DEATH OF WILLIAM FAKE
 West Fairview, Pa., Jan. 13.—William Fake, an old resident of near West Fairview, died on Monday at his home after an illness of several months. He was in his seventy-first year and had resided in East Pennsylvania township all his life. He is survived by his wife and four children, Frank of Enola; Mrs. Annie M. Miller, Mrs. Minnie V. Witter and William F. K.

PARK IMPROVEMENTS AMOUNTED TO \$8,600

[Continued From First Page]

The improvements at the tennis courts, the purchase of new playground apparatus are mentioned. Particular attention, however, is called to the erection of the new shelters on the slope of Cherry Hill at Reservoir, the construction of the new tennis club house and the awarding of a contract for the erection of a new golf clubhouse.

"We have fallen short of many of our aims for this year, but we nevertheless feel not a little proud of this record, and with the increased knowledge and experience gained during this year we look forward to the coming year confident that still better results will be realized," concludes the park head's report for 1914.

Mr. Taylor, however, does not forget the work of the old park board and the many of the old commissioners this tribute:

"Tribute to Old Park Board
 This report, of necessity, marks an epoch, since it is the dividing line in our city's development between the work of the Harrisburg Park Commission and that of the new regime inaugurated by the commission form of government for the third class cities of Pennsylvania and which automatically retired the former commission."

"The splendid work of those gentlemen is their best monument and it is so familiar to all who have watched Harrisburg's progress since 1902 that reference to it is superfluous.

"However, it seems but proper that the incoming regime should in some manner, publicly recognize the services of the Harrisburg Park Commission, and should spread upon the records of the city its appreciation of the successful conception and great advancement of what is destined to be one of the best of this country's park systems. The achievements of the past impose the greater obligation upon the present and it is with the earnest hope of proving worthy of our trust that we assume the duties relinquished by the old commission."

WEDNESDAY CLUB STUDIES HARMONY THIS MORNING

A working musicale of the Wednesday Club held this morning in Fehnestock Hall was most interesting. The study of harmony was continued, with musical illustrations by club members. Mrs. Roy G. Cox sang "Brunnhilde Farewell to Siegfried" in delightful style and Mrs. William K. Bumbaugh showed unusual powers of interpretation and beauty of voice in two unaccompanied numbers, "Jewish Evensong" and the "Catholic Plain Song." Vocal trios were postponed until the next meeting and a special number was the first round "Summertime" in which Mrs. J. H. Cox, Mrs. Deceve, Mrs. Harris, Miss Worley and Miss Seaman.

DOMESTIC SCIENCE AT THE Y. W. C. A. TAKES A FRIVOLOUS TURN

The evening class in domestic science at the Young Women's Christian Association made some wonderfully good pies last evening—apple, cream and lemon meringue—which they served to their guests, Miss Ella Stitt, Mrs. Edward Manser, Miss Marjorie Bolles and Miss Frances Morrison.

Miss Jessie Dowdell is the teacher and the members of the class are the Misses Ruth Heagy, Elizabeth Wilson, Elizabeth Killinger, Pearl Yohn, Edith Ross, Mary Zoll and Marion Stover.

MAKE SHIPPERS FEED BAD MILK TO HOGS

[Continued From First Page]

Reau of Health and Sanitation at the city health department.

According to Dr. J. M. J. Raunick, chief of the bureau, it is proposed to issue a quarterly bulletin beginning in April, in which publicity will be given to the work of the bureau, including statistics, proposed changes and improvements, for the purpose of educating the public, the producer and the dealer.

In line with the work of the health departments of other cities, Dr. Raunick hopes the department will establish inspections of milk arriving at the express stations, which comes from a radius of forty miles, comprising 60 per cent. of the city's supply. It is claimed that much of the milk arrives here in summer in an overheated condition instead of the safe standard temperature of 50 degrees, and that many dealers receive milk kept over Saturdays and Sundays by the farmers, pasteurize it, and sell it on Mondays as first grade milk.

The new system of inspection proposed will condemn improper milk at the receiving stations; the inspectors will put a return to the farm, compelling its return to the farm for hog consumption.

It is said much of the milk received contains coli bacilli, or particles of manure. Other cities compel a higher standard for milk that brings no higher price than in Harrisburg; and it is the aim of the bureau here to bring about better conditions.

The report shows a total of 154,692 food inspections made by the two city inspectors during nine months; 601 miles were traveled outside the city on official errands; 641 licenses were issued; 14,000 packages of food, 51 bakeries, 47 meat dealers, 238 milk dealers, 193 ice cream dealers, 112. License fees amounted to \$3,425. Eight hundred and eighty-four bacteriological tests were made since last April.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.—Advertisement.
