

# How Schmidt Gets the Choicest Flowers

Perhaps to many who buy flowers, there is little difference in the GRADE of the blossoms. It may be often thought that a flower is a flower, but the fact is, there is a vast difference between Schmidt flowers and the average kind.

We take great care in selecting our flowers. Freshness is not only an absolute condition, but also size of the blooms as well as color and conformation of the individual flower.

These finer details may escape the purchaser, but are usually noticed by the recipient.

Our experience and intimate acquaintance with the largest and best growers of cut flowers often enables us to sell choice flowers at greatly reduced prices. (As we do in our Saturday special sales; watch for the advertisement).

The Schmidt name stands for the very highest quality of flowers, and the immense proportions of our flower business shows that we have gained the confidence of those who demand the best.

### NAME COMMITTEES OF BIG MEN'S CLASS

Plan to Boost Membership of Strong Allison Hill Group to 500 Mark

The plan of action for 1915 includes the boosting of the membership, which is now 300 to the 500 mark. Tentative plans for a big banquet on Washington's birthday have been announced. The music committee is considering the organization of an orchestra and a twenty-four voice chorus. The evangelistic committee is busy bringing men into the church in connection with the big revival now on at the Derry Street church. The committee appointments are as follows:

Committees to take charge of the various lines of the class activity were appointed yesterday by O. K. Kines, president of the Derry Street United Brethren Men's Class, following their selection by the executive committee at a meeting Saturday night at the home of Mr. Kines, 1608 Market street. Membership Committee—C. Raymond Wolfe, chairman; S. B. Beideman, assistant chairman; J. Boyd Crouse, Oscar Rupp, Harry Spangler, H. W. Rebe, Howard Fox, Theodore M. Persons, Hikes Knell, Harry Arnold, Ralph Fox, David Beideman, George Heaps, William H. Sellers, C. D. Behney, James Schultz, Frank McDonald, D. C. Bailey, Harry W. Bradigan, Herbert Strickler, W. E. Koons, Elmer Sollenberger, William J. Fitzpatrick, J. Edward Hoover. Music—J. R. Henry, chairman; Harry Marks, Early E. Kenn, J. P. Zellers, D. F. Sauder, Ralph Manley, Walter Manley. Publicity—Lawrence Shepley, chairman; Early E. Kenn, Frank McDonald, Ralph Manley. Finance—G. Brennenman, chairman; W. G. Starry, Harry Hayes, William Runkle, H. K. Lockman. Social—J. E. Darc, chairman; William Fenical, assistant chairman; Raymond Gilbert, William Runkle, J. Frank Barley, Jr., T. F. Kines, David Mohn, Robert, Hartzell, C. S. Spangler, J. E. Hoover, H. C. Rupp, Robert Filbert, W. G. Starry, Harry Arnold, C. Raymond Wolfe. Evangelistic—A. T. Sides, chairman; W. O. Myers, A. T. Baker, F. S. Ulrich, R. Y. Helkes. Room—Frank McDonald, chairman; George Moore, Ray Barley, Samuel Myers, J. K. Stephens. Paper—Sterling Spangler, Earl Snyder, assistant chairman; S. H. Albright, assistant chairman. Librarians—Charles Lynch, Lewis Blouch, David Beideman, W. C. Potteicher, M. H. Gottschall, Harry Manley.

### Rev. Calvin A. Hare Accepts Tabernacle Baptist Church

The Rev. Calvin A. Hare, temporary pastor of the Tabernacle Baptist Church, Forster street near Sixth last night accepted the invitation of the congregation to become permanent pastor. The Rev. Mr. Hare is a graduate of Bucknell and was a member of the faculty until he came to Harrisburg October 1. He has traveled widely, having spent much time in the Holy Lands in study and research.

### CHRISTIAN WORKERS TO MEET TO-NIGHT FOR BIBLE STUDY

The Christian Workers' society, consisting of fifty boys and young men who hit the trail during the Stough campaign will meet tonight at 7:30 o'clock for Bible study under the guidance of G. W. Reinhard, William Davidson is president and Dale Zeiders, secretary.

### LIBRARY TO BE CLOSED

The Harrisburg Public Library will be closed during to-morrow afternoon, but will be open from 6 to 9 o'clock.

### MEN ARE SELFISH IN BUSINESS AND RELIGION, SAYS MINISTER

Personal glory as the motive of many church people in their efforts to save souls was criticised before an audience of men yesterday by the Rev. William N. Yates in the Fourth Street Church of God. He also said men in political power do not run the city for the public good, but to entrench their own parties in power.

During the revival services last night ten persons were converted and nineteen new members received into the church. Revival services will continue every night this week. Tuesday will be "Men's Night"; Wednesday will be "Boys and Girls' Night"; and Thursday "Women's Night."

Will Start Revival—Ten days' evangelistic services at the First Baptist Church, Second and Pine streets, will commence to-night in charge of the Rev. O. Simms, of Pittsburgh. Preliminary song service will open at 7:30 o'clock.

### Hot Tea Breaks a Cold—Try This!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless. —Advertisement.

### IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. —Advertisement.

3,273 Pairs Stylish Lasts---Excellent Qualities, and All Sizes Comprise This

# UNPARALLELED SALE OF WOMEN'S SHOES

Starting To-morrow Morning at 8 O'clock

Without a shadow of doubt, the greatest sale of its kind ever held in this city, for reason of the vast quantities, the good styles, the complete size range, and the very unusual values.

They represent the entire stock of women's and growing girls' shoes, purchased from one of the largest retailers in the country, operating a chain of 127 shoe stores, one of which is located in Harrisburg, and for this reason we were requested not to use the name of these well-known shoes in advertising them, so all identifying marks have been removed.

These shoes have a standard retail price and under ordinary conditions are never sold for less. To-morrow every pair will go on sale at

**\$ 1 49**  
**1 Pair**

### Important to Know

This assortment is NOT a clearance lot, nor is it an accumulation of several years. The concern from whom they were purchased, suddenly decided to discontinue handling women's shoes and took this method of disposing of them quickly. Many had been purchased for Spring selling and never have been in stock before, and we venture to say, not a pair in the entire lot was made over a year ago.

### Convenient Arrangement

In order to enable our greatly increased force of salespeople to render quick and satisfactory service, the shoes have been arranged on tables, and only one size on a table.

### A Word to Institutions

This is a splendid opportunity for institutions, etc., to obtain a supply of women's shoes at less than half their usual prices, notwithstanding the fact that leather is steadily advancing in price.

### Personnel of the Shoes

**Styles**—Newly-fashioned lasts for women and growing girls; in button, lace and blucher styles. Broad, medium and round toes—high, medium and low heels.

**Leathers**—Many different kinds, including patent colt, gun metal, vici kid and tan Russia calf.

**Sizes**—Complete size range from 1 to 8 inclusive. Widths from B to E. Sizes for long, short, wide and narrow feet.

**All Goodyear Welts and Turns**—No machine sewed shoes in the entire lot.

### New Electric Elevators

Deposit you directly into our enlarged Shoe Department—third floor. Adjoining is our newly opened rest room and comfort station for women.

## STRIKING TRIBUTE TO COMMISSIONER DIXON

William Perrine in Philadelphia Bulletin Praises Work of Health Department Head

A striking tribute is paid to State Commissioner of Health Samuel G. Dixon in the Philadelphia Evening Bulletin on Saturday by William Perrine. He says: "There has been no department of State authority at Harrisburg created in recent years that has given more satisfaction as a rule, to the people throughout the Commonwealth than the Department of Health. There have been complaints from time to time relating to an excess of zeal on the part of subordinates in enforcing law against contagious diseases, in interfering with personal rights when quarantines have been declared, or in putting property owners to trouble when rigid measures have been necessary for protecting streams of drinking water from pollution. But the general trend of the police of the department has been beneficial in results, and Doctor Dixon as its head has applied to it the soundest principles of modern sanitation for the protection of populous communities. Established nine years ago under Governor Pennypacker's administration, it has been conducted continuously under the same commissioner, and Doctor Dixon has fully justified its existence as a branch of the organized authority of the Commonwealth. His annual report at the present time places Pennsylvania high among the States which have advanced in their hygienic condition. Thus one of the remarkable things for the better which have been effected by it relates to typhoid fever, for during the past year the number of cases had fallen, in round numbers, from twenty-four thousand to seven thousand, and the number of deaths had declined in the same proportion. These figures represent the difference between 1914 and 1913, and it may be justly contended that a very much longer period must be noted in order to determine whether this change will be maintained hereafter in the same degree. But it is a fact that a decided check has been placed on the ravages of typhoid for some time past when we compare the present conditions of it in Pennsylvania with those which formerly existed to a frightful extent in some parts of the State. "In fact, Doctor Dixon sees something like a steady decline in nearly all the principal diseases that afflict our population. He continues to point to things which seem to warrant his belief that tuberculosis has come to be held permanently in check, largely through the agencies of the sanatoria, and among the well-known maladies the only one that appears to be making headway is cancer. The death rate of Pennsylvania is now 14.1 to every thousand of inhabitants, and this is to be considered as low when we bear in mind the peculiarly diversified nature of its large population, the variety of dangerous or extra-hazardous pursuits which enter into its industries, and especially the modes of life pertaining to vast bodies of men who work in coal mines, steel mines, railroads and other pursuits in which there is more than an ordinary amount of risks and hardships."
