U. S. GOVERNMENT IS DISSATISFIED WITH REPLY OF BRITISH

Supplementary Note, However, May Give More Detailed Statement of Position

ENGLISH FIGURES MISLEADING

U. S. Will Oppose Plan to Take American Ships Into Port to Be Searched

Washington, D. C., Jan. 11.—The United States government, it became known to-day, is not altogether satisfied with the note of Sir Edward Grey...

Officials are keenly appreciative of the friendly tone of the British note and of the promises it makes for redress in case of unwarranted injury to American commerce.

Figures cited in the British note, in the view of officials here, are misleading because much of the non-carbonaceous goods which formerly go direct to Germany and Austria have really been shipped to neutral countries...

England's statement that out of 773 ships which proceeded from the United States to neutral countries in Europe since the outbreak of the war only forty-five had cargoes placed in the prize courts...

The board of directors of the National Retail Butchers and Grocers' Association was scheduled to meet to-day to consider the question of the effect of the wholesale prices on the middlemen.

New York, Jan. 11.—American charity has saved Belgium from starvation, declared Ethelbert Watts, American consul general at Brussels...

New York, Jan. 11.—A cruiser which Captain Williamson, of the steamship Curacoa, believed to be Japanese was sighted off the Azores during the Curacoa's voyage here from Havre...

THE WEATHER

For Harrisburg and vicinity: Rain to-night and Tuesday; warmer to-night, with lowest temperature about 35 degrees.

COMPLAINS TO COURT OF 2ND ST. TRAVEL

Unsatisfactory Facilities Owing to Excavations For New Subway, Constable Reports

WATCHING TIPLING RESORTS

Police Chief Says He Has Eye on Certain Class of "Rooming" Houses

Complaint of the unsatisfactory facilities for traveling in South Second street owing to the excavations for the new subway was made to the Dauphin County Court this morning...

The constable reported that for a distance of about 200 feet south of Mulberry the street is torn up; that no provisions have been made for people or teams to travel across Mulberry street...

The city authorities, it is understood, are at a loss for remedy, as it was practically decided that the Second street job should not be started until the Front street subway was open for travel.

Other road problems raised in the constables' quarterly reports included the fact that the hill a mile west of Gratz is impassable and not wide enough for travel...

SUITS MAY FOLLOW BIG LUMP IN WHEAT

Government Investigating Sensational Rise in Chicago Markets Last Week

Chicago, Ill., Jan. 11.—Federal investigation into the present high price of wheat was to begin here to-day to determine whether speculation or attempted "food cornering" has had anything to do with the recent sensational rise in the market.

Albert L. Hopkins, assistant United States district attorney, who is in charge of the inquiry, was prepared to summon a long list of bakers, grainmen, grocers and commission merchants for examination...

American Charity Saved Belgium, Says Consul

New York, Jan. 11.—American charity has saved Belgium from starvation, declared Ethelbert Watts, American consul general at Brussels...

The distribution of American supplies has been handled with skill and dispatch, and the extinction of possibly some outlying villages the distressed Belgians are now assured two meals each day.

"Brussels is quiet and orderly. All automobiles have been confiscated with the exception of the one belonging to me and the machines used by consular representatives of other neutral nations."

OPUM QUEEN ARRESTED IN HER STATEROOM ON STEAMER

New York, Jan. 11.—Mrs. Sophia Ghee, known to the police as "the opium queen," was taken from her stateroom on the steamer Philadelphia when the vessel docked here to-day...

GERMAN FLEET HELD READY FOR DASH TO SEA, REPORT

Paris, Jan. 11.—According to the Copenhagen correspondent of the Temps, the entire German fleet is massed at Wilhelmshaven...

BRITISH SOLDIERS TAKE POSSESSION OF LILLE; GERMANS ARE CHECKED

Renewed Activity of Kaiser's Aircraft Revives Rumors of Zeppelin Raid on England; Force of German Attack in East Has Spent Itself; British Pleased With Note Sent to America

An important advance has been made by the British army, if, as is reported in London, it has virtual possession of Lille. This city lies just south of the Belgian border to the east of the battle line held for several months and its occupation by the British would mean that a sharp bend had been made in the German front.

Neither the French nor German war official statements, however, has given official confirmation of the London dispatch. Renewed activity along the coast of German aircraft which bombarded Dunkirk has revived rumors of a Zeppelin raid over England.

Another lull in the fighting along the Vistula, in Russian Poland, is recorded by the Petrograd war office. The fur of the German attack has not spent itself, however, and although the attempt to break through the Russian line west of Warsaw may have been given up for the time the movement from the north continues in full force.

The British press considers that Sir Edward Grey's reply to the American note concerning British interference with American shipping has disposed of the issue. The reply is regarded as satisfying to British public opinion and the British newspapers take the view that it would satisfy the American public.

Official accounts of the fighting in the West from Berlin and Paris to-day show that comparative calm prevails except at a few points. Even in upper Alsace and in the Argonne, where there have been violent encounters recently, activity has slackened.

Near Soissons and in the vicinity of Perthes, however, spirited engagements are in progress.

FRANCIS TAKE TRENCHES

The German war office admits that the French have captured trenches north of Soissons, toward the western end of the battle line, but states that further onslaughts were repulsed. The French announcement says two more lines of trenches covering 500 yards of the front have been occupied.

LAFOLLETTE OPPOSES FREIGHT INCREASE

Washington, Jan. 11.—Senator LaFollette introduced a resolution to-day to prohibit the Eastern railroads from putting into effect the increased freight rates recently granted by the Interstate Commerce Commission.

In a long preamble to the resolution, Senator LaFollette set forth that no showing was made, or attempted to be made by the carriers, to show that the old rates were unreasonable and that the commission, in granting increases, did not, in accordance with the law consider their unreasonableness but granted them on the ground that the railroads needed money to meet extraordinary conditions and confusion of commerce due to the European war.

BOYS SENTENCED

Paul Schubauer, Joseph Osborne, Milton Schlessler and George Dare were sent to Huntingdon Reformatory following pleas of guilty to sixteen different charges of burglary and larceny late this afternoon. Sentence was suspended on Weston Ashenfelder because of his youth and also because it was his first offense.

RELIEF STEAMER AGROUND

Norfolk, Va., Jan. 11.—The steamer John Fardie, carrying Maryland's contribution for the Belgians was floated to-day apparently undamaged after having been aground in Back river since Saturday. Her hull will be examined before she proceeds for Rotterdam.

VILLA'S MEN AT MONTEREY

Laredo, Tex., Jan. 11.—An attack by Villa troops upon Monterey is believed to have begun about noon to-day. Since the defeat of the Constitutionalists at Saltillo early yesterday, Villa troops have been reported to be making a rapid advance toward Monterey.

WHEAT PRICES DOWN 5 1/2 CENTS

Chicago, Jan. 11.—Wheat came down to-day with a crash. Prices broke 5 1/2 cents a bushel under general selling, due to rumors that one of the forts guarding the Dardanelles had been demolished by the warships of the allies. May wheat here sold as low as \$1.33 3/4 after having been up to \$1.39 1/4 earlier in the session.
