'Man With the Punch' Will Address Commerce Chamber

Frank Jewel Raymond, industrial manager of the National Retail Dry Goods Association, who addresses the membership of the Chamber of Commerce at the Board of Trade Hall this evening, has a national reputation as a "man with the punch." Commercial organizations that have had Mr. Raymond address them have invariably insisted on several talks instead of one in order to satisfy the insistent

demands of the membership. From May of 1912 until January, 1914, only return engagements have been filled.

MISSION ORGANIZER WILL SPEAK HERE

> Has Already Organized 49 MELVIN E. TROTTER

M. E. Trotter Will Complete For-

mation of City Rescue Mission;

for the purpose of lifting from the dregs the "down-and-outers." A distinct feature of the new mission is that it is the only place in this city where sermons are preached every night.

Griffeth Jones, superintendent of the mission, has the doors open for anybody and meetings are held there nightly at 7.45 o'clock. All denominations and various religious organizations, men's and women's Bible classes. Christian Endeavor societies, Sunday school workers and others are urged to arrange to attend the meetings.

Among well-known men who endorse Mr. Trotter are Evangelists Sunday and Stough and Charles L. Houston.

\$200,000,000 WILL BE NEEDED TO BUILD NEW BATTLESHIPS

Washington, D. C., Jan. 28.—Naval experts figure that it will require an annual naval appropriation of \$200,000,000 instead of 'he present average of \$140,000,000 ir Congress decides to add to the present type of American naval vessels a suitable proportion of "battle cruisers" such as have played so prominent a part in the recent naval engagements in European and South American waters. This estimate is tased on the theory that there will be no interruption in the permanent plan of naval increase which contemplates an addition of two dreadnaughts each year.

BOMB DROPPERS TO BE TRIED

By Associated Press
Petrograd, via London, Jan. 28, 9.05
A. M.—The Novoe Vremya states that
in order to establish the legal status
of bomb dropping Russia will place
the Germans captured in the Zeppelin
which recently attacked Libau on trial.
They will be charged with dropping
bombs on an undefended town.

Hundreds of men and women are expected to attend the big mass meetings to be held in Chestnut Street Hall, Tuesday, February 2, to hear Melvin Trotter, the greatest mission worker of present times.

Mr. Trotter has organized a chain of forty-nine missions and will complete the actual organization of the City Rescue Mission at 3 North Fifth street.

The mission was organized recently.

ADDRESS ENGINEERS

Colonel Beach, in Charge of Susquehanna River Improvements

Works of the Corps of Engineers of the United States Army in peace and war will be discussed in an Illustrated lecture before the Engineers' Society to-morrow evening by Colonel Lansing H. Beach, of the United States Army. Colonel Beach is now making a study of the Susquehanna river for the War Department with a view to learning its navigation possibilities. As officer in charge of this work his lecture to-morrow night will be of particular interest to Pennsylvania engineers. He is chief of the engineering corps in charge of the Baltimore district and

Original and Genuine MALTED MILK The Food-drink for All Ages. More healthful than Tea or Coffee.

Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form. A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Cthers are imitations.

Among other things he will discuss the work of the engineering corps in connection with the great river and harbor improvements which the government has undertaken in various parts of the country. The activities of the engineering corps in war time will be another interesting feature of the lecture, which will be illustrated throughout with lantern slides. It is believed that officers from Pittsburgh and Philadelphia will attend the lecture. of the engineering corps in war time will be another interesting feature of the lecture, which will be illustrated throughout with lantern sildes.
