STEELTON MIDDLETOWN Entenspire

Orders For Spring Delivery; **England Buys Steel**

Continued improvement in business in conjunction with the steel trades is predicted by the Iron Age this morning.

In part the Iron Age review says:
"On the whole the reports from works give rather a better account of the steel trade than current sales. But it is to be noted that mills have been shutting down and resuming, and that only the resumptions get publicity.
"Some further rail orders have been given out—close to 75,000 tons in the West. The Chicago and Eastern Illinois bought 15,000 tons and the Union Pacific 10,000 tons. The Burlington has placed another supplemental order of 5,000 tons at Chicago. The St. Paul and the Rock Island are inquiring for about 25,000 tons. Eastern mills have taken 15,000 tons for the Boston and Maine; the Interborough is asking for 5,000 tons and the New York, Ontario and Western for 3,500 tons.

"In the export trade the chief item

asking for 5,000 tons and the New York, Ontario and Western for 3,500 tons.

"In the export trade the chief item is the booking of 10,000 tons of rails for the Chilean State Railways. In spite of high freights some business in semifinished steel for England has been taken here, including 8,000 tons of bullets which the Tennessee Company will roll. In wire and shrapnel bars the export demand seems to have subsided. The French reconstruction of bridges, investigation by American structural mills shows, will largely await the ending of the war. Steel for smaller repairs has been placed in England.

"In structural work a somewhat better prospect is indicated. About 27,000 tons is represented in live projects in the East, including 15,000 tons." (Cite Elects—Officers ware elected.

in England.
"In structural work a somewhat better prospect is indicated. About 37,000 tons is represented in live projects in the East, including 15,000 tons for the Pennsylvania Railroad and 13,000 tons for third tracking of elevated railroads in Brooklyn. For track elevation at Indianapolis 20,000 tons will be required and bids are being made on 9,500 tons for a bridge in Vancouver."

TO GIVE MISSIONARY TALK Mrs. J. H. Straw, a returned n

Mrs. J. H. Straw, a returned missionary from Africa will lecture before the Senior Christian Endeavor Society of St. John's Lutheran Church to-morrow evening on "Foreign Mission Opportunities in Africa." A musical program will be presented afterward.

Why Meat Is Soaring

Why Meat Is Soaring
The report on livestock by W. C. Black, of Mercer, showed high meat prices to be results of the cutting up of stock-raising farms, the increase of dairying, the slaughter of young calves and incompetent labor and ways of city people in using the telephone to order delivery by the butcher. The chief remedy, he said, must be a replenishment of the native herds, with better attention to feed and breed.

Finley and Mrs. M. M. Stees.

Celebrate Anniversary.—C. E. Lawrence entertained members of the Perseverance Eible class of the Mt. Zion Sunday school at his home in the East End last evening in honor of the fifth anniversary of the class. Thirty guests were present. A musical program was given, in which the following participated: John Stedman, Allen Walker, Miss Florence Finger, Ellis Lawrence, Robert Millard and Robert Krueger.

Evangelist C. E. Hillis and party, who have just completed a three weeks evangelistic campaign in Highspire, will have charge of the revival meeting in Centenary United Brethren Church this evening. Professor Reden will direct the music and Mrs. Reden will direct the music and Mrs. Reden will accompany on the pipe organ. Mrs. Hillis, who took an active part in the Highspire campaign, will speak. Evangelistic services have been in progress in Centenary church for two weeks and have resulted in fifty-nine conversions. The Rev. A. K. Wier, the pastor, is in charge.

Fifty-two Conversions Made During Hillis Campaign

Two quarters of beef and a hog were cut up by Professor W. H. Tomhave, of the State Colege Department of Animal Husbands and the meat-cutting demonstration last like the before the joint session of all the toteless. The carcasses were provided by the session of all the continuous of the Breisford Packing Compony. Professor Tomhave, dressed in a butcher's apron and wielding a saw and long knife, showed the best ways of cutting up the shin bone, prime and chuck ribs, the plate, the flank, loin, rump, shoulder, neck and shank of the beef, also the ham, bacon, loin and shoulder of the hog.

Two beeves were provided to show the difference in quality of meat between a well-fed and a lean animal. Tender meat, it was shown, must have a good sprinkling of fat. Professor Tomhave proved to the farmers the importance of preparing stock well before sending to market.

He declared that no meat is tender and fit for food directly after butchering, no matter how fine an animal it comes from, because a certain chemical change, must take place in the fat cells.

Bowman & Co. Employes Form Savings Association

The employes of Bowman and Company met at the store last evening to organize an employes' savings association similar to those which have been conducted for several years by employes of many Harrisburg firms.

J. M. Lloyd was elected president of the association; Miss Musgrove, vice-president; Mr. Zigner, secretary, and Mr. Mumma, treasurer. After the election, presentation of prizes, offered by the store to employes for creditable work during December, was made. Following the distribution of prizes refreshments were served, after which the employes spent the evening in dancing.

CATTLE ENTRIES

State Livestock Sanitary Board Issues Orders Against Shipments From Illinois

The State Livestock Sanitary
Board to-day issued a formal order prohibiting entrance into Pennsylvania of any cattle, sheep or other ruminants from sections in the State of Illinois now under federal quarantine. The board has arranged for modification of quarantine in a number of rural districts in Pennsylvania where the disease existed but where danger of spread of the disease has passed.

Cambria Smallpox.—The State Department of Health has taken charge of some cases of smallpox in Barnesboro. The Bedford county situation is quiet.

Russ Bros. Co. Chartered.— Russ Bros. Co. Chartered. — Russ Bros. Ice Cream Co., of this city, was chartered to-day with \$75,000 capital by W. M. Russ, Lewis and John Russ, all of Harrisburg.

post office as parcel post, live weight, and it was finally domiciled in an orange box in the Capitol until Monday night, when it will be presented to the Speaker. The pig was fed large amounts of milk.

C. R. McConkey Dead.—Charles R. McConkey, formerly of Delta, and a clerk in the State Treasury several years ago, died yesterday at New York. He will be buried to-morrow at Delta.

Gas Company Chartered.—The Tower City Gas Company, with offices here and right to operate in Tower City borough and Porter township, Schuylkill county, was chartered te-day with \$5,000 capital by G. C. Gochanauer and J. M. Rudy, Harrisburg, and N. B. Reeser, Newville.

State Gets Money.—The State Treas-

State Gets Money.—The State Treasury to-day received a check for its deposit of \$45,000 in the First National Bank of Uniontown, with interest.

Commission to Meet .- The State Dependents Commission will meet in Philadelphia to-morrow and Saturday to formulate its report.
