## SONGS ARE WHISTLED BY WOMEN OF CHOIR

### Special Musical Program at the Miller Tabernacle at Mechanicsburg

Special to The Telegraph  
Mechanicsburg, Pa., Jan. 13.—One of the worst rainstorms of the winter combined with sloppy and treacherous sidewalks, lowered the attendance at the tabernacle last night, yet almost the entire choir were out, and the big building was about one-third filled. Those who ventured out were repaid by a special musical program, of which the songs were principally of the sunshine variety, and when the women in the choir whistled a song, the applause from the audience was genuine. Another feature of the evening was a song by little Eugene Miller, son of the evangelist. Professor Hohgatt, Miss Cree and a male quartet sang with effect. The sermon by the Rev. Miller was based on "All power is given unto me in Heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost." It was forceful from beginning to end, and was delivered with telling effect.

Arrangements are being made for visiting delegations. The auto trip around the country on Monday was full of inspiration. Everywhere the

### Driver and Horse Have Narrow Escape From Drowning Near Carlisle

Special to The Telegraph  
Carlisle, Pa., Jan. 13.—Cyrus Zeigler, who lives along the Carlisle Spring Road, this county, not far from the village of that name, had a narrow escape from drowning yesterday afternoon when his horse fell while crossing Weary's Run. The animal fell, catching his feet in the harness. The current overturned the wagon which was carried down stream. Entangled in the curtains Mr. Zeigler had a narrow escape and was only saved from death by the efforts of Wilson Weary and his son, who were attracted by the cries for help. The horse was washed to shore about 100 yards below the scene of the accident but the wagon and harness were lost. Property damage is reported in all parts of the county as the result of the high water.

Men in the employ of the Cumberland County commissioners spent last night watching the wagoner's Gap Road bridge over the Conodoguinet, north of Carlisle, where an ice gorge and rising water menaces the structure.

At Cave Hill only the opening of the flood gates prevented serious damage being caused by the high water held back by an ice gorge near the dam. Considerable damage has been done to Bellair Park, a popular summer resort. The bathing pavilion has been washed away and landing stages demolished. A considerable portion of the plot is flooded.

In Carlisle, the Letort rose some distance above normal level yesterday. The apparatus of G. W. Ensign, of Camp Hill, who is engaged in dredging operations, was covered by water.

## MANLY NEWSPAPERS SUPPORT SURFACE

### Dozens of Editors Endorse Him For State Secretary of Agriculture

Friends of Professor H. A. Surface, State Economic Zoologist, who is being urged for Secretary of Agriculture under the new State administration, say that his candidacy is being supported by newspaper editors in all parts of the State. An interview given out some time since by Professor Surface to the opportunities for advancing the farming interests of the State that are now possible through activities of the Department of Agriculture, has been widely quoted and favorably commented upon. Among the newspapers that are urging Professor Surface's appointment are the following, from which Surface's friends have culled extracts:

**Erie Daily Times**—Should he receive the appointment satisfaction will be general in the northwestern part of the State.

**New Bloomfield Advocate and Press**—His promotion would be a fitting recognition of prominent past services.

**Philadelphia Inquirer**—Professor Surface is not a politician and he is making his candidacy entirely on non-partisan lines.

**The Indiana Messenger**—Under his direction insect pests have been checked, and the farmers have been taught how to plant and care for their orchards.

**The Big Run Tribune**—He has given the State a new and better method of thought, and as secretary says he would extend the educational and demonstration branch of the work along the same practical line as have characterized the office of State Zoologist.

**The Scranton Times-Republican**—Under his impetus fruit growing received new impetus. Pennsylvania's Carbondale Evening Leader—The appointment would give satisfaction throughout the entire State.

**The Litz Express**—We believe the Professor to be the man eminently fitted for the position.

**The Lancaster Morning News**—It is doubtful if Governor Brumbaugh could make a wiser selection.

**The Potomac Daily Republican**—There is no man better qualified in the State.

**The Montrose Independent-Republican**—Should Governor-elect Brumbaugh see fit to name Surface—a lot of Susquehanna county friends would be well pleased.

**Millerstown Herald**—We know of no man who can do more for the farming interest of the State.

**Butler Daily Eagle**—His appointment would mean for advancement for fine and practical methods in general agriculture.

**Pittsburgh Gazette-Times**—Under his leadership the Pennsylvania farmer has become one of the leading farm industries of the State.

**West Newton Times-Sun**—It would seem to us a wise selection to place at the head of the department a man of the intellectual attainments and broad experience of Mr. Surface.

**Monessen News**—He would be not only the most natural and logical man for the head of the department, but also one of the most worthy and best equipped men in Pennsylvania.

**Independent Republican, Montrose**—By and large we doubt if there is in the State a more capable, better fitted man for the office than Dr. Surface.

**Republican Standard, Irwin**—He has a big support among the farmers of the State, and he is fully equipped to fill this important place.

**Tidewater News**—Pennsylvania should be in the forefront in these matters, and Professor Surface is certainly the man to lead.

**The Harrisburg Telegraph**—The best possible reasons for his fitness are honesty, experience and proven ability.

**Franklin Evening News**—He is entitled to a better opportunity and the same good on a wider scale.

**Tidewater News**—No man in public life has done better.

**The Wayne Independent**—Sentiment in Wayne, regardless of party affiliation, should most heartily endorse his appointment.

**Janette News**—Unless the Governor has mighty good reasons for another appointment, Surface will be the man.

**West Newton Times-Sun**—It would seem to be a very wise selection.

**Tribune Republican, Gettysburg**—The newspapers of the State have, unhesitatingly, taken up his cause.

**The appointment** would be in hearty accord with the wishes of a vast majority of the farmers in the western part of the State.

**Lebanon Daily Times**—The farmers need him and want him.

**Orwigburg News**—If competency and hard work count for anything the Professor should have no trouble in being re-elected.

**Williamsburg Call**—It seems obvious Surface should be appointed to the place.

**The East Ender, Pittsburgh**—There is opportunity to place the Agricultural Department at the head of the department to let it set the pace for this department in other States.

**Reading Eagle**—If it could vote for Surface it would elect Professor Surface by unanimous vote.

## WOMAN'S HEALTH REQUIRES CARE

Women are so constituted as to be peculiarly susceptible to constipation, and their general health depends in large measure on careful regulation and correction of this tendency. Their delicate organisms rebel at the violence of cathartic and purgative remedies, which, while they may afford temporary relief, shock the system and seriously disturb the functional organs. A mild laxative is far preferable and, if properly compounded, much more effective.

The combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin is ideal for women's use. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington street, Monticello, Ill.

## USE COCOANUT OIL FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just wash the hair and scalp thoroughly with coconut oil (which is pure and entirely greaseless), and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifold coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Mr. Weigle was sitting with members of the executive committee on the platform when the evangelist called for tralitters. There was a shortage of secretaries to record the names of those who came forward, and Mr. Weigle volunteered for service. He left his hat where he had been sitting. "A half hour later, when he returned from the sawdust trail, his hat had disappeared." "It was a new one, too; just my luck," remarked the young pastor, ruefully.
