Lime Combats Tuberculosis

"It is difficult to escape the conviction that lime starvation and lime assimilation are the real issues behind the masks of vulnerability and resistance in tuberculosis," writes Dr. Van Gleason, N. D., in the May 11, 1912, issue of the New York "Medical Record."

Dr. Van Gleason is eminent in his profession, and his assertion that lime assimilation is the "real issue" in resistance to tuberculosis bears the stamp of authority.

Ordinarily lime is not easily assimilated medicinally, but Eckman's Alternative is one preparation containing it in such form and combination as to insure assimilation by the average person.

This is one reason for its success in many cases of tuberculosis which apparently have yielded to it and others which have been benefited through its use.

Our experience-based faith in this remedy is shared by a large number of men and women, who say they owe health, strength and life to it. It contains no opiates, narcotics or habit-forming drugs, so is safe to try.

If your druggist is out of it, he can get it, or you can order direct from Eckman Laboratory, Philadelphia.

Civic Club Continues

The Home Garden Work. At a meeting of the directors of the Civic Club yesterday morning, it was decided that the outdoor department should continue the Home Garden work this year. The work will be under the direction of Mrs. Edwin S. Herman, chairman. In 1914, 542 school children entered this contest, and the backyards of the city showed a gratifying improvement in beauty and neatness. It is hoped that the number of contestants this year will be still greater. Seeds will be distributed gratuitously, and the children having the best-kept flower gardens will receive prizes in the early Fall.

A Single Application Banishes Every Hair

(The Modern Beauty)

Here is how any woman can easily and quickly remove objectionable, hairy growths without possible injury to the skin: Make a paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a painless, inexpensive method and, excepting where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine delatone.—Advertisement.

An Easy Way to End Catarrh Forever

Simple Home Treatment Destroys Germs of This Dangerous Disease. The reason why so many people who suffer from Catarrh never seem able to get cured is that they are continually seeking the momentary relief of sprays, douches, creams, ointments, etc. Such things do open up the swollen nostrils and clear the head temporarily but they do not get to the discharging blowing, hawking, sneezing and choking, but they never cure. To drive three Catarrh germs you have to get down to its real cause, Catarrh is a germ disease. The air is always full of Catarrh germs thrown off by one person and absorbed by another and when the system does fall to throw off such germs they find permanent lodgment in the nose, throat and head and multiply rapidly.

The germ of Catarrh can best be destroyed by inhaling the pure medicated air of Hyomel (pronounced Hy-o-mel), which is a powerful combination of oil of Eucalyptus with other healing agents has a wonderful germicidal action. You breathe its air into your nose and lungs by means of a small hard rubber inhaler which H. C. Kennedy and other leading druggists in this vicinity supply with every complete treatment. This medicated air is certain death to the germs of Catarrh and drives them completely out of your system and when the germs are destroyed the Catarrh with all its disagreeable symptoms will stop. Even two or three minutes use will give refreshing relief while if you will use it to drive three Catarrh germs out of your system it will completely banish Catarrh and every symptom of Catarrh. As Hyomel is pleasant to breathe and is always sold by druggists everywhere with a positive guarantee of successful results it is pleasant to breathe and is a small hard rubber inhaler which H. C.
