32 APPLICANTS ASK COURT FOR LICENSE

Cumberland County Court Is Hearing Petitions and Remonstrances at Carlisle

Carlisle, Pa., Jan. 26.—Following one of the most strenuous campaigns against liquor ever waged in Cumberland county, the license court convened here yesterday with the court room jammed with spectators. Thirty-two applications for license in all parts of the county had been presented to the court. One of these was withdrawn when court convened. This was the application of J. Frank Creeger, for the Hotel Allen, Churchtown. The hotel had been owned by Congress A. R. Ruple, of this place. Mr. Ruple recently became attracted to the no-license cause and on Saturday sold the hotel to M. J. Brownawell, of Churchtown. Mr. Brownawell will occupy the hotel and use it as headquarters for his drayage business. Remonstrances were filed against fourteen of these applications and the hearings of these required the entire afternoon. The cases heard were Frederick Brechtman, hotel, Hogestown; Harry C. Gill, Holly Inn, Mount Holly Springs; S. D. Mowery, Big Spring Hotel, Newville; John E. Unser, Central Hotel, Newville, and the American National and Merchants Hotels and J. Herman Morrette,

London, Jan. 26.—Mrs. Charlotte Despard, sister of Field Marshal Sir John French and a suffragette who was in several battles with the police in antebellum days, introduced at the British War Office to-day a deputation of suffragettes who called to protest against the orders by which soldiers' wives, in receipt of separate allowances, are required to conform with a certain standard of propriety and sobriety under penalty of the loss of their allowances.

Sylvia Pankhurst, who was the principal speaker for the party, warmly protested against any official discrimination with respect to the standard of morality between men and women.

DISCUSS UNIFORM LAWS FOR BOROUGHS

Home Rule League Meeting Will Follow Sessions of Pennsylvania Boroughs

Codification of general laws relating to boroughs was discussed this afternoon at a meeting of the Association of the Pennsylvania Boroughs. Meetings will continue to-night and probably tomorrow in the Senate caucus room. The president of the State body is T. F. Christwate, of Hanover. The secretary is Raymond Staub, of New Oxford, and treasurer, Frank B. Wickersham, Steelton. Following the adoption of the code new officers will be elected.

A meeting of the Municipal Home Rule League of Pennsylvania was held late this afternoon. This league is planning to have the public service act of 1913 amended to remove municipalities from its jurisdiction.

In the opening address before the borough association William M. Hargest, Deputy Attorney General, urged a careful consideration of the proposed code before it is presented to the Legislature. He complimented the borough representatives on their early start for a codification of borough laws.

The proposed codification was explained by Frank M. Hunter, of the Legislative Reference Bureau, and was followed with addresses by the president, Mr. Christwate, Frank B. Wickersham and others.

16,000 Frick Employees Are Back on Full Time

Uniontown, Pa., Jan. 26.—Running orders issued by the H. C. Frick Coke Company to the plants in Fayette county and to go into effect this morning called for six days' operations, instead of three, four and five days, which have been in effect for the last month. No new men are being employed, but officials of the company said things are looking brighter and the six-day run for the coming week is the result of a gradual improvement in industrial conditions extending over the last month.

During the depression of the last ten months, the operating forces at the various plants have been cut down considerably, approximately 16,000 men being employed throughout the Frick Coke Company region. While work was scarce, the men with greater family responsibilities were given more time, but the average laborer was forced to be content with only a few days work a week.

SHIP BILL FIGHT CONTINUES

C., Jan. 26.—The administration ship purchase bill was again before the Senate to-day for consideration as the unfinished business with renewed activity on the part of the Democratic leaders for early disposition of the measure. 'PAPA'S DAUGHTERS' IS CLEVER OPERETTA

125 of City's Finest Youthfuls Make Big Hit; Leo McDonald Well Pleased

If you missed seeing "Papa's Daughters," the pretty operetta presented in the majestic last evening by the Players and Singers' Club, don't be discouraged; make the best of the slip-up in your date book by going to-night. One really shouldn't miss a show of that nature, and 800 enthusiastic folks who composed last evening's "first night" audience thought: anyway, some of them were so frankly pleased that on their way out of the theater they paused at the box office and bought tickets for to-night. All of which, of course, will help to swell the receipts for the benefit fund of the Ladies' Auxiliary of the Polyclinic hospital for which "Papa's Daughters" has been produced.

Harrisburg's best and prettiest in voice of masculine figure and feminine voice of face and voice to the number of 125, danced and sang and really acted in a way that elicited rounds of applause. Director Leo McDonald was well pleased with the results of his weeks of training and with good reason.

Much might be written of the theme of "Papa's Daughters," but space prohibits; go and take a look for yourself. Suffice it to say that the story is clever and well worked out and that the ragtime effect is given full sway during the evening by the rendition of popular Broadway song hits. Following is the cast:

William Eckenrode, Miss Erna Wilson, Miss Cathrine Helcher, Charles B. Cummings, Dr. E. S. Gehney, E. F. Pohl, Dana Griffin, "Cy" Heckert, John Kiernan, James Kiernan, William F. Paul, Miss Ruth Landis, Jean Witter, Edna Dowdell and E. Pierce Shope.

"Pay as You Go" Policy For State Roads Advocated

The adoption of a "pay as you go" policy for the improvement of the roads of the State is recommended by the committee on roads and road making of the State Board of Agriculture this afternoon. The report was made by P. C. Ostermarcher, of Allentown, the chairman.

The report said: "Whatever system, or kind of materials, for building improved highways are selected, the aggregate will for all time to come, be a severe drain upon the revenues of the State. We heartily endorse the recommendation of the special road committee for the purpose of devising ways and means to build and maintain the highways of the Commonwealth, as reported and adopted at the special meeting of the State Board of Agriculture, held at Harrisburg, Jan. 26, 1915. We call special attention to the third item, which recommends 'A pay as you go' policy, and as opposed to a bond issue, feeling that the former is the more equitable to the State, properly applied, are sufficient to carry on this work."

"We believe that the indiscriminate appropriation of the State's funds for all manner of educational and charitable institutions, not owned or controlled by the State, many of which could, by proper management, be self-sustaining by the municipalities in which they are located, both wrong in principle as well as of doubtful legality."

A VALUABLE SUGGESTION IMPORTANT TO EVERYONE

It is now conceded by physicians that the kidneys should have more attention, as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine, containing no minerals or opiates, has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y. and enclose 10 cents; also mention the Harrisburg Daily Telegraph.—Advertisement.
