Want to Know

The Light is Turned on to a Subject of Darkness.

The mere fact that S. S. S., the famous blood purifier, drives out disease is a world's story, a topic of conversation wherever men get together.

They wonder why, simply because most remedies are mystified and put before them as "discoveries." The facts are that we pay too much attention to possibilities and not enough to real, homespun accomplishment. S. S. S. is a remedy of our fathers. It has a history that is written deeply in men's minds because it has done the work driven out deep seated disease, revived hope, put the O. K. on appearance and clamped down tight any effort of germs to get the upper hand. Any sore spot on the skin is an immediate demand for S. S. S. since the first principle of this famous remedy is to strike out for places of trouble. This is a physiological fact and S. S. S. is true to the workings of our body.

Get a bottle of S. S. S. today at any druggist and begin blood health. It will master any blood disease and do it in a way to emphasize its influence. And if you would like definite advice write The Swift Specific Co., 56 Swift Bidg., Atlanta, Ga. Their medical department is where most people first seek advice that puts them on the straight road.

WILD CARROTS KILL BOY

Selinsgrove, Pa., Jan. 23.—Martin Layman, aged 11 years, is dead, and his companions, Edward Dornbach and Francis Pepper, are in a serious condition at their homes in Shamokin as the result of eating wild carrots found on the mountains back of Shamokin, while the boys were out for a walk. Layman died last evening, but physicians to-day believe his companions will recover.

ARRESTS IN LEBANON SHOOTING

Lebanon, Pa., Jan. 22.—Hope of an early solution of the mysterious fatal shooting last month here of John E. Mills, a night boss at the Semet Solway coke plant, has been revived by the capture by the police of five men with police records. The police believe that among them is the real murderer of Mills, notwithstanding that on his deathbed Mills positively identified Ray Seiders, a young chauffeur, as the man who shot him.

NEW JERSEY IS NOW IN LINE FOR STATE POLICE

INNE FOR STATE POLICE

Special to The Telegraph

Trenton, N. J., Jan. 22.—New Jersey is to join the States wherein a mounted constabulary is established. The alleged hiring of New York men who killed two and wounded many strikers in the borough of Roosevelt will bring it about.

To-day some legislators got busy on a measure. In fact, two or three measures are being formulated. The belief of many that this State would have little use for a State constabulary has gone, according to those best posted. The contentions in the First Infantry Regiment has brought out the thought that the establishment of a State constabulary is almost a necessity.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undig-sted food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups pianly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

INSANE MAN BURNS FURNITURE

Mechanicsburg, Pa., Jan. 22.—After carrying out some of the furniture from his mother's home yesterday, and setting fire to it, Sam Davis, colored, was taken to the county home, in the insane department, being considered a menace to the community. Davis was quite harmless at times; but at others was considered dangerous. His favorite diversion was to promenade the streets in the winter wearing a straw hat and cane, while in the summer time, he wore his overcoat.
