided their allegiance. These are Oregon, South Dakota and Nevada, in which Democratic Senators were chosen, but Republican Congressional delegations were elected. At this election 230 Democratic members of Congress were successful. In 29 of the Congressional districts of the country the Progressive vote was larger than the Democratic plurality, so that, had it not been for the Progressive vote, the Democratic membership in the next House would be only 191, with 218 necessary for a majority. The Progressive vote also elected four Democratic Senators, those in California, Colorado, Indiana and Oregon.

The question of what has become of the Progressive vote of 1912 is well answered in these official returns. In the thirty-eight States whose returns have been compiled, there is a Republican gain of 2,459,583 over the Republican Presidential vote of 1912. There is a Progressive loss of 2,597,811, as compared with the Presidential vote of that party two years ago. In other words, the Progressive loss is within less than one per cent, of being the same as the Republican gain.

Over a Million Plurality

In these twenty-three States which put themselves in the Republican column, the Republican plurality over the Democratic vote was over a million; whereas in 1912 the Wilson vote in the same States was larger than the Taft vote by over one million. Of the total vote cast by the three parties in these States in 1914, the Republicans cast 49.6 per cent.; the Democrats 38.9 per cent., and the Progressives 11.5 per cent. In 1912, the Presidential vote cast was: Republicans,

28.4 per cent.; Democrats, 39.7 per cent.; Progressives, 31.9 per cent.

Taking all of the thirty-eight States in which elections were held together, the Republicans at the November election cast 47 per cent. of the total Republican, Democratic and Progressive vote. The Democrats cast 41 per cent. of this, and the Progressives 12 per cent. In 1912, in the same States, the Republicans cast 26 per cent. of this total, the Democrats 43 per cent., and the Progressives 31 per cent.

The House of Representatives chosen at the November election will contain: Republicans, 195; Democrats, 230; Progressives, 6. In addition to these there are from California a Progressive-Republican, a Prohibitionist and an Independent, and from New York a Socialist. The House of Representatives elected in 1912 contained: Republicans, 122; Democrats, 202; Progressives, 15; Progressive-Republicans, 5, and Independent, 1.

TELLING ADDRESS BY PASTOR BASSLER

Parent-Teacher Association of Maclay School Holds Interesting Meeting

An audience of over a hundred greeted the Rev. Harry Nelson Bassler last evening at the Maclay school building, when he made a telling address before the parent-teacher association of the school.

The questions asked by the speaker were: "What does the school mean to the parent?" "What does the parent put into the public school?" and "What does the parent expect to get out of the school?" Some of the points were made by comparing a life saving station and a school ship. The one shows how to save life when in imminent danger of drowning; the other prepares one to keep away from conditions that tend toward drowning—rather that prevention is better than cure.

Professor Garland presided and there were musical numbers by Miss Rachael Longsdorf and Clyde Hocker. Officers elected for the coming year were: President, Professor S. H. Garland; vice-president, Mrs. Charles Smith; secretary, Miss Ruth Hoover; treasurer, Mrs. Charles Gingrich. There was an interesting discussion between Mrs. Gingrich and Professor J. J. Brehm on the new reading course, which promises so much to future students. Refreshments closed the evening's entertainment.

CIVIC CLUB MEETS AND HAS A LECTURE

Parent-Teacher Association of Maclay School Holds Interesting Meeting

Dr. Millard B. King, of the State Department of Education interested the members of the Camp Hill Civic Club yesterday afternoon in his talk on "Vocational Education" and they in turn will interest their friends in this idea, which is spreading so rapidly.

The secretary was directed to extend the thanks of the club to the Valley Traction Company for their courtesy in extending the fifteen minute car service to Camp Hill residents, and special attention was called to the Red Cross box on the post office, where contributions for hospital supplies may be deposited. Mrs. G. A. W. Bell was appointed to take the minutes of the directors' meeting and reports of standing committees were made.

Owes Her Life to This Lung Medicine

Sufferers from Consumption should take the trouble to investigate what Eckman's Alternative has accomplished in restoring others to health. Read this:—

Griffith, Lake Co., Ind. "Gentlemen—About Sept. 10th, 1908, my mother-in-law was taken sick with Catarrhal Pneumonia, which developed into Tuberculosis. In January, when Rev. Wm. Berg, of St. Michael's Church, at Schererville, Ind., prepared her for death, he recommended that I get Eckman's Alternative and see if it would not give her some relief. The attending physician declared she had Consumption and was beyond all medical aid. Practically without hope for recovery, I insisted that she try the Alternative, which she did. I am glad to say that she soon began to improve. Now she works as hard as ever, weighs twenty pounds heavier than she ever did before she took sick and is in good health." (Abbreviated).

JOS. GRIMER.

Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections, and rebuilding the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, 4¢; regular size, 8¢. Sold by leading druggists. Write for booklet of recoveries. Eckman Laboratory, Philadelphia. Advertisement.

DRINK HOT TEA FOR A BAD COLD!

Get a small package of Hamburg Breat Tea or as the German folks call it, "Hamburger Brust Tee" at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

The Hair Easily Made Beautiful and Attractive

Beautiful hair, thick, fluffy, lustrous and absolutely free from dandruff is not so much a gift of nature as a matter of care and proper nourishment. Hair is like a plant—it will not grow healthy and beautiful unless it has the necessary nourishment. Parisian Sage, a daintily perfumed liquid that is easily applied, tones up and invigorates the hair roots and furnishes the necessary nourishment to not only save and beautify the hair, but also stimulate it to grow long, heavy, soft, fluffy and radiant with life.

When used frequently and well rubbed into the scalp, it will simply work wonders. Just one application stops itching head, removes dandruff and cleanses the hair of all dust and excess oil.

Since Parisian Sage, which can be obtained from H. C. Kennedy, or at any drug or toilet counter, never disappoints, it is no longer necessary for any woman to be humiliated because of thin, streaky, faded, lifeless or unattractive hair—and pretty hair, more than anything else, helps every woman to retain her charm and youthful appearance.—Advertisement.
