Florida Orange Juice is the **All-Day-Long Health Drink**

Florida oranges bloom, develop and ripen under just the right conditions. They are charged with condensed sunshine, made liquid by summer showers and flavored by gentle Gulf breezes as sweet as those of Cathay. Each Florida orange is a storage battery of health and joy-the abundant juice has been gradually sweetened and is richly flavored yet contains enough citric acid to make it pleasant to the taste. Florida oranges make a most palatable and refreshing beverage, which every member of the family will enjoy all through the day and at all seasons of the year.

Florida Grapefruit---Food and Tonic

Grapefruit grown in Florida contains a maximum of juice. Its contents have both food and drink value. The taste and flavor are unsurpassed. The tonic qualities cause Florida grapefruit to be highly recommended by physicians. Athletes eat them freely when training. Only tree-ripened oranges and grapefruit are good. When picked before ripe, the fruit is not edible-lacks in juice and sweetness.

CITRUS FKCHANGE

Is a non-profit making, co-operative organization of growers for the mutual benefit and protection of the producers and consumers of citrus fruits. The members ship only tree-ripened fruit and its mark on box and wrapper is a guarantee of quality. Most retail fruit dealers sell Florida Citrus Exchange fruit in season. Yours will if you insist.

water to go into the Delaware river to transport coal from Port Richmond wharves, and as a result. Assistant Secretary of the Navy Rooseveit an-nounced to-day, the government will not be able to accept more than 50 per cent. of the contract for 200,000 tons of coal with J. H. Weaver & Co. This statement Mr. Rooseveit made in a review of the situation which confronts the government and which includes the government and that it was with great reluctance that Secretary Dan-lels was forced to accept the recom-tions and the hydrographic engineers that it was unsafe to send the 19,000-ton colliers up the Delaware river. One of the big colliers had trouble, he said, in getting out of the Delaware han-nel, and the commanding officer re-ship might be wrecked if it attempted wanother passage. This officer said his fr vessel drew 29 feet of water, and that it this left only a foot of space in some d places and in others less. H

Mechanicsburg, Pa., Jan. 15 .- Deep

piritual feeling and interest pervaded

Mechanicsburg, Pa., Jan. 15.—Deep spiritual feeling and interest pervaded the tabernacle service last evening when the Rev. Mr. Miller delivered his sermon on "Nehemiah," a rich young man who was not fool enough to forget God!" Among the sayings of the evangelist were: "A lot of prayers are frained up for the ears of men, and get no further." "I am afraid when we undertake to do great things. we overlook the main man. God himself!" "God is in this cam-paign and He will win." "The critics roasted Nehemiah, but he was not to be bluffed." "If you have the spirit of Nehemiah the work will be done. The secret of success is the mind to work." "In every-organization there are three classes; the workers, the shirkers and the jerkers!" "Some of the critics of the tabernacle have not trains enough to build a dog kennel." "If any of you who are kleking about the platform!" "Some of you who knock about the chorus know as much about music as a night owl knows about Mendelssohn's "Wedding March." "Faith without work doesn't is just as much the business of a Chris-itan to win souls, as a flouring mill to grind flour, or a saw mill to saw wood."
