How To Be Strong and Fat. The trouble with most thin people who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy tools; rubbing on useless in all steams. Out of stuffi-while the real cause of thinness goes who check and all steams of the stuff-while the real cause of thinness goes untouched. You cannot gut fat unfit your digestive tract assimilates the tood you eat. Thanks to a remarkable new scien-entifie discovery, it is now possible to combine into simple form the very cle-ments needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern science is called Tonoline and has been termed the greatest of flesh-builders. Tonoline aims through its re-generative, reconstructive powers to coak the stomach and intestines to lit-erally soak up the fattening elements of your food and pass them into the stoded and pass them into the stolod, where they are carried to every cell and tissue of your body. You can freadily pleture the result when this stanzing transformation has taken place and you notice how your neck, shoulders and bust disappear and you take on from 10 to 30 pounds of solid, heatthy fiesh. Tonoline is absolutely bus divers filed by American Pro-meters of a moder and you
