

NO REASON FOR IT

When Harrisburg Citizens Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Harrisburg citizen says:

E. E. Dare, 43 Peffer street, Harrisburg, says: "Several years ago I was laid up with lumbago. The attacks lasted for several days at a time and made me helpless. I couldn't move without having a knife-like pain across my kidneys. When I was able to get around I could hardly bend over, and if I did I couldn't straighten up again. Many a night I would have to lie on my back with the pain in my back. I knew my kidneys were the cause of the trouble for I had to pass the kidney secretions so often and they caused such a burning and doctored and tried different remedies but got no relief to speak of. Finally I began taking Doan's Kidney Pills and in a few days after I went back to work. The sharp pain in my back left and I was able to get around as well as ever."

Price 50c, at all dealers. Don't simply ask for kidney remedy, get Doan's Kidney Pills—the same that Mr. Dare had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

Colds and Sore Throat

Just Rub On Begy's Mustarine. Better Than All Pill Remedies. Syrup on Earth and Quicker. It Will Not Blister

Get a big 25-cent box of BEGY'S YELLOW MUSTARINE in the yellow box and get rid of cold in chest, coughs, sore throat, pleurisy, bronchitis and tonsillitis in a few hours.

Keep it on hand at all times, for with it you can end the misery of toothache, headache, earache, backache and neuralgia in just a few minutes when nothing else seems to do any good.

BEGY'S MUSTARINE is better than any liniment, plaster, poultice, hot water bottle or substitute. It promptly reduces the swelling and draws out agony from rheumatic joints and muscles. It relieves neuritis and in cases of sprains, strains, bruises, soreness, lameness, stiff neck and joints, cramps in leg, and anywhere, its action is little less than magical.

Get a box at any druggist's to-day—use it to draw out the swelling, painful feet, corns, bunions, callouses, chilblains and frosted feet. It's the greatest household remedy in America to-day. Buy the original BEGY'S MUSTARINE in the yellow box.—Advertisement.

A Message to Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 20 lbs of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste."

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad.

Take a little Sargol with each meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited in every angle and projecting point. George A. Gorgas and other good druggists have Sargol, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Caution—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.—Advertisement.

Stomach Troubles Due to Acidity

SO CALLED EMINENT SPECIALIST

No-called stomach troubles, such as indigestion, wind, and stomach-ache are in probably nine cases out of ten the evidence that fermentation is taking place in the food contents of the stomach, causing the formation of acid and acid-diseased conditions, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food, such fermentation producing acid and acid formation is not only unnatural, but may involve most serious consequences. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, the best and most effective corrective is a substance known, should be taken in a quart of a glass of hot or cold water immediately after eating, which stops the acid, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as Sargol, which is obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—M. Amos Drabenstadt, sergeant of police.

When it is said that this officer covers the entire city in one day, it means that the city is covered on foot. It is the duty of the day sergeant to keep in touch with all districts.

Genial Amos

Once acquainted with this popular officer, it is to know him for all time. Sergeant Drabenstadt is referred to as the officer with a smile that never wears off. He is a native of Lancaster county, having been born in Mt. Joy during the year 1865. He was a student at the old red schoolhouse along the Lancaster pike and walked to and from school, a distance of two miles, each day.

After school hours Amos attended to odd jobs, drove horses and cows and picked up money wherever possible.

At the age of 15, Amos Drabenstadt came to Harrisburg and secured a position as a packer at the old Chesapeake Nail Works. He worked eleven hours each day, packed 1,000 kegs of nails, and earned the magnificent sum of 35 cents per day.

NEWS OF THE RAILROADS

Electric Power for All Railroad Yards

An Early Elimination of Steam Locomotives Is Official Forecast

Because of the success of two electric locomotives at Bluefield, W. Va., yesterday, Pennsylvania railroad officials anticipate an early elimination of steam locomotives in yards. Two electric locomotives of similar type are now being constructed in the Altoona shops at Baltimore.

Residents at Overbrook, on the Philadelphia division, have petitioned the Pennsylvania railroad officials to use electrical engines at that point, when the new yards now being constructed, are completed. The tests yesterday were made at Bluefield, W. Va., and were witnessed by many railroad officials.

Two locomotives, one at each end, were used to haul the train, which weighed 4,000 tons. Each locomotive weighed 270 tons, and the starting effort on the draw bar reached 180,000 pounds, enough to move a 250-car train.

MINERS WORKERS TAKE

PROGRESSIVE STEPS

Endorse Woman's Suffrage and Oppose Proposed Method of Selecting Inspectors

Representatives of the United Mine Workers in session here to-day endorsed woman's suffrage, decided to maintain a lobby throughout the session for the promotion of mine legislation, voted in favor of an increase in the number of mine inspectors and to make a fight against the proposal of Chief James Roderick, of the Bureau of Mines, against changing the method of selecting mine inspectors from popular election, as at present, to executive appointment.

The meetings were presided over by John T. Dempsey of Scranton, president of the mine workers and chairman of the joint meeting. The districts represented are Nos. 1, 2, 5, 7 and 9, and cover both the anthracite and bituminous mining districts. Richard Gilman, of District No. 2, is secretary.

Discuss Child Labor

Child labor and workmen's compensation discussions will be features of this afternoon's meeting. Chairman Dempsey said the child labor law as it relates to mining conditions meets with the approval of the union, but that the miners will support any reasonable measure having for its purpose the improvement of minor employment in other lines of industry.

Just before adjournment the body adopted unanimously a resolution presented by Mrs. Laura Gregg Cannon, endorsing the woman's suffrage resolution that will come up in the Legislature for the second time this Spring.

German Paper Says U. S. Is Assisting England

Berlin, Jan. 25, via London, Jan. 26, 4.10 a. m.—The Vossische Zeitung in an article under the head "destruction of Flaners by means of munitions" contrasts what it asserts is the indignation in America over the destruction wrought by the Germans in Belgium and the delivery of whole shipments of shells to England which are being used to destroy Zebrugge, Blankenbergh, Ostend, Lombaertside and other seashore resorts.

"When the Germans," says the Vossische Zeitung, "bombard a church used by the French as an observation point or a cover, then the full chorus of America's moral indignation is heard; but when England declared its aim to starve 65,000 persons and destroy the commerce by which a great part of these millions must live after the war America hastens, by selling weapons, to assist in the attainment of this praiseworthy object."

NEW YORK OFFICIAL PHOTOGRAPHER

Escapes Nervous Breakdown—Strength Gradually Ebbing Away. Made Well and Strong by Vinol.

New York City:—"I have found Vinol to be a godsend as a reconstructive tonic for a run-down constitution. I am an official photographer and for a long time I suffered from weakness and general debility, and soon realized that my strength was fast leaving me. I tried different tonics without benefit, but one day I saw Vinol advertised and decided to try it. Before I had taken two bottles I had gained in health and strength so I could do 100 per cent. more work than before.

"Vinol is the best tonic I ever took and I cannot say enough in its praise to do it justice."—WILLIAM KOHLHOFF, 4 Irving Place, New York.

It is the combined action of the curative elements of the cods' livers aided by the blood-making and strength-giving properties of the tonic iron contained in Vinol which makes it so successful in overcoming such conditions.

If you are weak, sickly, run-down, and overworked, try a bottle of Vinol, our delicious cod liver and iron tonic, without oil, with the understanding we will return your money if it does not help you.

KEEP URBIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid, which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called Rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are afflicted with rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.—Advertisement.

FOR DANDRUFF, FALLING HAIR OR

ITCHY SCALP--25 CENT DANDERINE

Girls! Girls! Save your hair! Make it grow luxuriant and beautiful

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, because it immediately dissolves every particle of dandruff; you can not have nice, heavy, healthy hair if you have dandruff. This dandruff starts from the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fashish, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If this dandruff starts from the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fashish, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.</
