Camp Curtin Firemen Will Attend Services

Members of the Camp Curtin Fire Company will attend services in Curtin Heights Methodist Episcopal Church Sunday evening. The Rev. A. S. Williams, chaplain of the first company and pastor of the church, will preach. Special music will be furnished by the men's chorus. An additional feature will be devotional exercises under the direction of the Brotherhood.

SAFETY LAST

[From the Christian Herald.] "Why shouldn't science," said I, "which has already done so many wonderful things, succeed in making our elevators safe, and if elevators, why not trolley cars and railway trains? A life-saving fender would probably have saved that traffic policeman who was crushed to death by the trolley right in front of our office windows the other day. Poor fellow! Then how many fires come from unsafe kerosene lamps and what a toll of human life is paid every year through the lack of just such safeguards as I have been looking at. But the biggest rewards for science, it seems, are not given for saving, but for destroying."

STOMACH RELIEF! NO INDIGESTION! GAS, SOURNESS---PAPE'S DIAPEPSIN

Time it! In five minutes your upset stomach will feel fine.

You don't want a slow remedy when your stomach is bad--or an uncertain one--of a harmful one--your stomach is too valuable; you must not injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stom-

ach trouble has made it famous the world over. Keep this perfect stomach doctor in your home--keep it handy--get a large fifty-cent case from any drug store, and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food--remember as soon as Pape's Diapepsin comes in contact with the stomach, all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.--Advertisement.

WORK OVERTIME ON NEW ELECTRIC CARS

Electrification of First Section to Be Complete at an Early Date

That the Pennsy expects an early delivery of a number of new electrically equipped cars and coaches for service in that section of the Philadelphia division, between the Quaker City and Paoli, is evidenced by efforts made at the Altoona car shops to hurry the work. It was learned yesterday that a number of car shop employes, including electricians, plumbers and some steel workers, are working ten hours daily on the new equipment and also about three nights weekly. According to present plans this schedule will be maintained at the shops in several departments for several weeks to come. Ninety-two cars were ordered by the Pennsy last year and eight of these have been delivered to date, while others will be sent east in the near future. It is believed that the electrification of the Philadelphia division between Paoli and Philadelphia will have been completed soon and the cars built here will be placed in service in the very near future. Men in the freight car repair and other departments are working on short time at present as the Pennsy shops are concentrating their efforts on the building of the electric cars. An extra time schedule of 8 to 9 o'clock each evening for three nights weekly is being maintained by the electricians and other working on the new electric cars.

Dustless Duster Saves Much Work and Trouble

The invention of the dustless duster has helped to solve the problem of how to get the dust out of the house without raising more than dusting is worth.

When you begin to dust, raise the windows. Then wash washable bric-a-brac in tepid water and a little white soap and dry on soft cheesecloth. Have a place, say the sofa, already dusted and in order, where you may put the pieces and cover them over. Have sheets made of two lengths of gingham or calico--anything that is cheap and washable--to cover the furniture, and, after washing the small bric-a-brac or dusting it off and covering it up, go after the other pieces of furniture. Large squares of outing flannel for this purpose serve well if you haven't dustless dusters. It isn't necessary to use furniture polish every week on good furniture, or once a month even. A quick washing off with slightly soapy water and cheesecloth sometimes is beneficial for furniture of the grimy city. Follow with furniture polish, after which rub hard with fresh cheesecloth. The last thing to do in a room is to wipe up the floors. When this is done it is time to begin to put the cleaned and dusted articles back in their places.

JOSIEH MONN DIES

Josieh Monn, of 1604 North Third street, died last night at his home after an lingering illness. He was born in Franklin county, December 25, 1843. Mr. Monn has been a retired resident of Harrisburg for the past 20 years. He is survived by his wife. Private funeral services will be held from his late home Monday afternoon at 2 o'clock. Burial will be made in the Harrisburg Cemetery. The Rev. B. H. Hart, pastor of the Fifth Street Methodist Church, will be in charge.

BOROUGH CODE IS READY FOR SESSION

Legislative Reference Bureau Has Completed One of Most Important Tasks

Revised copies of the proposed code of borough law were issued to-day by the State Legislative Reference Bureau and are said to be the most complete work of the kind ever prepared in the State. Not only has all the "live" law on the subject of boroughs from provincial days to 1913 session been codified, but provision has been made for incorporation of towns. There is but one town in the State and that is Bloomsburg and if it desires it may operate under the law.

The original borough code drafted for general criticism comprised 275 pages with ten for the index and references. It contained only such acts as needed to be noted, repealed, obsolete and superceded laws being left out. Letters received at the bureau since the first code was issued have expressed pleasure at the completion of the first code of the kind, which has apparently been greatly needed, judging from the tone of letters received. The taxation and corporation codes will be submitted with the borough code soon after the session opens.

Wants Larger Hatcheries.--Provision for enlargement of several of the State's fish hatcheries will likely be asked of the next Legislature by the State Department of Fisheries. The department has been making progress in the last year on every hatchery. Senator Washers Here.--Senator Henry Washers, of York, was a Capitol visitor.

Clothing Allowance Order.--The order for the clothing allowance of the National Guard under the new arrangement will be issued by the adjutant general's department within a few days.

Mr. Deisinger About.--James C. Deisinger, executive clerk, is able to be about after his recent accident in which he sprained an ankle. Mr. Deisinger was warmly welcomed back to the Capitol.

Want Rabby Law Changed.--The State Farmers' Alliance yesterday at Williamsport recommended that the State law permitting the killing of rabbits be changed because the animals have become a nuisance. The State Game Commission will welcome suggestions before making its recommendations to the Governor.

Visited Pittsburgh.--Chief of Mines Roderick was in Pittsburgh this week consulting with people regarding the proposed regulations for operations outside of mining which are to be placed under State supervision.

Will Meet Tuesday.--The Public Service Commission will meet Tuesday and Walter H. Gaither, the new Commissioner, will take his seat. The Tuesday meeting will consist of executive sessions.

Another Big Payment.--The Highway Department sent another \$25,000 to the State Treasury to-day as income from automobile licenses.

Argued License Case.--The automobile license case was argued in the Supreme Court yesterday by M. Hampton Todd, former attorney general and author of the specific appropriation act, and Thomas A. Crichton, cashier of the State Treasury, appearing for State Treasurer R. K. Young. The case is that decided by Judge McCarrill in favor of the State Highway Department and which attracted so much attention last summer when the department was endeavoring to repair the roads and the funds were held up by the fiscal officers.

Portrait Here.--A handsome portrait of Attorney General Bell was received at the Attorney General's Department to-day. It will be placed with portraits of other Attorneys General.

Groomie Hits Back.--Major John C. Groomie, Superintendent of the State Police, has made a reply to a booklet called "The American Cossack" and aimed at the police. In the pages he answered some of the charges made in the recent publication issued by the organized labor leaders and prints numerous letters praising the work of the police. Among them are twenty-one from district attorneys and three from sheriffs, together with others from other officials.

France Will Soon Aid Germans Against English

CONGRESSMAN HERMAN METZ

New York, Jan. 15.--That France will turn against England and that an invasion of the British Isles by the Germans is only a few months off, is the positive prediction of Congressman Herman Metz, who has recently returned from Germany, where he arranged for the resumption of the shipping of dyestuffs to this country. "There is not a German soldier who does not know he is going to England," says Congressman Metz. "And France will send her men to help. The French have no animosity against the Germans. When this war is over you will see that Germany will not ask a foot of land from France. It is England that will have to pay."

REHEARSE "MIKADO"

The Belgian Benefit opera "Mikado" to be given at the Majestic theater, February 11 and 12, was rehearsed by 60 members of the cast last night at the Conservatory of Music. Prof. E. J. Decevee is the director and Frank H. Davies and Elmer W. Ehler will be stage managers.

STEELTON BULGARIAN COLONY IS COMING TO STEELTON

Will Attend Annual Religious Ceremonies Which Culminate in Reclaiming of Cross From River

Stephen Panaretoff, Bulgarian consul general at Washington, has accepted an invitation to visit Steelton next week and participate in the annual celebration here in commemoration of the baptism of Christ in the River Jordan.

Consul General Panaretoff's acceptance of the invitation to visit Steelton was announced this morning by the Rev. Father Nicolo Pavlov, rector of the Bulgarian-Orthodox Church, Front and Franklin streets, following a visit to Washington yesterday. Consul General Panaretoff, it was announced by Father Pavlov, will arrive in Steelton with his secretary Monday and remain until Tuesday evening.

Tuesday morning members of the Bulgarian and Macedonian colony in the West Side will hold a big celebration in their church and along the banks of the Susquehanna. Part of the ceremonies consists of hurling a big wooden cross far out into the Susquehanna by the priest and its subsequent rescue from the icy waters by several stalwart men who will plunge into the river and race to reach the cross. The swimmer who first reaches the cross is counted a hero by his fellowmen.

Man, Dead at Least 24 Hours, Found in Bed

William E. Hager, aged 45, a laborer, was found dead in bed in the third floor room at 1006 Hemlock street, shortly before 1 o'clock this afternoon. The man had been dead for at least 24 hours. Whether he was a suicide or died from natural causes will be determined by Coroner Eckinger.

Hager, it is said, has had marital troubles. He has also been out of work for some time. Two brothers, Harry and Nicholas, it is said, reside somewhere in the city or Steelton. Hager has been living with William Fry, a motorman. The man had not been seen since early in the week. To-day another boarder looked through the transom and saw Hager, stark and stiff body on the bed. He summoned the police. The body is in charge of Undertaker Spicer.
