

Beauty at Sweet Sixteen

Comes Back When One Clears Up the Complexion by the Quick Acting Stuart's Calcium Wafers

Pimples are an offense to others and a crime against yourself. People have only tolerated you because they considered the condition of your face to be a misfortune against which you have no remedy. But now that it is universally known that Stuart's Calcium Wafers will usually banish pimples, blackheads, blotches, eruptions, and liver spots, your continued negligence will be considered inexcusable.

"I Wish I Could Make Every Plainly Woman Take Stuart's Calcium Wafers Just One Week."

The person with a pimply face is always unattractive and at a disadvantage in society. Those ugly disfigurements set at naught the effect of the most perfect features. If your face and figure have the classic outlines of a Greek statue, a mass of pimples would still destroy your beauty. A clear, fresh skin is absolutely essential to any real beauty.

A beautiful complexion is dependent on a rich, pure, abundant supply of blood to the skin. Calcium sulphide has long been recognized as one of the most effective of blood purifiers. Quickly converting all impurities into gaseous form that readily escapes from the pores, it purifies the blood in remarkably short order. Calcium sulphide is the chief constituent of Stuart's Calcium Wafers, which contain besides, certain mild alteratives that invigorate the blood. You will be delighted at the rapidity with which all face disorders will disappear, once the blood has been cleansed of its impurities through their use.

You have a right to beauty and health and happiness. You have a right to the admiration and respect of others. Take the step that will gain you all of these. Get a 50c box of Stuart's Calcium Wafers of your druggist and win back your birthright. A small sample packet is sent free by addressing F. A. Stuart Co., 175 Stuart Building, Marshall, Mich.—Advertisement.

'FORGERS' TRUST' MAY BE BROKEN HERE

Chief Hutchinson Regards Activity of New York Lawyers Here as Significant

In the opinion of Colonel Joseph B. Hutchinson, Harrisburg has had, and may have now, in jail, members of a "forgers' trust," told about to-day in a news dispatch from New York. Colonel Hutchinson bases his opinion on efforts made by New York parties to obtain releases for forgers and check men arrested at various times in Harrisburg.

It was explained that whenever a professional forger is arrested in Harrisburg someone in New York gets busy. The two men, H. B. Mercer and Fred LeBrun, recently convicted in Dauphin county court for "uttering" and publishing bad checks, it is said, are among the chief agents in the United States, was announced here to-day by a private detective agency employed by the American Bankers' Association to investigate a flood of forgeries that lately have poured into New York banks.

"It was said that agents of the organization had been shadowed for weeks and many arrests would be made throughout the country in the next forty-eight hours, one man having already been arrested in Stamford, Conn.

ELLEN TERRY

Ellen Terry, whose present tour of America has brought forth more eloquence and eulogy from the critics than has been accorded any actress in this generation, is one of the most remarkable personalities, if not the most remarkable personality of the English-speaking stage. She is surely the best loved actress before the public to-day. She is as the Honorable Joseph H. Choate describes her, "The Dowager Empress of the Stage, English born and trained, she is deeply admired and esteemed in America as in her own country. Much of the luster that was given to the personal life of Sir Henry Irving to this country was but a reflection of her buoyant art and delightful personality."—Advertisement.

"THE OLD HOMESTEAD"

There are some things we cannot escape. For instance, there is the smile of April, the violets in Springtime, the early potato, and Denman Thompson's "The Old Homestead." The reason we cannot escape them is because nature is too good to us. Nature has a kindly, as well as a wise foresight. She gives us what we need, just when we need it, and in the way we need it better than we do. "The Old Homestead" has been as perennial as Springtime for twenty years. It is so useful to talk about the merits of the famous old masterpiece, for two generations of rural life, it has been a picture with dear "Uncle Josh" and have had their hearts touched by this beautiful picture of rural life, it is so beautiful and the clearest that has ever been seen on any stage. The grand old New England returns to the Majestic Thursday, afternoon and evening, with all the well-known favorites in the cast, the most popular musical and a new production, under the personal direction of Frank Thompson.—Advertisement.

OUR STEEL-CLAD ARMADA

The Secretary of the Navy, Joseph Daniels, is a staunch advocate not alone of popular education, but also of correcting many false conceptions concerning it, and replacing indifference with enthusiasm for it in the minds of the people. He has recently decided that a most effective way to accomplish this—and the best way was the modern method—the moving picture, and particularly Lyman H. Howe's Travel Festival. For this reason he granted special permission to film the remarkable reproduction which will be presented at the Majestic next Friday and Saturday, with daily matinees.—Advertisement.

ORPHEUM

A fine and varied list of Keith hits at the Orpheum this week is making a tremendous hit with local theatergoers. Head off with the irresistible funmaker, Flo Irwin, who presents a screeching farce comedy called "The Lady of the Press," there are a number of other varied and clever turns that are giving Miss Irwin a big chase for honors. Among these are the "Courtier Girl," Harrisburg's favorite "Gypsy" violinist; while as Irish productions, the Keatons, with "Buccers," the inimitable knockabout comedian, are carrying away big honors. McLellan and Carson are serving up something clever and spectacular in the way of a roller skating novelty. The artists are really clever, possess pleasant personalities, and have studied out a scenic divestment that is quite novel as well as spectacular. A bright and breezy flirtation skit is presented by Warren and Connelly, a youthful and clever pair in a comedy of the "moral" skit. Merit and novelty are embraced in the bill from start to finish.—Advertisement.

COLONIAL

"The Seminary Scandal" leaked out at the Colonial yesterday and capacity audiences delighted in the telling of this breezy and tenuous musical comedy to the extent that it looks as though the little playlet was going to break attendance records during the engagement at the Busy Corner. Tommy Ware is a delightful singing comedienne, in the leading role, and a number of pretty girls and youths inject new and catchy songs. The Bennett Sisters offer a dainty and clever comedy, "The Gypsy and Wheeler" are excellent harmony singers and comedians, and another act of merit is cooking up something full of bright gags. "The Vendetta," a splendid motion picture feature, in two parts, will be shown at the Busy Corner for the remainder of the week.—Advertisement.

AT PHOTOPLAY TODAY

Famous novel by Charlotte Bronte. "Jane Eyre," plays to-day at the Photo-play Theater. This drama has been pictured into three acts and has been seen of the stage and read by many for years. Along with this feature show, we present Norma Talmadge in a two-act Vitagraph drama, "A Daughter of Israel," ably supported by Van Dyke Brooke as her father. Special for to-day, part of the picture taken of the inaugural parade, Great railroad serial, "Hazards of Helen," shown every Friday. To-day is "The Leap From the Water Tower."—Advertisement.

ARE THEY MADE OR BORN?

This startling question will be answered by Ellis Wheeler Wilcox at the Victoria Theater, 223 Market street, Tuesday in four reels of motion pictures showing the revealing incidents of the tragic incidents that shaped the career of Andy Andrews. This "inside" story of politics and crime by Black Rose, the New York gunman, is one of the greatest, gripping, masterly photodramas ever shown in this city. Don't fail to see this intensely interesting story from a barefoot farmer boy, through the "reform" school, to a political gangster. "The Foreign Spies," a distinctively strong feature of the European war featuring Detective Finn, is the four-reel headliner at the Victoria to-day. Action and interest is intense throughout the entire film, which is an exceptional portrayal of the inner workings of this thrilling international conspiracy. Two other above the average photodramas at the Victoria to-day are "Mother Hilda," a Bronco special in two parts, and "Chestnut Thirty," a single reel Princess feature.—Advertisement.

ANITA STEWART, PHOTOPLAY MONDAY

Clever Anita Stewart comes to the Photoplay, Monday, in a Broadway-styled production, "The Painted World," a three-act Vitagraph drama, dealing with the theatrical profession, ably assisted by Julia Swayne Gordon and Harry Northrup.—Advertisement.

THE REGENT THEATER

The Regent presents to the public a strong Shubert feature as a headliner with Owen Davis, assisted by Barbara Tennant, in the title roles. The story of "The Man Who Sings" is one of the strongest dramas and is a most realistic reproduction as it exists among those of the Far East.—Advertisement.

SUNDAY WORLD SPECIALS

The New York World's special features next Sunday will include the war pictorial section, the Magazine section, the Fun section, a "Gibson picture and records and music of a new song."—Advertisement.

HOW TO MAKE MOLLASSES CANDY

In the February Woman's Home Companion, Fannie Merritt Farmer, cookery editor of that publication, presents a dozen receipts for home made candy. Following is her receipt for molasses candy: "Put one-half cupful of butter in a Scotch kettle or saucepan, place on range, and when butter is melted add two cupfuls of sugar, one cupful of molasses and one and one-half cupfuls of boiling water. Bring to the boiling point, and let boil with as little stirring as possible, until mixture will form a soft ball that will just keep in shape when tried in cold water. Turn into a buttered dripping pan, and mixture cools around sides, fold to-

ward center. When cool enough to handle, pull until porous and light colored; allowing candy to come in contact with tips of fingers and thumb, not to be squeezed in the hand. Cut in small pieces or sticks and arrange on slightly oiled plates to cool. A few drops of oil of peppermint, cloves or cinnamon may be added during the stretching. To keep several days wrap in squares of paraffin paper, store in a glass jar, and keep in a cold place."

Smoker." About a year ago he gave up the use of tobacco, and his experience is recorded in art as follows: "I found that smoking bored me. Like other confirmed smokers, I smoked to escape discomfort, not to gain enjoyment. "Now it is always a nuisance, smoking, and when the fun has gone out of it a man hates to carry a kit of tools (matches, tobacco box, pipe cleaners, or cigars and a cigar cutter—every-

He hates going to the dentist frequently to rediscover his teeth."
