

### A SHORT HISTORY OF MRS. MAGGIE DURBIN,

OF  
209 Victory St., Little Rock, Arkansas

**THE FACTS:**

March 16, 1902—"For five years I had a chronic disease of the bowels. It was called consumption of the bowels. PERUNA cured me."

Sept. 6, 1903—"I am still in good health and will take PERUNA whenever I need a medicine. I answer every letter that comes to me from people who have read my testimonial."

Oct. 21, 1905—"I took an awful bad cold since I wrote you last. One bottle of PERUNA cured me."

Letters were received from Mrs. Durbin in 1906, 1907, 1908, 1909, 1911.

**LATER LETTERS FROM MRS. DURBIN**

Oct. 23, 1912—"PERUNA does me more good than any other medicine I have ever taken. It is our household remedy. I thank you many times for benefits received."

Feb. 3, 1914 Mrs. Durbin is still an ardent friend of Peruna, praising it and recommending it to her neighbors.

All over the United States we have men and women who have been writing us occasionally for many years. PERUNA, by the assistance of our booklet, "The Ills of Life," is their main reliance in times of sickness.

ADDRESS ALL LETTERS FOR MEDICAL ADVICE TO:

**The Peruna Co., Columbus, Ohio.**

### STEWART TO HEAD MILITIA AGAIN

Adjutant General Appointed to Serve Under Sixth Governor and Immediately Wins

Adjutant General Thomas J. Stewart, Montgomery county, was last night appointed adjutant general for the sixth time. His name was sent to the Senate by Governor Brumbaugh and confirmed without any loss of time. He will be commissioned immediately.

General Stewart has been the head of the military establishment of the State since January 15, 1895, and today he enters upon his service under the sixth Governor. He is the State official longest in any one office almost in the history of the commonwealth and his reappointment is a tribute to his efficient service, which has attracted national attention.

General Stewart was born in Belfast, September 11, 1848, and was brought to Montgomery county by his parents when only nine months old. He was educated in Montgomery schools and the Quaker City Business College, in Philadelphia, and when only sixteen enlisted as a private in the One Hundred and Thirty-eighth Pennsylvania Volunteers. He entered the window glass business after the war and in 1885 was elected to the House of Representatives. Soon after he was named a member of the commission to locate the Soldiers' Home at Erie and has been a member of the board of trustees ever since, serving as secretary since 1886.

In Grand Army matters General Stewart has been very active. He is assistant adjutant general of the Department of Pennsylvania, 1882 to 1890, department commander in 1890, assistant adjutant general of the Grand Army of the Republic of the United States in 1883 and adjutant general in 1897, 1898 and 1899; elected commander-in-chief in 1902.

Since 1886 General Stewart has been a national guardsman. He was adjutant of the Sixth Regiment in 1877; assistant adjutant general, First Brigade, from 1889 to 1897, and became adjutant general January 15, 1895, by appointment of Governor Hastings and being reappointed by Governors Stone, Pennypacker, Stuart, Tener and Brumbaugh. He is president of the National Guard Association of the United States and a former president of the State Guard Association, serving also as a member of the militia board of the War Department. His name is frequently sought by army officials and he is considered as the man who has made the State Guard what it is today.

In addition to serving as Secretary of Internal Affairs from 1887 to 1899 he was a member of the Soldiers' Orphans' School Commission and has been foremost in military and veterans' affairs. He is a newspaper publisher at Norrisstown, where he has his home, and is famous throughout the State and country as an orator. In 1896 he toured the country for McKinley and has been one of the standbys of Republican committees for many years. No one is in more demand for speechmaking at affairs of all kinds.

General Stewart organized the militia for Spanish War service and formed the Guard regiments for home service during 1898 and 1899. He is a past master of administrative detail.

**SERIOUS RESULTS OF FALLS**

Lewistown, Pa., Jan. 25.—Icy side-walks have caused injuries to several persons here the past two days. Miss Sadie Eby fell and was rendered unconscious, receiving a laceration of the scalp and severe bruises to her hip and arm. Wild Wertz, a young man with but one leg, fell, badly injuring his member and receiving many bruises and possibly internal injuries.

General Stewart organized the militia for Spanish War service and formed the Guard regiments for home service during 1898 and 1899. He is a past master of administrative detail.

**Home Rule League Wants Law Amended**

The bill introduced by Senator Graff last night at the request of the Municipal Home Rule League of Pennsylvania, providing for the repeal of the public service company law, is the first step of that organization to have the public service statute so amended as to remove all boroughs and municipalities of the State from the operations of the public service law and the jurisdiction of the commission.

The Municipal League is preparing to wage a vigorous campaign for the amendment of the public service law to meet its views and to that end is petitioning the Legislature through the people of the various districts affected. These petitions are uniform in their wording and allege that "the law unjustly discriminates against all municipalities which had not at the time of its passage established their own municipal plans or works by depriving them of the right to purchase, build or operate such works wherever the public service company for profit was doing business when the act was passed."

### CONSTITUTION MAY BE REDRAFTED

**Mr. Roney Presents Bill Providing For an Election and a Convention Here**

A bill providing for a constitutional convention was introduced in the House last night by Mr. Roney, Philadelphia. The bill calls for four members to be elected from each senatorial district at the November election. The convention is to be held in Harrisburg the following January. Each delegate is to receive \$1,500. An appropriation of \$400,000 is made.

Mr. Garner, Schuylkill, introduced bills to repeal the act creating the Public Service Commission, repealing the mercantile license tax and increasing per diem of jurors from \$2.50 to \$2.50.

Other bills presented were:

Mr. Brodus, Jefferson—Providing for destruction of noxious weeds; a soldier's pension bill carrying a pension of \$7 per month and appropriating \$750,000.

Mr. Woodward, Allegheny—Authorizing third class cities owning water works to supply water beyond their limits.

Mr. Spangler, York—Fixing salaries and duties of county officers in counties having less than 150,000 population and providing fees to be paid to the Treasurer.

Mr. Garner, Schuylkill—Providing for a game commission of three to be appointed by judges for their respective counties; providing that miners must have five years actual digging of coal to qualify for mine foreman's certificate; providing for institutes in independent school districts.

Mr. Hagerty, Lackawanna—Creating a system of licenses to carry firearms.

Mr. Forster, Philadelphia—Fixing salary of chief of standards at \$3,000, assistant at \$2,000 and stenographer at \$1,200.

Mr. Millison, Armstrong—Amending election laws so that no candidate's name may appear on a ballot as a party candidate unless he is a member of said party.

Mr. Jones, Lackawanna—Appropriating \$150,000 to extinguish Carbon-dale mine fire.

**Benzoin Again**

Mr. Garner, Schuylkill—Amending pure food act to strike out prohibition of use of certain chemicals in candies and also to strike out provision limiting use of benzoin of soda to one-tenth of 1 per cent, and requiring articles containing it to be so labeled; providing that mine foremen shall be accompanied on inspection tours by one miner; providing for assistant hoisting engineers at anthracite mines.

Mr. Geiser, Northampton—Designating mountain laurel as state flower; permitting pay patients to take own surgeons to hospitals receiving State aid.

Mr. Cox, Philadelphia—Appropriating \$210,500 to the soldiers' orphan schools.

Mr. Dunn, Philadelphia—Providing for semi-monthly pay of county employees in Philadelphia.

Mr. Dell, Huntingdon—Providing that county commissioners shall supply county school superintendents with a clerk, typewriter and telephone.

Mr. Baldwin, Delaware—Permitting townships of the second class to incur indebtedness; extending to the first class townships building regulation powers now enjoyed by boroughs.

Mr. Maurer, Berks—Repealing hunters' license law; abolishing public service commission; inserting provision for the recall of officials in third class cities; 20 per cent. of voters to be required to call an election, and amending provision for the initiative and referendum in such cities by requiring 10 per cent. of voters to call an election.

Mr. McVicar, Allegheny—Enabling first class townships to secure water from adjoining municipalities.

Mr. Becker, Schuylkill—A child labor bill prohibiting any child under 14 years from working for pay and under 16 from employment in injurious occupations and under 18 in extra hazardous occupations.

Mr. Renting an Underwood Typewriter a sound investment, certain to increase your income. "The Machine You Will Eventually Buy." 25 N. Third St.—Advertisement.

### REFERENDUM FOR THIRD CLASS CITIES

**Clark Bill Supplements Clark Commission Act; 20 Per Cent. Must Sign Petition**

The bill introduced in the Senate last night by Senator Clark, of Erie, limiting the score of the initiative and referendum in the third class cities of Pennsylvania was presented at the instance of the third class city solicitors of the State and will have their backing.

The measure, which bears the name of the author of the Clark commission form of government law passed at the 1912 session and which it supplements, provides that at the written request of 100 qualified electors of any third class city the city clerk shall prepare a petition praying for the passage of such ordinance as may be presented. This petition is to remain in the office of the city clerk and if within ten days it is signed by 20 per cent. of the number of voters casting ballots for mayor at the last preceding municipal election council must do one of two things—either pass the ordinance without alteration or submit it to the people at an election to be held within ninety days of the presentation of the petition. In case 20 per cent. do not sign the petition it is to remain open for an additional ten days.

Not more than one special election is to be held in any six months and an ordinance so passed may not be vetoed except by special election within two years of its passage, but council may submit a proposal to repeal or amend at the next general election. Any number of ordinances may be submitted at one time. No ordinance granting a street franchise or consent to occupy highways may become effective until thirty days after its passage, and in case 20 per cent. of the voters petition against it a special election becomes necessary for its passage. The law will not apply to ordinances providing for tax levies, appropriations, exercise of right of eminent domain, public peace, health, morals, safety, police powers, the opening, grading and keeping of streets in order, or to any ordinance for increasing the public debt or for which special elections are now necessary.

### Third Judge For Dauphin County

**Why is a Dum-Dum?**

A bill to create a third judge for Dauphin County to relieve the present two judges of the pressure of work was presented in the House last night by John C. Nissley, Second Dauphin district. It is the first bill to come from Dauphin county.

The bill follows the phraseology of the bill presented last session and provides for appointment by the Governor under the state laws and election at the following municipal election.

If the bill becomes a law the Governor would appoint this year and an election would be held in November.

**WHY IS A DUM-DUM?**

Light on a charge much bandied about by both sides in the present war.

At the arsenal in Dum Dum, northern India, was invented a bullet which has since become notorious or famous, whichever you choose, under the name of the place of its birth. The device was simple and effective. Where the bullet narrowed to its point and did not bear on the rifling of the barrel it was cored of its steel coat and its soft lead core exposed. While such a projectile travels through the air it retains its shape, but on meeting the resistance of a solid body the lead point spreads and splits the jacket and the whole head has a diameter of about .60 inch and whose base has a diameter of .30 inch.

The sum total of the result of this device is to produce a missile whose striking surface is greater when passing through a living body than it is when passing through the air.
